JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 15th March 1892.

READ:—

(Letter No. 1037, dated 7th March 1892, from the Deputy Commissioner, Mysore District, to the Chief Secretary to the Dewan of Mysore).

I have the honor to report that warrants under Act XIII of 1859 for the arrest of persons residing within the limits of the Yelandur Jahgir Taluk are received for execution in this office from the adjoining Madras Criminal Courts and they are in the usual course endorsed over to the Taluk Magistrate of Yelandur for execution. Under the orders of Government, a fee of Rs. 3 is levied on every warrant received for execution and the Amildar when asked to remit the money so collected for credit in this District, he says that he has made a reference to the Jahgirdar and that he is expecting his reply, and that in the meanwhile the fee is credited in the Jahgir Treasury. The reference is pending for several months and no answer has been received from the Jahgirdar or the Amildar.

2 Persons arrested under the warrants have to be sent to Gudalur, Vytheri, Mannantoddy, Neilgherics and other adjacent Madras Courts and the cost of their feeding up to the frontier devolves upon the Mysore Government, while the process batta is credited in the Yelandur Jahgir Treasury The point for determination is whether the Jahgirdar is entitled to the fees levied under such warrants, and if so, who should bear the cost of transport and feeding of the prisoners up to the frontier of the State.

3 Early orders are requested

No. 14570-2—445, DATED BANGALORE, 15TH MARCH 1892.

ORDER THEREON.—The Jahgir Magistrate is on the same footing as other subordinate Magistrates. He should execute the warrant and deliver the accused and submit bills for the maintenance of the accused. The bills should be passed and paid by the District authorities, and the process fees credited to Government per contra.

2. Government have noticed with regret, that the Yelandur Amildar Sub-Magistrate does not quite realize his position as the direct subordinate of the Deputy Commissioner and District Magistrate. In fiscal matters, he should no doubt be guided by the instructions of the Jahgirdar, but whatever those instructions may be, his first duty always is to carry out the Deputy Commissioner District Magistrate's orders, as any other Amildar Sub-Magistrate in the Mysore District. It is hoped that there would be no further occasion to point this out to the Yelandur Amildar, and the Jahgirdar, to whom a copy of this order will be communicated, is requested on his part also to warn the Amildar accordingly.

The following letters to the Chief Secretary to the Dewan regarding the Toddy contracts for 1892-93 under the new scheme.

1. From the Excise Commissioner in Mysore, No. 1523—134, dated 23rd February 1892, forwarding reports from the Deputy Commissioners of Bangalore and Kadur Districts.

2. From the same Officer No. 1580—137, dated 29th February 1892 forwarding report from he Deputy Commissioner of the Kolar District.

3. From the Excise Assistant Commissioner, Toddy Department, No. 705, dated 10th March 892, forwarding abstracts for all Districts (except Mysore) where settlements have been made nder the new scheme, and asking for early orders in anticipation of detailed reports to be received through the Deputy Commissioners of Districts.

No. 14237-46—CIR. 211, DATED 14TH MARCH 1892.

ORDER THEREON.—The subjoined statement exhibits in one view the amounts f the existing Toddy contracts for the several Districts other than Mysore, and he amounts secured by sales of farms in those Districts effected by the Excise Assistant Commissioner Mr. McDonnell and the Special Revenue Officer Mr. B. Gopalaiengar under the orders contained in Government Proceedings No. (Camp) 23—33, dated 24th September 1891, and subsequent further orders on the same ubject.

NOS. A, B, C AND D, DATED 13TH MARCH 1892.

To

The Deputy Commissioners of Shimoga, Chitaldroog, Tumkur and Hassan Districts.

SIR,

Under the terms of the Notification, dated 22nd February 1892, No. 453, the vend renters of your District have to establish and maintain specified Wholesale Depôts to which they are in the first instance, bound to convey the liquor purchased by them from the Bonded Warehouse proposed to be established. This arrangement will subject the vend renters to the following charges:—

1. Purchase and maintenance of a certain number of good serviceable casks.
2. Carriage of empty casks from the Depôts to the Bonded Warehouses and of casks filled with liquor from the Bonded Warehouses to the Depôts.
3. Wastage of liquor while in transit.
4. Establishment at Wholesale Depôts.

The charges under items 1 to 3, it is apprehended, will prove heavy; especially so to the renters whose tracts are situated at remote corners of the District not easily accessible.

2. The Dewan, in consideration of these circumstances, has arranged not to establish the Bonded-Warehouse as proposed in the Notification, but to have, in lieu thereof, an agency to carry the liquor to the various Depôts in quantities sufficient to meet the demand of the tract or tracts dependent on them (Depôts), thereby saving the renters the cost under the first three items, trouble and loss of time. The transit of liquor from the Central Distillery to the Depôts is entrusted to the Government Contractor Mr. Chikka Papanna, who is in possession of the necessary plant to do the work thoroughly and satisfactorily. The Depôts maintained by the renters will be entirely under the orders of this Government Contractor who is responsible to Government for correct delivery, but the usual establishment required for such Depôts should be maintained and paid for by the renters themselves. They should also pay house-rent for the Depôts. The establishment at the Depôts must keep such accounts as may be prescribed by the Government or the Contractor, and must regard themselves as the Contractor's servants.

3. This revised arrangement, namely, the abandonment of the proposed Bonded Warehouse and the adherence to existing Wholesale Depôts, should be duly explained by you at the time of the auction. You may, in the rare cases in which an existing Depôt has to supply several vend tracts belonging to different renters, apportion the cost of maintaining such Depôt among them in the proportion of the number of gallons they respectively draw from the Depôt. Another plan to be resorted to only when absolutely necessary, will be to club together more than one tract so as to make a Depôt or Depôts supply the whole of such tracts.

4. Mr. Chikka Papanna will, in special cases sanctioned by the Deputy Commissioner at the instance of the renter, carry the liquor to any new Depôts that may be opened in the tract or to any altered locality of the existing Depôts, provided the expense to him is not likely to be greater than supplying present Depôts.

5. I am to request you to study the question at once most carefully, and give your personal attention to the conduct of the sales under the revised scheme now sanctioned. The "Vend Farms" are worth a good deal more to the renter under this arrangement, than under the already published arrangement which contemplated his taking his supply from a distant Bonded-Warehouse. In order to ensure full information of this change to intending bidders, its purport should at once be locally published and then fully explained at auction.

I have the honor to be,
Sir,
Your most obedient Servant,

Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 17th March 1892.

READ THE FOLLOWING:—

From the 1st Assistant to the Resident in Mysore, To the Dewan of Mysore,
No. 189—461-8, dated Bangalore, 21st January 1892.

In continuation of my letter No. 1372—461-8, dated 5th May 1891, I am directed to communicate the following remarks and instructions of the Government of India in regard to the return of minerals and gems produced in India.

2. After consulting several local Governments and Administrations, the Government of India have decided that the return of mineral statistics shall, in future, consist of two parts, *viz* :—

I. A statement of actual statistics for those minerals which are worked in such a way that figures can be readily obtained from regular accounts kept by Government or private companies.

II. A statement giving general information about other minerals.

3. The forms in which these returns are to be rendered are appended. I am to request that Statement No. I may be adopted with effect from the year 1892. It should be prepared for the calendar year, and should be submitted annually on the 1st April following.

4. A draft of Statement No. II is forwarded for criticism and remarks. It should be returned with such amplifications and amendments relating to the State of Mysore as may suggest themselves. Any information or statistics available regarding quantity or value of production, number of mines, &c., should be inserted.

5. Both statements will be published annually, with such modifications as may be called for by the occurance of material changes in the mineral production of any Province. Such changes should be reported without fail from year to year, but it is not apprehended that any important alteration will ordinarily be required in Statement II. Information of a general character relating to the four minerals scheduled in Statement I, which cannot suitably be brought into the statistical columns, may be inserted in the column of remarks.

Gold.	Gem Stones.						
	Amber.	Beryl.	Diamond.	Garnet.	Jade and Jadeite.	Quartz.	Ruby, Sapphire, and Spinel.
The localities in which gold is to be found in India are the following :— (1) *Madras.*—Travancore, Madura, Salem, Malabar, Wynaad, and Bellary. (2) *Mysore.* (3) *Hyderabad.* (4) *Bengal.*—Orissa, Midnapur, Bankura, and Champarun districts, Chutia Nagpur, Manbhoom, Singbhoom, Udiapur, and Darjeeling. (5) *Central Provinces.*—Chhattisgarh, Nagpur, Jubbulpore division, and Upper Godavari district. (6) *Central India.*—Ajmere-Marwara district. (7) *Bombay.*—Dharwar, Belgaum, and Kaladgi districts, and Kattiawar. (8) *Punjab.*—Bannu, Peshawar, Hazara, Rawal Pindi, Jhelum, Kangra, Umballa, and Gurgaon districts. (9) *North-Western Provinces.*—Garhwal and Moradabad districts. Record also exists of gold in Assam and Burma.	The only locality in India where amber is known, with certainty, to occur is the Hukunk valley, in Upper Burma, where it is found, in some quantity, associated with lignite.	Chief localities in the Coimbatore district and the Punjab Himalaya also scattered over Rajputana. No industry at present	Diamonds are known to occur over four areas.— (1) The Kistna valley side of the Deccan. (2) The Madras Presidency, in the districts of Anantapur, Cuddapah, Kurnool, and near Ellore. (3) Chutia Nagpur and the Central Provinces. (4) Bundelkhand. Diamonds are obtained to a small amount by working or mining in these areas, but the industry has declined and is unimportant, contractors often losing heavily and the labourers earning a precarious living From (1), the outturn for the two years 1888 and 1889 is recorded as 93 carats valued at Rs. 108. Later operations have, however, increased this considerably. No statistics are obtainable from (2), but a remunerative supply is supposed to be yielded by	Common in various parts of India. A few carbuncles are produced at Condapili in the Madras Presidency. Industry in Rajputana, Sarwar mines, Karkoria quarries; revenue of former, some 25 years ago, Rs. 50,000 per annum.	A stone, known in commerce as jade, is extensively worked in the Mogoung district of Upper Burma. Exports from Burma (1888-89) were 4,898 cwt.; value Rs 6,54,040.	Includes rock-crystal, amethyst, carnelian, jasper, onyx, &c. Small industry at Trichinopoly in rock-crystal of different colours, Vellum stone. The most important industry in quartz stones, such as Carnelian, &c., is developed in the Bombay Presidency; as at Cambay, the stones being brought from Rajkot and Rajpipla. Broach is also another centre for this industry. Smaller centres of lapidary work are Jubbulpore and Banda Agates, onyxes, &c., are found in the beds of the Narbada, Bhima, Godavari, and Kristna rivers	The ruby mines of Upper Burma are scatterred over an area of some 35 or 30 square miles; Mogouk is the mining centre, while others are at Kyatpyen and Kathe. Similar gems are also found at Sagyin, 16 miles north of Mandalay. The gems are rubies, spinels, and some sapphires. Revenue, under the old native Government, reported at from £ 12,500 to £ 15,000 a year. In India itself, traces of rubies are reported from the Salem district

QUARRY STONES.

Clays.

Brick, fire, and pottery clays are pretty generally distributed. The most valuable pottery clays occur in Jubbulpore. Clay of a very fine character occurs in Mandalay, in South Kanara, where a large brick and tile factory is carried on by the Basel Mission, and Ranigunj, in Bengal, where a European firm has a pottery.

Estimated production in 1890.—

	Tons.
British Provinces	1,994,679
Native States	194,822

Granite.

General terms for massive crystalline rocks like granite, gneiss, &c.

Granite occurs chiefly in Western Bengal, in the Madras Presidency, and in the Central Himalaya, but under its general definition it may be set down as of universal occurrence. Granite appears to be used exclusively for local purposes. It is less used than formerly when it was favourite stone for monolithic structures.

The estimated production in 1890 was :—

	Tons.
British Provinces	1,027,2[illegible]
Native States	174,951

Laterite.

Laterite occupies an important position in the superficial geology of India. The distribution of laterite is widespread throughout the Peninsula. It has been largely used in the canal works in Orissa, as well as for metalling roads and building purposes in the neighbourhood of its formation.

Estimated production in 1890 :—

	Tons.
Madras	472,383
Bombay	292,018
Bengal	109 964
Punjab	627
Central Provinces	39,080
Burma	33,446
Coorg	721
Berar	600
Mysore	279.176
Rajputana States	47,722

Limestone.

Marble kunkur, dolomite, serpentine, &c., can hardly be said to be absent from any of the formations in India, though in some they are either rare or so impure as not to deserve the title.

The stones named above occur in the Trichinopoly, Coimbatore, Cuddapah, Kurnool, and Guntur districts of the Madras Presidency. In Bengal they are found in the Manbhoom, Singhbhoom, and Lohardugga districts. In the Central Provinces, the Sambalpur, Raipur, Jubbulpore, Nagpur, and Wardha districts are the chief places of produce. These stones also occur in the Vindhyan range; in parts of Central India and Rajputana; in the Mirzapore, Kumaon and Garhwal districts of North-Western Provinces; in parts of the Bombay Presidency and Sind; and in Assam and Burma.

Marble is used for subsidiary building purposes; kunkur for metalling very largely

The estimated production of limestones in 1890 was—

	Tons
British Provinces	2,46[illegible],998
Native States	315,492

Slate.

Slate occurs in Cuddapah and Kurnool in the Madras Presidency; Kurruckpur Hills near Monghyr in Bengal; Simla District and Naini Tal neighbourhood and Kangra

It is used for roofing and flagging, but not extensively, as it cannot be easily split into thin slabs

Production in 1890 -

	Tons.
British Provinces	44 872
Native States	12 873

Sandstone.

Includes quartzites. Several of the recognised formations in India, *viz*, the Vindhyan and Gondwana, Cretaceous and Tertiary afford sandstones admirably suited for building, and some of them have from very early times been largely drawn upon for the supply of materials for this purpose. The Vindhyan formation stands pre-eminent, and its stones are used in the construction of the unbricked forts, palaces and sacred edifices of Delhi, Agra, and Northern India

The estimated production in 1890 was—

	Tons.
Madras ...	88,037
Bombay	78,923
Bengal	112,833
North-Western Provinces and Oudh	167,103
Punjab	79,235
Central Provinces	31,639
Burma	11,073
Ajmere	543
Mysore	35,550
Rajputana States	348,953
Baroda	2,250

Trap

Includes basalt and other massive compact crystalline black or dark coloured rocks Occurs chiefly in the Bombay and Madras Presidencies, the Central Provinces and Westran Bengal.

It is used largely for metalling and building purposes.

The production in 1890 was—

	Tons.
British Provinces	1,388,414
Native States	1,073

OFFICIAL MEMORANDUM.

No. 14711-8—Cir. 220, DATED 17TH MARCH 1892.

ORDER THEREON.—In forwarding for information and guidance copies of the foregoing letter and of its enclosures, the Deputy Commissioners are requested to adopt these forms with effect from the current calendar year 1892. Statement No. I should exhibit particulars of minerals for which accurate statistics are available, and Statement No. II should contain general information for which reliable figures are not available. The values should be based upon the average prices at the places of production as heretofore, the quantities produced being given in *Cwts.* for all minerals and quarry stones, in carats for gem stones, and in ounces for gold. These returns should be submitted so as to reach this office on or before 1st February every year, as already directed in this Office Proceedings No. 7133-40—Cir. 127, dated 15th September last.

2. A sample form of Statement No. II duly filled in is herewith forwarded and it is requested that a similar return may be prepared and submitted for each District, all information available as to the quantity or value of production, number of mines, &c., being inserted therein.

READ:—

Letter No. 935—113-92 of the 22nd March 1892, from the First Assistant to the Resident in Mysore to the Dewan of Mysore.

I am directed to forward for the information of the Darbar a copy of a Circular No. 3—45, dated 20th February 1892, letter of the Government of India in the Revenue and Agricultural Department, asking for a return showing the approximate yield per acre of the principal crops of each district in British India.

2. The Resident has no doubt that the Darbar may be in a position to supply similar statistics for Mysore, and I am to enquire if they can be furnished by the 15th June 1892.

CIRCULAR No. $\frac{3}{45}$

FROM

SIR E. C. BUCK, KT.,
Secretary to the Government of India,

To

Revenue and Agricultural Dept.
Statistics.

Calcutta, the 20th February 1892.

SIR,

I AM desired to state, for information , that Her Majesty's Secretary of State has called upon the Government of India for an abstract table showing for representative districts in each province the average yield per acre of each of the principal crops. His Lordship also wishes that the table for each province should be accompanied by a short memorandum describing the experiments and other data on which averages may have been computed, and that the averages should be revised every five years by the light of any crop experiments or investigations that may have been completed since the last publication of the average yields.

2. The difficulty of securing statistics regarding the outturn of crops in a form sufficiently accurate for publication was brought to notice in 1883 by the Agricultural Conference, which recorded the following Resolutions on the subject:—

"The information can in most provinces be given, but at present it is very unreliable and would only mislead if sent to the Secretary of State for publication.

"The only safe method of ascertaining the produce of any year is by means of standards of outturn to be drawn up for each tract in each province. No satisfactory results can be expected from any system under which actual outturns are annually returned by village revenue officers in definite quantities per acre. In every standard of the nature above referred to, the average good crop should be taken as three-forths of a bumper crop.

"The statement showing rates of rent and produce which appears in the General Administration Reports of several Governments is in the Conference's opinion of little or no value, and might be discontinued until more accurate methods of estimating the yield be devised, and more appropriate forms for exhibiting it be prepared."

The above remarks were communicated to Local Governments in paragraph 9 of Government of India Circular No. 42 (Statistics) of the 31st March 1884, and Local Governments have since discontinued the submission of the statements showing rates of rent and produce. In forwarding a copy of the Circular and

of the Conference Proceedings to the Secretary of State, the Government of India remarked that—

"The best method of arriving at approximate estimates of production was much discussed by the Conference, and will engage the attention of Agricultural Departments, and we hope that before long steps will be taken in most provinces to secure reasonably trustworthy information on this subject."

3. Eight years have since elapsed during which the Agricultural Departments have been more or less thoroughly organized, and it is reasonable to suppose that Local Governments and Administrations are now in a fair position to obtain through their agency reliable information of the desired character, for which, in most parts of India, fairly good materials are believed to be available.

4. I am now to ask that will prepare rules without delay with the object of carrying the instructions of His Lordship into effect so far as may be compatible with the conditions prevalent in the province, and I am to intimate that opportunity will be taken at the next Agricultural Conference, which is likely to be held for consideration of the final report of Dr. Voelcker (expected to arrive shortly), to decide upon the best method of collecting and reporting information of this description.

5. In order to give sufficient time for the establishment of a regular system of ascertaining and returning average outturns, the submission of the first of the quinquennial series of tables will be postponed till 1893, or if necessary to a later period. But it is desirable that the Secretary of State's requisition should be complied with without delay as far as existing means will allow. I am accordingly to request that the Agricultural Department may be instructed to prepare and submit not later than the 1st of July next a statement in the accompanying form. The time allowed does not permit of special enquiries or investigations for its preparation, nor are they called for on the present occasion, as the statement will avowedly be provisional and subject to verification and revision hereafter. Estimates of outturn have been framed from time to time in all provinces, while in some they are already systematically ascertained. The results have been recorded in various statistical publications, such as agricultural and settlement reports, crop forecasts, gazetteers, replies to enquiries of the Famine Commission, etc, etc. The statement now asked for should be compiled from the information thus available, and should no information be forthcoming for any particular crop or district, the entry for such crop or district may, for the present, be left blank. Further instructions for the preparation of the statement are given in foot-notes to the form.

6. Although the question whether the form now prescribed should in future years be modified will be considered by the Agricultural Conference, the Government of India will, in the meantime, be glad to receive any suggestions for its improvement as well as a list of the crops for which it is proposed that returns should be quinquennially prepared.

Crops should be classed and entered in the order adopted in Table A 2 of the Annual Agricultural Tables, but the return need not be restricted to the crops shown in that table, it should be as complete as existing data will allow for the principal crops of each district.

B. The yield shown should be the average yield of an ordinary year and may be given separately for I the best land, III the worst land, and II soil which is intermediate between I and III, or only the district average may be shown, but the district average should be given whether or not any sub-division is adopted.

C. The yield of crops when sown mixed should, if returned at all, be returned in a separate table

D. The outturn of cotton should be given in clean cotton.

E. A memorandum stating the source from which the statistics for each district have been obtained should accompany the return.

F. In the case of crops not ordinarily irrigated, the column for irrigated land may be left blank.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 30th March 1892.

No. F., dated 30th March 1892.

Order.—The Government resolve to issue the following rules framed under the provisions of the Excise Act XXII of 1881 for the manufacture and sale of country spirits:—

NOTIFICATION.

The 30th March 1892.

No. 495.—Whereas inconvenience is experienced, as the rules framed by the Government of His Highness the Maharaja under the Excise Act XXII of 1881, are scattered among detached Notifications, and whereas it is expedient to consolidate them and publish them in a connected form, the following Rules framed by the Government of His Highness the Maharaja under the provisions of the Excise Act XXII of 1881, are hereby published for general information and guidance in lieu of all existing rules relating to the subjects herein dealt with:—

Preliminary.

These Rules are divided into three parts, namely—

Part I.—The manufacture of country spirits, and management and supervision of the Distillery, Bonded Warehouses and Bonded Depôts;

Part II.—The sale and transport of country spirits, grant of "Vend farms" and "separate shops" and issue of Licenses and passes; and

Part III.—Miscellaneous.

PART I.

The Manufacture of Country Spirits, and Management and Supervision of the Distillery, Bonded Warehouses and Bonded Depôts.

I. The exclusive privilege of the manufacture of country spirits (or arrack) shall be disposed of from time to time in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer hereafter), shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions:—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors", or of beer.

2. The Manufacturer shall manufacture the country spirits (or arrack) within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery building near Bangalore and the arrangements existing in connection with the water-supply, the Manufacturer shall pay such rent as may be fixed by Government.

3. The rate of price at which the Manufacturer is to supply country spirits to the Government, shall be fixed for 20° under-proof, and this rate shall be the price at which the same shall be sold by him to separate shop-keepers and to renters of vend farms in defined tracts. For liquor of greater or less strength than 20° under-proof which may be specially manufactured and issued under Rules sanctioned by the Government, the price shall be calculated proportionately (upon the price for 20° under-proof, in accordance with Casella's rules).

4. The Manufacturer shall keep ordinarily the supply for a month's consumption, and never less than a minimum fixed by Government, in store at the Distillery. This minimum is fixed at 17,500 gallons until further orders.

5. The Manufacturer will be allowed to purchase liquor from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil country spirits therein with the permission of the Government, he will be bound to keep in stock such quantities of liquor at such Factory as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish outstills.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack or liquor, subject to such conditions as to the mode of manufacture, payment of duty, the agency of sale, and other matters as the Government may prescribe on the application of the Manufacturer.

8. The Manufacturer shall, upon receipt by him of price at the rates fixed by his contract, sell the liquor at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st. for the supply of such Bonded Warehouse, if any, as Government may decide to establish and maintain; and for issue to the Bonded Depôts in charge of any Government Contractor appointed by Government to distribute the liquor to such vend farms in defined tracts or such separate shops in specified localities as may be fixed by Government;

2nd. to separate shop keepers (Retail vendors) licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the separate shop system may be extended;

3rd. to renters of vend farms to whom the Government may sell the right to vend liquor in defined tracts.

III. The following rules shall regulate the relations of an incoming Manufacturer to an outgoing Manufacturer:—

1. The old Manufacturer shall give, and the new Manufacturer shall take over, any arrack which may remain as stock in hand on the last day of an expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner. Such stock shall not ordinarily be in excess of that manufactured monthly on an average for the past 36 months.

2. Should the new Manufacturer so require, the old Manufacturer shall cease preparing "wash" during the last month of an expiring contract, and vacate the buildings to admit of the new Manufacturer commencing operations. Notice to this effect should be given in writing to the old Manufacturer at least one week previously. Should no such notice be given, the old Manufacturer will continue distilling only till the end of his contract, and must, by that date, utilize all the wash on hand, and cease distilling thereafter.

3. If any apparatus, stock and block belonging to the old Manufacturer be required by the new Manufacturer, he shall give notice to the old Manufacturer of his intention to purchase them at a fair valuation, at least a month before the expiry of the old Manufacturer's contract; and in case of dispute, the Excise Commissioner will decide what such fair valuation shall be. But if no such notice be given, the old Manufacturer shall be at liberty to remove the same, leaving the new Manufacturer to make his own arrangements in the matter. Improvements of a permanent nature shall be retained and not be disturbed, except with the approval of the Executive Engineer.

IV. The following rules shall regulate the management and supervision of the Distillery and the manufacture and storage of country spirits in it:—

1. The Distillery shall be opened at sun-rise and be closed at sun-set, except on Sundays and authorized holidays, when it will be closed. Under the special order of the Excise Commissioner, and on such conditions as he may prescribe, the Distillery may be worked during nights and on holidays to bring up stock or to meet urgent demand.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or any other official appointed for the purpose. All locks of the Distillery shall be sealed after work is closed each day, and the keys delivered under seal to the officer in charge of the Distillery for safe custody. No arrack shall be taken out of the Distillery until it has been measured and tested by an official of Government appointed for that purpose. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the cost in the year does not exceed 50 rupees.

3. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the Senior Officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack after it has been made. Standard Saccharometors by Long and Dring and Fage for determining the gravity of the "wash" in its several stages till distilled, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise officers. All "wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the Officer in charge.

4. The liquor manufactured shall not be adulterated or diluted. But distilled water may be used at the Distillery under the supervision of the Senior Officer in charge of the Distillery, for the purpose of reducing the strength of the liquor.

5. The measure to be used at the Distillery shall be the Standard Imperial gallon; and $\frac{1}{51}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

6. Cartier hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

7. All liquor up to 16° Cartier shall be passed into stores as good liquor.

8. All liquor at 15° Cartier and below shall be designated (Chuppe) faints. No "Chuppe" or hot or warm liquor or any liquor which is discolored or tainted with venom or verdigris shall be passed into stores.

9. No liquor below 15·5° Cartier shall be allowed to be mixed either at the still or brought into stores to be mixed with good liquor.

10. Liquor in any way discolored or with a burnt or bad smell shall be re-distilled, and not admitted into the stores.

11. When "weak faints" are re-distilled, either four pounds of common salt or a couple of baskets full of charcoal per still, shall be used.

12. In stills which have not been worked for more than three days, water shall be distilled prior to using them for distillation of liquor.

13. All still-heads, pipes and worms used for the distillation or reception of liquor shall be of cast tin; but if copper heads, pipes and worms are used, they shall be properly and efficiently lined with tin at prescribed intervals.

14. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in and issued from the Distillery, and of all the materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accounts, whenever required to do so, for inspection by the Excise Commissioner, or any other official appointed for the purpose.

V. The following rules regarding the issue of liquor from the Distillery shall be observed:—

1. Liquor shall ordinarily be issued at a strength 20° under-proof (excepting in special cases hereinafter mentioned). Should a shop keeper or vend renter desire to have liquor at a higher strength than the above, the liquor so issued shall not be of a greater strength than 10° under-proof. Liquor of strength at 10° under-proof shall be issued from the Distillery in two dozen quart bottles, four dozen pints and so on for lower denominations of flasks as for English and Foreign spirits; the bottles shall be supplied by the shop keeper or vend renter, as the case may be, and the liquor shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the Senior Officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the Senior Officer will arrange for the bottling and sealing being done by Range Supervisors to whom adequate supplies of such liquor may be sent in jars from the Distillery for the purpose.

2. Should the shop keeper or vend renter wish to have liquor of higher strength than 10° under-proof, he shall obtain therefor the special orders of the Deputy Commissioner of District for which the liquor is intended. Under these special orders, the liquor intended for will be issued.

3. No spirit below 20° under-proof shall be ordinarily issued from the Distillery, but should there be a demand for liquor of lower strength than 20° under-proof, liquor at 30° under-proof may be specially issued from the Distillery, such liquor being kept and accounted for separately both in the Distillery and in Bonded Warehouses and Depôts.

4. When fresh liquor which is less than 10 days old is sent out, it shall be issued at 19° under-proof and charged for at 20° under-proof. All liquor sent to Bonded Warehouses and Depôts more than 50 miles

from the Distillery, shall be passed at 19·5° under-proof and charged for at 20° under-proof.

5. No spirit of 20° under-proof shall be removed from the Distillery in less quantity than two gallons.

6. The Senior Officer in charge of the Distillery, upon written application made to him for that purpose, shall grant to respectable private individuals for *bonâ fide* private use, but not for sale, and to hospitals and museums and other public institutions, liquor of any strength manufactured at the Distillery, at proportionate rates of price and duty, in quantities of not less than one ordinary quart bottle, the price being paid to the Manufacturer, and duty to the Senior Officer in charge of the Distillery, who shall remit the same into the Treasury without unnecessary delay.

7. The Manufacturer may, with the permission of the Excise Commissioner, manufacture milk punch or any other sweet liquors under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for this purpose. Such sweet liquors, when duly sealed and labelled by the Senior Officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons and vendors. The prices at which such liquors shall be sold will be regulated by the Excise Department.

VI. At every Distillery the following Registers shall be kept in the forms prescribed by the Excise Commissioner:—

(1) *Register of the quantity of spirits manufactured.
(2) *Detailed Register of the daily issues of spirits and of the strength of the spirits issued.
(3) *Ledger account of the quantity of spirits issued to each Bonded Warehouse, Bonded Depôt, &c.
(4) (*a*). Register of rahadaris to farm depôts, &c.
(*b*). Register of passes to Bonded Warehouses and Bonded Depôts.
(5) Register of special passes.
(6) *Register of stills, casks, vessels, &c., used in the Distillery.
(7) *Register of methylated spirits.
(8) *Receipt book.
(9) Cheque book.
(10) Cash book.

VII. 1. The Distillery shall be open only for the entrance and exist of Excise Officers or other persons who have business within it; others who may desire to inspect the Distillery shall obtain special permission of the Excise Commissioner.

2. All persons entering the Distillery shall be under the orders of the Officer in charge, in respect of their conduct and proceedings within the Distillery, and shall be liable to be searched on their quitting the premises, at the discretion of the Officer in charge. The Manufacturer and his responsible Agent and any superior official of the Manufacturer named by him or his Agent, will be exempted from the operation of this rule.

VIII. Government shall not be held responsible for the destruction, loss or damage of any spirits stored in the Distillery, by fire or theft or by any other cause whatever. In case of fire or other accident, the Officers in charge of the Distillery shall render all assistance that may be required of them by the Manufacturer.

*Those marked with *asterisks* shall be kept by the Manufacturer as well as by the Government officer

IX. The Manufacturer shall see that his employés give full effect to the rules and orders passed by Government for the custody and Regulation of the stock distilled and passed out, the cleanliness of all vessels used, the tinning of metal vessels, the watch, ward and sanitary condition of the enclosure, and other matters affecting either the Government or the Manufacturer's interests, or both.

X. The Manufacturer shall conform to the Rules hereinbefore contained or any other existing Excise Rules, and any additional rules that may be prescribed from time to time by the Government; and he shall see that all his employés give full effect to them.

XI. If any wilful breach of any Excise Rules hereinbefore contained is committed by the Manufacturer, or with his connivance and privity, by any of the men employed by him in the manufacture, custody, carriage or sale of arrack, it shall be at the discretion of the Government to suspend or cancel the contract, and declare the deposit forfeited, and cause the business to be carried on under the supervision of Government Officials of the Excise Department, or by a new Manufacturer or in any other manner the Government may direct.

XII. 1. Every Bonded Warehouse and Bonded Depôt shall be open from 6 A. M. to 11 A. M., and again from 2 P. M. to 8 P. M. No liquor shall be issued from any Warehouse or Depôt after 8 P. M., except with the special permission of the Deputy Commissioner to meet urgent demands on occasions of festivals, &c.

2. At every Bonded Warehouse and Bonded Depôt, the following Registers shall be kept in the forms prescribed by the Excise Commissioner:—

(1) Register of liquor received from the Distillery and of the daily issues of spirits.
(2) Ledger account of the quantity of spirits issued to each farm, shop, &c.
(3) Register of casks, vessels, &c., used in the Warehouse and Depôt.

XIII. An "Inspection book" in such form as the Excise Commissioner may from time to time prescribe, shall be kept at every Distillery, Bonded Warehouse and Bonded Depôt, in which notes of inspection shall be recorded by the Excise Commissioner, Deputy Commissioner, Excise Assistant Commissioner, Head Supervisor or any other officer authorized to inspect them.

XIV. All stills, casks, coppers and other vessels and utensils used for carrying on the business of the Distillery, Warehouse, or Depôt shall, from time to time, be inspected, measured and marked by the Assistant Supervisor in charge of the Distillery or Warehouse, or by such other officer as may be appointed by the Excise Commissioner in this behalf.

XV. The duties of the Excise Officers in charge of the Distillery or Warehouse and of the Government Contractor or his Agent in charge of Bonded Depôts, and the periodical returns, accounts, reports, &c., to be furnished or rendered by them, shall be such as may, from time to time, be prescribed by the Excise Commissioner.

XVI. The duties of the Distillery, Warehouse or Depôt guard shall be as follows:—

(1) To remain within the enclosure from time to time they are placed on guard until they are relieved.
(2) Not to allow any liquor to leave the Distillery, Warehouse or Depôt, except under cover of a rahadari, permit or pass.
(3) Not to allow any wash or wort under any circumstances whatever.
(4) Not to admit into the Distillery, Warehouse or Depôt enclosure any one who is not authorized to enter.
(5) To keep the gate closed except for the entrance and exit of persons who have business connected with the Distillery, Warehouse or Depôt.

CONTINUATION OF GOVERNMENT NOTIFICATION No 495, DATED 30TH MARCH 1892.

PART II.

THE SALE AND TRANSPORT OF COUNTRY SPIRITS AND GRANT OF "VEND FARMS" AND "SEPARATE SHOPS" AND ISSUE OF LICENSES AND PASSES.

XVII. The period for which a "Vend farm" or a "Separate shop" shall be granted, shall be the period from the 1st April in any year to the 31st March following. Provided that, with the approval of Government, the "Vend farm" or "Separate shop" may be granted for a period extending to the 31st March of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend farms" each District shall be divided into defined tracts either by each Taluk or each Shekdari Hobli, or by groups of such Hoblis, according to local convenience and circumstances. In large Towns and other places where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of ises shall be as follows:—

1. The exclusive privilege of selling country spirits in defined tracts or separate shops in specified localities shall be put up to auction at upset prices, and knocked down to the approved highest bidder above those prices, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may at the time of sale refuse to receive the necessary deposit which entitles a bidder to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former contractor who has been guilty of an infringement of the terms of his contract or of the Excise Laws or Rules shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.
2. Parties intending to bid must attend either in person or by duly authorized agents, and no person shall be permitted to bid either on his own behalf or on account of any one else until he has deposited Rs. 200 for each defined tract or farm, or Rupees 50 for each separate shop in specified locality. The deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned at the close of the sale. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent; and if he fails to do so, the deposits already made shall be forfeited, and the exclusive privilege shall be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each Separate shop, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1.) The exclusive privilege shall extend only to the sale of country spirits ordinarily of 20° under proof, and in special cases of 10° under proof, and with the special permission and passes of the Deputy Commissioner or other officer authorized by him, to the sale of double distilled spirits, Rum and "Milk Punch" in bottles duly corked and labelled in the Central Distillery.

(2.) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed chellans, in equal monthly instalments commencing from the first month of the contract. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 15th of the month following. The chellans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily cash" account sent to the District Treasury, the duplicate forwarded by the Taluk Treasury Officer to the Excise Commissioner's office, and the triplicate retained with the renter. Payments on account of the shops in the Civil and Military Station shall be made into the Resident's Treasury on the printed chellans furnished to the shop-keepers by the Collector of the Civil and Military Station.

(3.) The deposit of two months' rent made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the contract. Failing payment of each monthly instalment by the 15th of each month, the Deputy Commissioner shall recover the same under the rules in force for the recovery of Land Revenue, together with interest at 6 per cent per annum. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(4.) (*a*) The licensee shall purchase the spirits, at the prescribed rate from the Manufacturer or obtain the same from a Bonded Warehouse or a Bonded Depôt established as hereinafter provided.

(*b*) The above rate is in addition to Excise duty which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at the prescribed rates, before the removal of the spirits from the Distillery or from any Bonded Warehouse or Depôt established as aforesaid.

(*c*) The licensee shall sell the spirits to the public at the rate of Rs. 5-5-0 per gallon of 20° under-proof or such other rate as may be fixed by Government from time to time, and proportionately for higher or lower strengths.

(5.) The licensee who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended form F., which shall be in triplicate, the original to accompany the "Daily cash" account to the District Treasury, the duplicate to be delivered to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the liquor covered by the receipt, and on payment of the price of such liquor to the Manufacturer or his agent at the prescribed rate, obtaining a receipt from him therefor, the Assistant Supervisor or other officer in charge of the Distillery shall issue the quantity of liquor covered by the amount of duty shown in the Treasury officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's office under the endorsement of the Assistant Supervisor or other officer aforesaid as to the date and hour when the liquor was issued. The Assistant Supervisor or other officer aforesaid shall then issue a Rahadari in duplicate in the form hereinafter provided for the transport of liquor from the Distillery, Warehouses or Depôts.

(6.) The licensee who gets his supplies from a Bonded Warehouse or Bonded Depôt shall pay both the price and duty at the prescribed rates into the Taluk Treasury and obtain a receipt in the appended Form G., which shall be in triplicate, the original to accompany the "Daily cash" account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Warehouse or Bonded Depôt, and the triplicate to be retained with the licensee. The shop-keepers in the Civil and Military Station shall make their payments into the Resident's Treasury and obtain receipts in the form prescribed by the Resident. On production of such receipt and an indent, the officer in charge of the Warehouse or the Government Contractor's Agent in charge of the Bonded Depôt shall issue the quantity of liquor covered by the amount of price and duty shown in the Treasury receipt which shall be dealt with as laid down in the last preceding clause, the Treasury receipts connected with the Civil and Military Station being forwarded to the Collector's Office. The liquor shall be covered by a pass in duplicate as hereinafter provided.

(7.) (*a*) Government may establish Depôts in any specified tracts and arrange through a Government Contractor or agent or in *Amani* to supply such Depôts with the liquor required for the use of the renters of Vend Farms or Separate shopkeepers in specified localities. These Depôts shall be called "Bonded Depôts." In Districts for which such Bonded Depôts are established, they shall generally be at the localities where Whole-sale Depôts existed on 31st March 1892, and serve the same tracts as the latter used to do. The Deputy Commissioner shall have the power to alter the location of any Bonded Depôt, should such a step not involve additional expenditure in carriage or storage.

(*b*) The renter of every "Vend Farm" shall pay for the rent and establishment of the Bonded Depôt. Where two or more renters draw their supply from one Bonded Depôt, they shall bear the cost of rent and establishment in the proportion of the quantities of liquor taken by each from the Bonded Depôt.

(*c*) The establishment at each Bonded Depôt shall be under the orders of the Government and of the Government Contractor or agent where one has been appointed for the working of Bonded Depôts. During 1892-93, in the Districts of Shimoga, Hassan, Tumkur, and Chitaldroog, the cost of carriage of liquor to Bonded Depôts is included in the price paid by the renters for their Vend Farms, while in the Districts of Mysore, Kolar and Kadur, such cost will be levied from each renter at a gallon rate as agreed to by him. For the renters of the Vend Farms of the Bangalore District, no Bonded Depôts have been established for 1892-93.

(*d*) The license to be issued to the liquor distributing Contractor's Agent in charge of each Bonded Depôt shall be in the appended Form R, and the Bond to be executed by the Contractor shall be in the appended Form S.

(*e*) The licensee who draws his supplies from the Distillery shall maintain at a place or places within his farm, where it may be considered necessary by the Deputy Commissioner, a depôt or depôts, to which all spirits purchased by him shall be conveyed in his own casks for verification, &c., of the consignment, under the rules hereinafter provided, before issue to the shopkeepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed Form B hereto appended.

(*f*) The licensee who draws his supplies from a Bonded Depôt established by Government will not be required to open his own depôt as laid down in the last preceding clause, or to provide himself with his own casks. In such cases the Government Contractor, Agent or Servants shall convey such licensee's supplies of liquor from the Distillery and deliver the same to him in the aforesaid Bonded Depôt.

(8) The spirits shall be sold as issued from the Distillery, Bonded Warehouse or Depôt, and shall not be adulterated or diluted in any manner in the farm depôts if any, or in shops.

(9.) The licensee shall keep true accounts of the quantity and strength of the spirits purchased by him and issued.

(10.) The spirits shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(11.) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(12.) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling country spirits, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, or Deputy Commissioner, have any interest, direct or indirect, in any arrack farm in any adjacent Districts of the Madras or Bombay Presidency or in any other adjacent Foreign State or Territory.

(13.) The licensee shall be bound to take over any arrack which may remain as stock in hand on the first day of his contract in the Depôts in his farm, paying to the old contractors such compensation for the same as may be fixed by the Excise Commissioner.

(14.) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from to time be prescribed by Government.

(15.) The contract shall not be transferable except with the permission of Government.

(16.) The Deputy Commissioner shall grant to each shop under the Vend farmers, a license in the appended Form C.

6. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee of each vend farm a fine not exceeding the sum of Rs. 50, and of each separate shop a fine not exceeding Rs. 10, for every such breach, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and resell the exclusive privilege at the risk of the licensee, or to place the farm or separate shop under the management of Government. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, and all loss thereby caused to Government shall be made good by the licensee in the manner specified for resales under para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of Land Revenue.

7. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

XXII. No spirit in cask shall be conveyed from the Distillery or Warehouse unless the name of the Distillery or Warehouse, the registered mark of the licensee and the quantity, nature and the strength of the spirits contained in the cask are legibly painted, branded or cut on one end of such cask.

XXIII A sufficient supply of casks to issue liquor to Bonded Warehouses, Bonded Depôts, and Farm depôts shall be kept in the Central Distillery by the Government contractor for the distribution of arrack to Bonded Depôts, or Arrack vend farmers as the case may be, under the supervision of the Assistant Supervisor or other Officer in charge of the Distillery The serial number, name of the Distillery and capacity shall be legibly painted, branded or cut on the head of each of the casks. The casks for the hot weather shall be measured in February and those for the cold weather in August; the date of measure shall also be painted on each cask. A supply of tin plates with the names of the Bonded Warehouses, Bonded Depôts and Farm depôts painted or cut on them, shall also be kept in the Distillery at the cost of the distributing Contractor, or Farmer, as the case may be. Before issuing any cask, the plate containing the name of the Warehouse, Bonded Depôt and Farm depôt for which the consignment is intended, shall be fastened on to it.

XXIV. The following rules shall be observed for issuing liquor from the Distillery to Bonded Warehouses and Bonded Depôts, for the exercise of proper check over such consignments, and for the disposal of the passes which accompany such consignments:—

1. For supplies of liquor, the Excise officer in charge of any Bonded Warehouse kept by Government and the Government Contractor or Agent where one has been appointed for the working of the Bonded Depôts, shall send to the Assistant Supervisor or other Officer in charge of the Distillery, an indent in the appended Form H, showing the number of casks, jars or bottles of liquor wanted.

2. The Assistant Supervisor or other officer aforesaid shall, thereupon, fill in the requisite number of casks, jars or bottles with the liquor indented for, and issue a cheque in favor of the Manufacturer, on the Bangalore District Treasury, for the amount due to him on account of such liquor, in the Appended Form I, which shall be kept in triplicate, the original to be given to the Manufacturer, the duplicate sent to the Excise Commissioner's office at the close of each day, and triplicate or counterfoil retained with the Assistant Supervisor or other officer aforesaid. On account of supplies to the Warehouse in the Civil and Military Station, the Assistant Supervisor or other officer in charge of the Distillery will be furnished with a similar cheque book by the Resident.
3. The consignment shall be covered by a pass in the appended Form J which shall be kept in triplicate, the original to be entrusted to the person accompanying the consignment, the duplicate forwarded to the Amildar of the Taluk in which the Bonded Warehouse or Bonded Depôt is situated, and triplicate retained in the Distillery.
4. The consignment and the pass shall first be taken to the Amildar, or during his absence to the Sheristadar, if the Warehouse or Depôt is situated at Taluk Head-quarters, or to such other official as the Amildar may depute for this purpose, if the Warehouse or Depôt is in any outlying town or village in his Taluk.
5. The contents of the pass shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals on the casks examined. Discrepancies shall be reported to the Deputy Commissioner, and to the officer in charge of the Distillery for necessary action.
6. The date and hour of receipt shall then be recorded on the back of the pass under the signature and designation of the Amildar or Sheristadar or other official appointed by the Amildar for this purpose, and the consignment then passed on to the Warehouse or Depôt to be there booked.
7. The Pass shall at once be sent back by the Excise officer in charge of the Warehouse or Contractor's Agent in charge of the Depôt to the Government official appointed by the Amildar, who shall see that such officer or agent has noted underneath the Taluk official's endorsement, "contents received and booked," with the date and hour of receipt at the Warehouse or Depôt, and "the balance of stock of liquor on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.
8. All the passes dated and issued in any one month shall on the 10th of the following month, (by which time all previous month's consignments shall have been duly received and disposed of) be brought with a list giving the name of Warehouse or Depôt, number, date and contents of pass (gallons and drams), to the Amildar who shall, after satisfying himself that the instructions given above have been fully complied with, score the pass across thus ✗ in red ink from end to end, write the word "cancelled" across the face of each pass under his seal and signature, and send the list and the cancelled passes on to the Excise Commissioner. Passes dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental list sent with them.
9. Amildars shall keep a register in the appended Form K in which the duplicates of passes sent to them under Rule 3, shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate passes should be crossed ✗ at the time the original is cancelled under Rule 8, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate pass, is not received within a reasonable time, after the period allowed in the pass, the Amildar shall at once report the same to the Deputy Commissioner of the District who will

institute the necessary enquiries. For this purpose, the register of passes should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

10. On receipt of the cancelled passes in the Excise Commissioner's Office, they shall be duly compared and verified with the duplicate cheques received under the above Rule 2, and with the accounts sent by the Assistant Supervisor or other officer in charge of the Distillery, or Warehouse, and with the Accounts received from Bonded Depôts, and then filed till six months after each contract has been closed, when they may be destroyed under the supervision of some responsible officer.

11. When consignments are received without a pass, the liquor shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the liquor on the security of the excise officer in charge of the Warehouse, or the Government Contractor's Agent in charge of the Bonded Depôt, intimating particulars to the Excise Commissioner, who will, after the necessary enquiry, direct the issue of a special pass to cover the consignment. This special pass shall be in the same form and issued in the same manner as the ordinary passes, but on paper of a different color, in the appended Form L. It shall be issued by the Senior officer in charge of the Distillery, who will sign the same.

12. If the contents in gallons or the number as given in the original pass and its duplicate differ from those noted on the cask, the liquor shall be sent on to the Warehouse or Depôt with the precautions which are required to be taken under rule 11, to be there examined either by the Amildar himself or by any other officer appointed by him and a report of such examination shall be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the pass, the cask shall not be sent to the Warehouse or Depôt but kept with the Amildar, the matter being reported to the Central Distillery. The Warehouse keeper or the Government Contractor's Agent in charge of the Bonded Depôt shall at once apply for fresh stock by telegraph if possible.

13. When any consignment is forwarded by railway, the original pass together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him shall receive the consignment and deal with it under the provisions of the foregoing rules.

14. Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable under the provisions of the Excise Act.

15. On the Manufacturer delivering the cheques referred to in the above rule 2, the Officer in charge of the Bangalore District Treasury or the Resident's Treasury, as the case may be, shall pay him the money therein mentioned as an advance which shall be adjusted as explained in the following rule.

16. Of the amounts paid by the licensees into Treasuries as per Receipt G under condition (6) of para 5 of Rule XXI, the price of liquor shall be credited to the head "Remittance Deposits," the duty alone being credited at once to the appropriate budget head "Excise Revenue". The Treasury officer shall transfer at the end of each month all the money under "Remittance Deposit" to the Bangalore District Treasury by means of "Public Service Remittance Transfer Receipt", towards the adjustment of the advances made to the Manufacturer under the last preceding rule. The money advanced from the Resident's Treasury will be similarly adjusted under such orders as may be

issued by the Resident. The Treasury Officer, Bangalore District shall forward to the Comptroller a monthly report of the Excise advances, in the appended Form Q.

XXV. The following rules shall be observed for exercising proper check over consignments of liquor sent from the Distillery, to the depôts under the "Vend farmers" who draw their supplies direct from the Distillery, and over issues of liquor from Bonded Warehouses or Bonded Depôts to the shop-keepers under such farmers and to separate shop-keepers:—

1. Every consignment of liquor from a Distillery or Ware-house shall be covered by a Rahadari in the appended Form M, which shall be sent with the person accompanying the consignment as proof of his authority to carry: a duplicate thereof shall, at the same time, be sent on to the Amildar of the Taluk in which is situated the depôt to which the consignment is made. The counterfoil of the Rahadari shall be retained in the Distillery Office. The Rahadari, its duplicate and counterfoil shall all have the same serial number printed on them. But to keepers of Separate shops, printed permit books in the same form shall be supplied at their own cost. When each shop-keeper sends for his supply of liquor, his permit book shall be presented to the Excise officer in charge of any Warehouse or the Government Contractor's Agent in charge of any Bonded Depôt, who issues the liquor. The Excise officer or the Contractor's Agent shall make necessary entries in the book under his seal and signature, and send it with the consignment. Such permit books shall also be kept by the shop-keepers under the Vend farmers to transport their supplies from the Bonded Depôts or farmers' depôts, as the case may be, the necessary entries in the books being made by the Contractor's Agents in charge of the Bonded Depôts or by the licensees in charge of the farm depôts. At the close of each day's issues, the Excise officer or the Government Contractor's Agent, as the case may be, shall prepare an extract from his register of daily issues to the farmers and Separate shop-keepers in the appended Form N, and forward it on the morning of the day following to the Amildar of the Taluk in which the farms or Separate shops are situated.
2. The consignments and the rahadaris shall first be taken to the Amildar or the Sheristadar during the Amildar's absence if the farmer's depôt is situated at Taluk head-quarters, or to such other official as the Amildar may depute for this purpose, if the depôt is in any outlying town in his Taluk.
3. The contents of the rahadari shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals on the casks examined. Discrepancies shall be reported to the Deputy Commissioner, and to the officer in charge of the Distillery or Warehouse or the Contractor's Agent in charge of the Bonded Depôt for necessary action.
4. The date and hour of receipt shall then be recorded on the back of the rahadari under the signature and designation of the official appointed by the Amildar for this purpose, and the consignment then passed on to the depôt to be there booked.
5. The rahadari shall at once be sent back by the depôt licensee to the Government official appointed by the Amildar, who shall see that the licensee has noted underneath the Taluk official's endorsement "Contents received and booked," with the date and hour of receipt at the depôt, and "the balance of stock of liquor on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.
6. All the rahadaris dated and issued in any one month and the extracts referred to in the above rule 1 shall, on the 10th of the following month, (by which time all previous months' consignments shall have been duly received and disposed of) be brought with a "Patti" giving

name of depôt, number, date and contents of pass (gallons, drams), to the Amildar who will, after satisfying himself that the instructions given above have been fully complied with, score the rahadaris and extracts across thus X in red ink from end to end, write the word "cancelled" across the face of each rahadari under his seal and signature and send the "Patti" and the cancelled rahadaris and the extracts on to the Deputy Commissioner of the District. Rahadaris dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental patti sent with them.

7. Amildars shall keep a register in the appended Form O, in which the duplicate rahadaris and extracts sent to them under rule 1 shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate rahadaris should be crossed X at the time the original is cancelled under rule 6, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate rahadari is not received within a reasonable time, after the period allowed in the rahadari, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of rahadaris should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

8. On receipt of the cancelled rahadaris and extracts at the District office they shall be compared and verified with the figures in the monthly Abkari Revenue Statements No. 6, the monthly accounts received from the Distillery, Bonded Warehouses and Bonded Depôts, and with Treasury B accounts, and then filed till six months after each contract has been closed, when they may be destroyed under the supervision of some responsible officer. The Statement No. 6 compiled for the whole District shall then be forwarded to the Excise Commissioner's office, where it shall be compared and verified with the Treasury chellans and receipts (Forms E, F, G). The Excise Commissioner shall thereupon prepare Statement No. 6, for the whole Province and send it to the Dewan's Office after obtaining the Comptroller's certificate of credits; and he shall furnish the comptroller with a monthly Abstract Statement of issues of liquor from the Distillery, showing the amounts of the cheques issued in favor of the Manufacturer.

9. When consignments are received without a rahadari, the liquor shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the liquor on the security of the depôt licensee, intimating particulars to the Deputy Commissioner, who will after the necessary enquiry direct the issue of a special rahadari to cover the consignment. This special rahadari shall be in the same form and issued in the same manner as the ordinary rahadaris, but on paper of a different color in the appended Form P.

10. If the contents in gallons or the number as given in the original rahadari and its duplicate differ from those noted on the cask, the liquor will be sent on to the depôt with the precautions which are required to be taken under rule 9, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination should be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the rahadari, the cask must not be sent to the depôt but kept with the Amildar, and the matter reported to the Central Distillery, Warehouse or Bonded Depôt, as the case may be. The farm depôt licensee shall at once apply for fresh stock by telegraph, if possible.

11. When any consignment is sent by railway, the original rahadari together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the

arrival of the consignment, the Amildar or other official deputed by him shall receive the consignment and deal with it under the provisions of the foregoing rules.

12. Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable under the provisions of the Excise Act.

APPENDIX A.

License granted to Arrack Vend Monopoly Farmers in the District of

Under the provisions of the Excise Act XXII of 1881, I, Deputy Commissioner of the District hereby appoint you, , son of residing at , to be the renter of the exclusive privilege of selling Country Spirits in the arrack vend farm of , in the Taluk of in the District of from the 1st day of April 1892 to the 31st day of March 1893, subject to the following conditions and stipulations to be observed by you, the said :—

CONDITIONS OF LICENSE.

1. The exclusive privilege shall extend to the sale of country spirits ordinarily of 20° under-proof, and with the special permission and passes of the Deputy Commissioner or other officer authorized by him, to the sale of double-distilled spirits and milk punch in bottles duly corked and labelled in the Central Distillery; but shall not include their manufacture, nor the manufacture or sale of foreign spirits and foreign fermented liquors, or of beer, or any beverage other than the authorized country spirits.

2. The amount for which the privilege has been purchased shall be payable into a Government treasury in equal monthly instalments commencing from April 1892. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on the 15th day of the month following. The deposit of two months' rent made by you will be taken in payment of the instalments due in the last two months of the period of the rent. Failing payment by the 15th of each month, the Deputy Commissioner may at once proceed to recover the arrears, under the rules in force for the recovery of land revenue together with interest at 6 per cent per annum. No remission or abatement of the rent shall on any account whatever be claimable by you.

3. You shall purchase the spirits for issue to your shopkeepers from the Government distiller or from any Bonded Warehouse established under the sanction of Government. The rates to be charged by distiller for spirits supplied by him are as under per Imperial gallon (delivered at the distillery):—

	Rs. A. P.
For spirits 20° under-proof	0—10—6
For spirits of higher or lower strengths proportionately according to Cassela's rules.	

4. The above rates are in addition to excise duty, which shall be prepaid to Government at the rates specified below per Imperial gallon, before the removal of the spirits from the distillery or from any Bonded Warehouse established under the sanction of Government, namely, on spirits of 20° under-proof the rate specified in the margin, and proportionately on spirits of higher or lower strengths.

5. Excise duty shall be prepaid by you into the local Government treasury; but if you obtain liquor from a Bonded Warehouse, both the price of liquor and duty shall be paid into the local Taluk Treasury.

6. You shall maintain at a place or places within your farm under the approval of the Deputy Commissioner a Depôt or Depôts to which all spirits purchased by you shall be conveyed in the first instance for verification of the consignment by a Government officer before issue to the shopkeepers, under the rules in force. Depôts shall at all times be open to inspection by the Deputy Commissioner or any subordinate whom he may depute for the purpose, or by any Excise officer. No such Depôt shall be opened without a license from the Deputy Commissioner.

7. The Deputy Commissioner or any officer of the Excise Department not below the rank of Assistant Commissioner may direct the destruction of spirits in your Depôts which he may consider unfit for consumption or use.

8. You shall not mix with the spirits to be issued to your shopkeepers any ingredients noxious to health.

9. The spirits supplied or sold from, or kept for supply or sale at, your depôt by you to your shopkeepers, shall be ordinarily of the strength of 20° under-proof; and spirits shall not be supplied or kept or sold by you or by your shopkeepers at any other strength without special permission. For sales of liquor of higher strength than 10° under-proof and of lower strength than 20° under-proof, the special orders of the Deputy Commissioner shall be obtained. Liquor of 10° under-proof shall be sold only to respectable individuals under special passes issued by the Excise Department and in bottles duly corked and labelled by the senior officer in charge of the Distillery. No water or other beverage or liquor other than arrack, or any quantity whatever shall be kept in the shop in which arrack is sold or on the person or in possession of the license holder or vendor or any employés in the shop.

10. You shall keep true accounts of the quantity and strength of the spirits purchased by you and issued to shopkeepers. Such accounts shall be produced when required for inspection by the Deputy Commissioner or by any officer appointed by him, or by any Excise officer; and you shall be bound to furnish, or cause to be furnished, such information or returns as may be required by the Deputy Commissioner from time to time regarding the consumption of spirits within your farm, or relating in any way to your management as a renter. The sales of liquor of higher or lower strengths than 20° under-proof shall be accounted for separately in the prescribed form.

11. Spirits shall not be sold except in shops duly sanctioned and licensed by the Deputy Commissioner; and no additional shops shall be opened without the previous sanction of the Excise Commissioner. You will be at liberty to select your shopkeepers, and will be allowed to establish as many shops as the Deputy Commissioner may consider necessary for the supply of your farm.

12. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed, or permit transfer of shops from one place to another, or direct new shops to be opened with the previous sanction of the Excise Commissioner. You shall be bound to maintain such supply of spirits as the Deputy Commissioner may consider sufficient to meet local requirements in all sanctioned shops.

13. Each shopkeeper shall place the license granted to him in a conspicuous place in his shop.

14. A signboard shall be affixed in a conspicuous part of the front of each shop, containing in the vernacular of the district, the name of the shopkeeper and the number of his license.

15. The shopkeepers shall prevent all drunkenness or disorder or gaming within their shops.

16. No shop shall be opened before sunrise.

17. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall, generally or specially, authorize the keeping open of particular shops to a late hour.

18. The shopkeepers shall not harbour robbers or thieves or riotous persons, but, on the contrary, shall give intimation to the nearest Magistrate or Police officer as to any such persons who may resort to their shops.

19. The shopkeeper shall not receive any grain, jewels, goods, wearing apparel or other article in barter or in pawn for spirits; but, on the offer of any such, shall give information to the nearest Magistrate or Police officer.

20. No shopkeeper shall allow any quantity of spirits to be removed by any individual from the shop on any pretence whatever without a valid permit.

21. You shall provide yourself and your shopkeepers with printed forms of permits for transport and possession of spirits. Such permits shall be in the form prescribed in the Excise Department, and shall be purchased from the local Excise officers.

22. At every shop for the sale of spirits there shall be kept an account showing the quantity and strength of the spirits received therein, the quantity and strength of the spirits sold, the prices at which they are sold and the quantity and the strength of the spirits remaining unsold each day. Such accounts shall be in prescribed form, and shall be produced for the inspection of the Deputy Commissioner or of any officer appointed by him for the purpose of inspecting them, or of any Excise officer whenever required.

23. Shopkeepers shall be bound to furnish such returns and information as may from time to time be required by the Deputy Commissioner.

24. The shopkeepers shall not keep in their shops, offer for sale or sell any spirits except spirits supplied by you; neither shall they keep in their shops, offer for sale or sell spirits of any

other strength than 20 under London proof, or other liquors without special permission. The spirits kept in the shops, offered for sale or sold shall be unadulterated and undiluted. Spirits shall be sold to the public at Rs. 5—5—0 per gallon of 20° under-proof and at proportionate rates for higher or lower strengths.

25. Shopkeepers shall use such measures as may from time to time be prescribed by Government.

26. You shall have such measures tested, stamped and supplied at your own cost.

27. You shall furnish each depôt for the issue of spirits to shopkeepers, with a hydrometer of any pattern prescribed by Government.

28. The shopkeepers shall not sell or give any spirits to any European Non-Commissioned officer or private soldier, or to any European or Eurasion camp follower, or to any member of the families of any of the aforesaid persons, without the permission in writing of the Commanding Officer, or of some person duly authorized by him in that behalf; nor to any sailor; nor to any sepoy, member of the Police Force, or servant of a Railway Company, whilst on duty; nor to any European vagrant under escort of the police; nor to any child under twelve years of age for consumption on the premises, nor shall they sell any spirits on credit.

29. The Deputy Commissioner may direct that all shops for the sale of spirits on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with spirits by such persons as the Government may select for the purpose, notwithstanding your exclusive privilege.

30. Every person employed by you to superintend depôts or placed in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law All engagements entered into by persons to be employed by you on the 1st day of April 1892, shall be deposited with the Deputy Commissioner within one month from that date or of the date of executing the engagement.

31. If it comes to your knowledge that any person employed by you in the carriage or sale of spirits, commits any breach of the Excise laws or of the engagements entered into by him, it shall be your duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the continued employment of such person.

32. You shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, or permit any person having any interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in your exclusive privilege of selling country spirits. *Nor shall you during, the term of your license, without the written permission of the Deputy Commissioner, have any interest, direct or indirect, in any monopoly vend of arrack in any foreign territory, or permit the holder of any such farm to have any such interest in the farm held by you under the license.*

33. You shall be bound to take over any arrack which may remain as stock in hand on the 1st April 1892 in the existing wholesale Depôts in your farm, paying to the old contractors such compensation for the same as may be fixed by the Excise Commissioner.

34. Interest shall be payable upon all moneys due by you at the rate of 6 per cent per annum.

35. In the case of any breach of the conditions of the license either by you or, with your connivance or privity, by any person in your employment, it shall be competent to the Deputy Commissioner to impose upon you a fine not exceeding the sum of Rs. 50 for every such breach of such conditions, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at your risk, or to place the farm under the management of Government; and all loss thereby caused shall be made good by you. It shall be lawful for the Deputy Commissioner to deduct the amount of all fines imposed under this clause from any sums deposited by you as security for the due performance of the conditions of the license. When a lease is cancelled, the rent for the whole period of the lease shall become due at once.

36. The imposition of a fine, or the forfeiture of deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Excise laws or rules.

37. If you shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force and relating to the Excise revenue, it shall be lawful for the Deputy Commissioner to declare your license forfeited.

38. All sums payable by you may be deducted from the amount of your deposit, or recovered by attachment and sale of your property under any law for the time being in force for the recovery of arrears of Land revenue.

39. Any sums deducted by the Deputy Commissioner under the powers herein contained from the sum deposited by you as security for the due performance of the contract, shall be replaced by you within fifteen days from the date of the receipt of a notice from the Deputy Commissioner informing you of such deduction having been made.

40. You shall be bound by any additional rules which may, from time to time, be prescribed under the Excise laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by the Deputy Commissioner, deliver up your license for amendment or for the issue of a fresh license accordingly.

I, Deputy Commissioner, District,

do hereby grant a license for the retail vend of arrack manufactured in the Mysore State

to at

in the

on the following conditions :—

I. This license is not transferable by sale, gift, mortgage or otherwise, and no persons except such as are named herein shall have power to act under it.

II. The vendor or vendors shall equally with the license-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

III. The license-holder shall purchase the spirits form the distiller who is authorized to manufacture country spirits, or from a Bonded Warehouse established under the sanction of Government. The rates to be charged by distiller for spirits supplied by him are as under per Imperial gallon (delivered at the distillery or warehouse) :—

	Rs.	A.	P.
For spirits 20° under-proof	0	10	6
For spirits of higher or lower strengths. Proportionately according to Cassela's rules.			

IV. *The license-holder shall pay a Registration fee under Section 58 of the Municipal Regulations at the rate of Rs. (180) one hundred and eighty per annum or for any portion of the year in advance for the time this license is granted, and he shall pay a license fee of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month.

V. The above rates are in addition to excise duty, which shall be prepaid to Government at the rates specified below per Imperial gallon, before the removal of the spirits from the distillery or from any Bonded Warehouse ; namely, on spirits of 20° under-proof Rs. 4, and proportionately on spirits of higher or lower strengths.

VI. Sales of liquor under this license shall be made only in the shop for which this license is granted at the rate of Rs. 5 As. 5 per gallon of 20° under-proof, and at proportionate rates for higher or lower strengths. The measures to be used shall be only those as may from time to time be prescribed by Government. For sales of liquor of higher strength that 10° under-proof and of lower strength than 20° under-proof, the special orders of the Deputy Commissioner shall be obtained. Liquor of 10° under-proof shall be sold only to respectable individuals under special passes issued by the Excise Department, and in bottles duly corked and labelled by the Senior Officer in charge of the Distillery.

VII. They (license-holder or vendor or vendors) shall not sell nor give any arrack to any individual to convey out of their shops or premises, except that they may do so up to one quart bottle only to respectable persons on special passes issued by the Excise Department.

VIII. They (license-holder or vendor or vendors) shall not sell nor give any arrack in any quantity whatever, either directly or indirectly, to any European Non-Commissioned or Warrant Officer, or Private Soldier, or to any European or East Indian woman connected with or related to men of these classes, and they shall not permit drunkenness or disorderly behaviour in their shops or premises, nor suffer any gambling whatsoever therein, and shall not knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein, or wilfully harbour or conceal therein soldiers or others, knowing or having reason be believe such soldiers or others to be deserters; nor shall they permit more than two drams to be drunk by the same person at the same time on their premises.

IX. They (license-holder, vendor or vendors) shall not receive any articles whatsoever in barter or pledge. Payment for liquor shall be received by them in ready money only, and they shall not knowingly sell or give any liquor to any person under 12 years of age.

Rules IV and XIV are applicable only to Bangalore and Mysore Towns.

X (*a*). The liquor 20 degrees below proof, as purchased from the Distillery, shall not be diluted or adulterated, and all liquor found to be below that strength shall, if there is reason to believe it became so owing to the conduct of the license-holder or his vendor, be seized and placed before a Magistrate, who, after testing it, shall summarily confiscate it, if he agrees that it is diluted or adulterated owing to the license-holder or vendor's neglect. In cases where there is evidence of dilution for adulteration, the case will be heard and tried under para XVIII of this license.

(*b*). No water or other beverage, or liquor other than arrack of any quantity whatever shall be kept or sold in the shop in which arrack is sold, or on the person or in possession of the license-holder or vendor or any of his employes in the shop.

XI. Bad characters shall not be allowed to resort to the shop, and gaming, disorderly conduct, &c., therein shall be prevented; and information of suspicious characters shall be given to the Magistrate or Police Officer.

XII. The license-holder shall fix in a conspicuous place outside of his shop a board on which shall be legibly printed his name and the number of his shop and the articles he is licensed to deal in.

XIII. The license and shop accounts which shall be true and correct, shall be produced for inspection to the Deputy Commissioner or any Magistrate having local jurisdiction, or any officer acting under the warrant of a Magistrate, or any Excise Officer authorized to require such production; and entry to the shop shall be allowed to any Police Officer of and above the rank of Chief or Head Constable or to any Excise Officer at any hour. The sales of liquor of higher or lower strength than 20° under-proof shall be accounted for separately in the prescribed forms.

XIV. The amount of fees payable from the shops under Condition IV above, shall, in the towns of Bangalore and Mysore, be paid to the Officers appointed by the President, Municipal Commission, to receive the same.

XV. The following stock shall always remain on hand and not be trenched upon :—

	Spirits (Arrack).	Remarks.
I. In the towns of Bangalore and Mysore and in the Gold Fields	2 Gallons.	

XVI. The shop shall be closed by 9 P. M., and not be opened before 6 A. M., except on special permit in cases of festivals, &c.

XVII. The shop shall have only one door, and no windows or other openings shall be allowed to the rear or at the ends of the building. The bar at which the arrack is sold shall be opposite the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street, and no second room shall be used for the sale of liquor, or be kept open for customers.

XVIII. A breach of any one of the above conditions and restrictions will subject the holder of the license and shops-vendor, on conviction before a Magistrate, to fine under Act XXII of 1881 or to forfeiture of the license under Section 13 of the Act, or both. The license-holder shall further conform himself to all such Rules as may, from time to time, be framed and published under the provisions of the Excise Act No. XXII of 1881 or other Regulation for the time being in force, and any breach of such Rules shall subject him to the penalties provided by the said Rule.

XIX. This license shall continue in force till the 31st March 189 , and no longer, but it may be recalled or resigned at any time under provisions of Sections 14 and 15 of Act XXII of 1881.

I, , Deputy Commissioner of the District, under the provisions of the Excise Act XXII of 1881, hereby license you, appointed to the charge of the Bonded Depôt at by Mr. Chikka Papanna who has been granted the right of conveying Country Spirits under bond from the Central Distillery to the various Depôts in the Mysore State except the Bangalore District for the year 1892-93, subject to the following conditions and stipulations to be observed by you, the said :—

CONDITIONS.

1. You shall place this license in a conspicuous place in your depôt.

2. You shall not mix, or knowingly permit any other person to mix, in the country spirits under your charge, any ingredient pernicious to health, or other noxious material intended or supposed to increase the power of the spirit or to add to its intoxicating quality.

3. You shall issue spirits only to licensed farmers and independent shop-keepers attached to your Depôt, on production of Treasury Receipt, in proof of the payment of duty and price of liquor.

4. You shall issue permits in the prescribed form for the transit of spirits from your Depôt to the shops dependent thereon.

5. You shall not open your Depôt before sunrise.

6. You shall not keep your Depôt open after 8 P. M. ; nor shall you allow any one to remain in your Depôt during night after that hour.

7. You shall not receive any grain, jewels goods, wearing apparel or other article in barter or in pawn for spirits ; but, on the offer of any such, shall give information to the nearest Magistrate or Police officer.

8. You shall not allow any quantity of spirits to be removed by any individual from your Depôt on any pretence whatever, without a valid permit.

9. You shall keep an account showing the quantity and strength of the spirits received in your Depôt, the quantity and strength of the spirits issued, and the quantity and strength of the spirits remaining unissued each day. Such accounts shall be in such form as may be prescribed by the Excise Commissioner or Deputy Commissioner, and shall be produced for the inspection of the Deputy Commissioner or of any officer appointed by him for the purpose of inspecting them, or of an Excise Officer, whenever required. The issues of liquor of higher or lower strengths than 20° under-proof shall be accounted for separately in the prescribed form.

10. You shall be bound to furnish such returns and information as may, from time to time, be required by the Excise Commissioner or Deputy Commissioner.

11. You shall not keep in your Depôt any spirits except those supplied by the Government contractor Mr. Chikka Papanna : neither shall you keep in your Depôt, spirits of any other strength than 20° under-proof without special permission. The spirits kept in your Depôt shall be unadulterated and undiluted.

12. You shall not keep spirits at any other place than that specified in this license.

13. You shall use such measures as may, from time to time, be prescribed by Government.

14. Such measures shall be tested and stamped by the Excise Department.

15. You shall keep, if required to do so by the Excise Commissioner, a hydrometer of the prescribed description.

This license may be recalled by me at any time.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore. (*Financial*),—*dated 2nd March* 1892.

READ.—

Letter from the Comptroller, dated 15th February 1892, No. 5185, submitting an estimate of the probable assets of the Local Funds General for 1892-93.

No. 13717-26—L. 1417, DATED BANGALORE, 2ND MARCH 1892.

ORDER THEREON.—It is observed that the probable balance in favor of the Fund on 1st April 1892 would be Rs. 2,73,260, which being added to the estimated receipts for 1892-93 amounting to Rs. 1,07,179, the sum available for expenditure during 1892-93 would be Rs. 3,80,439. From this amount, the Government would be glad to allot Rs. 15,000 to each District, for the excavation of wells for the use of men and cattle, construction of village chavadis, bathing ghats, bridges over small nalas or streams, &c. The Deputy Commissioners of the several Districts are requested to submit in consultation with the Municipal and Local Fund Boards, statements of works which they would propose to undertake during 1892-93 and the necessity which exists for each of such works.

READ :—

Docket from the Deputy Commissioner of the Mysore District, dated 12th January 1892, No 877, submitting the Budget Estimates of the several Municipalities of the French Rocks Sub-Division for 1892-93.

No. 14205-9—L. 1476, DATED 2ND MARCH 1892.

Seringapatam.

ORDER THEREON.—The estimated income of this Municipality for 1892-93 is Rs. 10,366 against Rs. 9,213, the actuals of 1890-91, and Rs. 9,226, the sanctioned estimate for 1891-92.

Items.	Details of Receipts	Actuals of 1890-91.	Estimate for 1891-92.	Estimate for 1892-93.
I	Octroi	4,319	3,404	4,858

IX	Fines	4	10	4
X	Miscellaneous ...	1,505	1,301	992
	Total.....	9,213	9,226	10,366

2. X. *Miscellaneous.*—The estimate under "(*d*) Pounds," which is less than the actuals of 1890-91, does not appear to include what is required to meet the feeding charges of impounded cattle. The sums needed for this purpose in this and other Municipalities should be reported with a view to the estimates being raised as required in Government Proceedings, dated 24th August 1891, No. 6227-39—L. 429.

3. The other estimates call for no remark.

4. The estimated opening balance, which is entered as Rs 5,219, does not appear to have been correctly computed. Adding to the actual balance on 1st April 1891, the estimated receipts for 1891-92 and deducting from their total the expenditure, the result arrived at is given in the following statement, which will be adopted in passing the Budget of each Municipality :—

No.	Municipalities.	Estimated Balance as given in Budget Statements.	Actual Balance on 1st April 1891 as given by Comptroller.	Estimated Receipts for 1891-92.	Total including Balance.	Estimated Expenditure for 1891-92.	Estimated Balance on 1st April 1892 as computed in this office.

	Total.....	10,114	12,623	12,880	25,503	20,514	4,989

* These amounts do not include Dispensary charges.

5. Including the opening balance of Rs. 3,705 shown in the foregoing statement, the sum available for expenditure during 1892-93 is Rs. 14,071, of which Rs. 11,539 are proposed to be expended, leaving a balance of Rs. 2,532 at the end of the year.

XI	Miscellaneous ...	494	360	425
	Total.....	11,630	9,739	11,539

6. *II. Head Office.*—The amount which this Municipality has to contribute towards the salary and contingencies of the Clerk in the Sub-Division office is Rs. 188 and not Rs. 180 as entered for 1891-92. The estimate will, therefore, be raised from Rs. 504 to Rs. 512.

7. *IV. Conservancy.*—The increase under this head is due to the increase of pay of the Overseer, sanctioned in Government Proceedings dated 12th September 1891, No. 8757-8—750. The provision is passed.

8. *VIII. Public Works.*—The sum of Rs. 2,000, proposed to be spent on the following works during 1892-93, is sanctioned:—

		Rs
(1)	Repairing roads	1 500
(2)	Repairing Fort wall at the breach ...	75
(3)	Compensation for lands to be taken up ...	25
(4)	Reserve for unexpected expenditure...	400
	Total	2,000

9. *XI. Miscellaneous.*—The estimate under this head includes a sum of Rs. 400 to meet unforeseen expenses. This provision seems unnecessary and will be struck out.

Mandya.

10. The receipts of this Municipality for 1892-93 are estimated at Rs. 604 against Rs. 721, the actuals of 1890-91 as shown in the margin. They call for no special remarks.

11. Taking into account the debit balance of Rs. 552 on 1st April 1892, the sum available for expenditure during 1892-93 is only Rs. 52; whereas Rs. 493 are proposed to be expended during the year as noted in the margin.

12. *II. Head Office.*—The amount that has to be contributed towards the salary of the Clerk in the Sub-Division office is Rs. 11 and not Rs. 12 as entered. The former figure will be adopted in the Budget.

13. *X. Education.*—The Secretary in the Education Department will be requested, in continuation of Proceedings dated 28th January 1892, No. 12014-6—1171, to provide for the payment of the grants-in-aid for schools in this Municipality as well as in that of French Rocks.

14. The other items call for no remark. The Comptroller is specially authorized to pass the charges according to the estimates as now revised.

Krishnarajpete or Attikuppa.

15. The estimated receipts of this Municipality for 1892-93, which amount to Rs. 419 against Rs. 522, the actuals of 1890-91, are passed.

Items.	Details of Receipts.	Actuals of 1890-91	Estimate for 1892-93

17. *II. Head Office.*—The contribution payable by this Municipality on account of the pay of the Sub-Division office clerk is not Rs. 11 but only Rs. 7, which will be adopted in the Budget.

18. *IV. Conservancy.*—Owing to the inadequacy of funds, it is proposed to reduce the number of sweepers from 4 to 2 and the provision under this head from Rs. 240 to 120. The proposal is approved.

19. The other items, which are the same as those sanctioned for 1891-92, are passed.

Malvalli.

20. The estimated income of this Municipality, which is Rs. 735 against Rs. 740, the actuals of 1890-91, is approved.

22. For Rs. 16 entered under "II. Head Office," on account of the contribution towards the salary of the Clerk in the Sub-Division office, the correct amount, Rs. 13, will be substituted.

23. *VIII. Public Works.*—The provision made for the following works, estimated to cost Rs. 750, is approved:—

		Rs.
(1)	Repairing roads	200
(2)	Constructing V drains	400
(3)	Repairing drains and tunnels	100
(4)	Reserve for unforeseen expenditure ...	50
	Total.....	750

24. The other items are passed.

Melkote.

25. The estimated receipts of this Municipality for 1892-93 amount to Rs. 1,007 against Rs. 614, the actuals of 1890-91.

Items.	Details of Receipts.	Actuals of 1890-91	Estimate for 1892-93.
II	Tax on houses	221	312
VII	Mohatarfa	270	337
X	Miscellaneous	123	358
	Total	614	1,007

26. *X. Miscellaneous.*—The increased estimate under "(*f*) School Fees," based upon the probable receipts for 1891-92, and the income of Rs. 70 under "(*n*) Other items," expected from the rent of temporary stalls opened during the Vairamudi Jatra, account for the increase under this head. The latter item will be transferred to "VIII. Rents, (*e*) Markets," and the estimate reduced to Rs. 298.

27. Excluding from the receipts, Rs. 1,007, the estimated debit balance, Rs. 550, the sum available for expenditure during 1892-93 is only Rs. 457, but the proposed expenditure amounts to Rs. 902, showing a deficit of Rs. 445 at the end of the year.

28. Owing to this deficit, no provision is made under "VIII. Public Works." The Deputy Commissioner is also requested to propose reductions under other heads.

Nagamangala.

29. The estimated income under all heads amounts to Rs. 534 against Rs. 383, the actuals of 1890-91, as noted in the margin.

30. *X. Miscellaneous.*—During 1892-93, a sum of Rs. 81 is expected to be derived by the sale of house sites against Rs. 18 realized in 1890-91. This is the main item of increase in the estimate, which is allowed.

31. Excluding Rs. 36, being the estimated debit balance against the Municipality, the sum available for expenditure during 1892-93 is Rs. 498, of which Rs. 367 are proposed to be expended as shown below, leaving a balance of Rs. 131 at the end of the year :—

32. *II. Head Office.*—A sum of Rs. 11 will be entered under this head in lieu of Rs. 10 provided in the Budget.

33. *IV. Conservancy.*—There are at present 6 sweepers and 1 peon on Rs. 4 each per mensem. For want of funds, it is proposed to retain only 4 sweepers. For the same reason, no provision has been made on account of "Lighting" and "Public Works." The other items call for no remark.

Maddur.

34. The income of this Municipality for 1892-93, which is estimated at Rs. 358 against Rs. 318, the actuals of 1890-91, is approved.

Letter dated 7th March 1892, No. 830, from the Deputy Commissioner of the Hassan District, stating, with reference to Government Proceedings, dated 16th February 1892, No. 13050-1322, that the contingent charges referred to in the Proceedings were incurred on account of articles purchased for use in the Taluk Cutcherry; and that owing to the absence of a distinct head in the Budget or Annual Statement No. I, the same was shown under other heads.

No. 14555-66—L. 1504, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—In future the contingent charges incurred in the Vice-President's office as well as in that of the President should be entered under "II. Head office" as a sub-head, the other contingencies being shown under "XI. Miscellaneous" (*h*) Other items.

M. NARAIN RAO,
for Chief Secretary.

To—The Deputy Commissioner, Hassan District.
The Comptroller.
The Deputy Commissioners of other Districts.
The Presidents of Bangalore and Mysore Cities.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 17th March 1892.

READ:—

Letter from the Deputy Commissioner of the Tumkur District, dated 5th March 1892, No. 923, submitting, for sanction, an estimate for Rs. 24 for repairing the cattle pound at Kamadu in the Huliyar Sub-Taluk.

No. 14603-11—L. 1509, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—Sanctioned. The cost will be met from the general savings in the current year's District Fund Budget of the Tumkur District.

2. Due provision should, in future, be made in the annual District Fund Budgets on the side of expenditure on account of (I) the repairs of cattle pounds, (II) feeding charges of impounded cattle and (III) remuneration payable to pound-keepers, the gross receipts realized by the sale of stray cattle and fines from cattle trespass, being shown, without any deduction for feeding charges of the impounded cattle, on the side of receipts.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District, returning the estimate,
The Comptroller, with copy of the Abstract Estimate.
The Deputy Commissioners of other Districts.

READ:—

Docket No. 501—347, dated 10th February 1891, from the Deputy Commissioner, Chitaldroog District, submitting for sanction statements of compensation, amounting to Rs. 4,251—10—2 to be paid for lands taken up in the Davangere Taluk for the Gubbi-Harihar Railway, duly verified by the Resident Engineer of the Southern Mahratta Railway at Bangalore.

No. 14650-1—133, DATED 17TH MARCH 1892.

ORDER THEREON.—The total area and assessment of the lands taken up for the Gubbi-Harihar Railway in 27 villages of the Davangere Taluk, both permanently and temporarily, are acres 607—1—46 and Rs. 473—7—11, respectively, as per details in the subjoined statement:—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 17th March 1892.

2. The total amount of compensation proposed to be paid for occupied lands taken up both permanently and temporarily is Rs. 4,251—10—2 inclusive of the value of trees and wells therein. The rates of compensation fixed range as follows :—

For dry lands	.. ..	8 as. to Rs. 70 per acre.
For wet lands	.. ..	1 to 8 Rs. per acre.
For garden lands	.. ..	1 to 15 Rs. per acre.
For a building site taken up at Davangere		Rs. 500 per acre.

In the cases noted on the margin, the rates of compensation fixed for lands temporarily taken up are higher than those fixed for portions permanently acquired. The reason for this difference requires explanation.

3. From the remarks made in the statement, it appears that the owners of the Inam lands noted below are unwilling to receive the compensation fixed, that they wish to have separate lands allotted to them in lieu of those taken up and that they have been accordingly permitted to select separate lands. Such being the case, no compensation should have been shown against their names and included in the total amount of compensation recommended, *viz.*, Rs. 4,251—10—2.

4. The sum of Rs. 4,251—10—2 mentioned above includes a sum of Rs. 533—1—0 which, it is stated, represents the rent to be paid *annually* by way of compensation to the owners of the marginally noted lands situated in the Haribar Kasaba which have been taken up *temporarily* and upon which buildings are stated to have been raised. The rent payable for 3 years would thus amount to Rs. 1,599—3—0 which seems a very high compensation to pay merely for the use of the lands for 3 years, especially, when it is remembered that similar lands acquired permanently cost much less. The Deputy Commissioner's attention is drawn to this point, and he is requested to report whether a more reasonable rate of rent cannot be fixed for the temporary use of the lands in question.

7. In the case of Inam lands taken up temporarily, it will be desirable, in accordance with the provisions of Section 43 of the Land Acquisition Act, to fix a reasonable compensation or rent for the use of the lands for 3 years. Permanent allotment of land in exchange will not be required.

8. In the cases noted in the margin, the Deputy Commissioner remarks that the occupants concerned are unwilling to receive the amounts of compensation fixed and that if they do not accept such amounts after they are sanctioned by Government, their cases will be referred to the Civil Courts for settlement. This is approved.

READ:—

The following correspondence on the subject of the fees received on account of licenses under the Indian Arms Act, issued in the Madras Presidency and countersigned by the Darbar for use throughout Mysore:—

(1.) Letters Nos. 159 and 221, dated 13th and 26th May 1891, respectively, from the Comptroller to the Government of Mysore, bringing to notice that the fees payable for countersignature of licenses under the Arms Act being remitted by means of postage labels, a discount is demanded for their realization, and that, in certain instances, the Post Office refused to accept such stamps on account of their soiled condition.

(2.) Letter No. 2757—111, dated 6th June 1891, from the Chief Secretary to the Dewan of Mysore, to the 1st Assistant to the Resident, requesting that, in such cases, in future, either Mysore General Stamps be purchased and sent in payment of the fees in question, or that cash be remitted by Post Office Money Orders, or Public Service Remittance Transfer Receipts.

(3.) The following Letter No. 834—236-91, dated 14th March 1892, from the 1st Assistant to the Resident in Mysore, to the Dewan of Mysore.

In reply to your letter No. 2757—111, dated the 6th June 1891, I am directed to state that it has been decided that fees for the licenses under the Indian Arms Act, which may be received from the Madras Presidency for the countersignature of the Darbar, will in future be remitted in cash, from this Office, which will receive it by Postal Money Orders.

Docket No. 814 of the 8th February 1892 from the Deputy Commissioner of the Tumkur District.

No. 14691-2—269, DATED 17TH MARCH 1892.

ORDER THEREON.—With the above, the Deputy Commissioner submits for sanction, statements of lands taken up in the Tiptur Taluk for the Harihar Railway, duly verified by the Resident Engineer of the Southern Mahratta Railway at Bangalore.

2. These lands have been taken up in 25 villages (excluding an Amrut Mahal Kaval) attached to the Tiptur Taluk. The total extent and assessment of the lands taken up both permanently and temporarily are 549-6-60½ acres and Rs. 587-14-0 respectively, as particularized in the following statement :—

3. No compensation is payable for unoccupied Government waste lands. The total amount of compensation fixed for occupied lands is Rs. 11,781-13-1 as shown below :—

		Amount.		
		Rs	A.	P.
(*a*)	For lands permanently taken up	3,433	4	6
(*b*)	For lands temporarily do	2,455	4	7
(*c*)	Value of trees, buildings, wells, &c.	5,893	4	0
	Total....	11,781	13	1

4. The rates of compensation fixed vary from Rs. 5 to 75 per acre in the case of dry lands and from Rs. 15 to 100 per acre in the case of gardens. The circumstances under which it has been found necessary to adopt a uniform rate of compensation both for lands taken up *permanently* as well as for those acquired *temporarily* should have been explained. The payment of the compensation of Rs. 11,781-13-1 as recommended by the Deputy Commissioner is however sanctioned with the following observations.

5. It is noted that in case No. 7 (Kempamma Devaru) of the Kupal village, an area of 5 guntas and 90 square yards of Inam land has been temporarily taken

up though no compensation is fixed therefor. The Deputy Commissioner states that separate land would be allotted in exchange. As the land in question is to be taken up temporarily and is likely to be available for cultivation at the end of 3 years, the Deputy Commissioner will fix a reasonable compensation or rent for the use of the land for that period. No allotment of land in exchange will thus be required.

6. In the cases noted on the margin, Inam lands have been taken up both permanently and temporarily and it is presumed that the proposal for grant of separate lands in exchange applies only to such of them as have been taken up permanently for Railway purposes. The Deputy Commissioner's further report in the matter is awaited.

7	...	Arlaguppa.
2	...	Mudlahalli.
1	...	Kotinakanhalli.
2	...	Marangere.
6	...	Madihalli.

7. With reference to the remark in the last column of the statement against some cases, to the effect that the jodi or kandayam (as the case may be) has to be refunded, the Deputy Commissioner is requested to submit the necessary refund bills for sanction in due course.

8. The statement has been very indifferently prepared and carelessly copied. For instance, the remark entered against No. 7 (Hanumantaraya Jodi) in the Dunda village that "the jodi amount paid should be refunded" is made applicable to subsequent Nos., *viz.*, 8 and 10 to 13, by the insertion of the word "ditto" against these numbers which are not jodi. Again the word "do" is used in the remarks column against Nos. 11, 13 and 14 of Bommanahalli village without any object or meaning. These errors are misleading and greater care should have been taken in the preparation of these important statements.

9. The Agent and Chief Engineer will be requested to state if the lands temporarily acquired for Railway purposes will be restored to the owners within the period of 3 years from date of occupation as required by Section 43 of the Land Acquisition Act X of 1870.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 21st March 1892.

READ :—

Letter from the Deputy Commissioner of the Hassan District, dated 16th January 1892, No. 698, submitting the Budget Estimates of the several Municipalities of the Hassan District for the year 1892-93.

No. 14856-67—L. 1571, DATED BANGALORE, 21ST MARCH 1892.

HASSAN.

ORDER THEREON.—The receipts of this Municipality for 1892-93 are estimated at Rs. 7,974 against Rs. 7,431, the actuals of 1890-91, and Rs. 6,505, the estimate for 1891-92.

Details of Receipts.	Actuals of 1890-91.	Estimate for 1891-92.	Estimate for 1892-93.
I. Octroi	2 653	2,100	3,282

IX. Fines	9	8	...
X. Miscellaneous ...	1,505	1,067	1.154
Total.....	7,431	6,505	7,974

2. The increase under "I. Octroi" is based upon the probable collections of 1891-92 and that under "II. Tax on houses" and "VII. Mohatarfa" on the Jamabandi amount for 1891-92. The estimates are passed.

3. *X. Miscellaneous.*—The estimate under "(*c*) Cattle Pounds" does not include the feeding charges to be incurred on account of impounded cattle, which have to be taken into account both under Receipts and Expenditure as required in Government Proceedings, dated 24th August 1891, No. 6227-39—L. 429. The amount that has to be entered on this account for this and other Municipalities should be intimated in view to the estimates being raised.

4. The estimated opening balance on 1st April 1892 is given as Rs. 4,218, but, excluding Rs. 2,055, the amount which is expected to lapse at the end of March 1892 and which has been erroneously included, the balance is Rs. 2,163, which being added to the receipts (Rs. 7,974), the sum available for expenditure during 1892-93 will be Rs. 10,137, of which Rs. 8.120 are proposed to be expended as noted in the margin, leaving a balance of Rs. 2,017 at the end of the year.

5. *II. Head Office.*—No increase to Office Establishment should be included in the Budget without the previous sanction of Government. Separate proposals indicating the necessity for extra establishments should be submitted for the consideration and orders of Government. The increase provided under "II. Head Office" amounting to Rs. 60 will, therefore, be struck out.

6. *III. Collection.*—As recommended by the Board, the retention of the establishment for the collection of Octroi duty for another year is sanctioned tentatively.

7. *IV. Conservancy.*—A sum of Rs. 150 is newly entered on account of the purchase of a cart for removing night soil. This accounts for the increase in the estimate, which will be allowed.

8. *VIII. Public Works.*—The provision made for the works noted below is sanctioned :—

		Rs.
(1.)	Forming new roads	200
(2.)	Repairing roads	600
(3.)	Constructing V drains	100
(4.)	Repairing old drains	50
(5.)	Constructing a hut for Octroi Peons	50
(6.)	Filling in a fort trench	500
(7.)	Compensation	300
	Total Rs.....	1,800

9. *XI. Miscellaneous.*—The provision for the up-keep of ornamental trees is proposed to be raised from Rs. 48 to 60. This is approved. A sum of Rs. 750 is entered on account of the adjustment of charges incurred on the occasion of His Highness the Maharaja's visit to Hassan. A statement, showing details of the charges incurred, should be submitted and the previous sanction of Government obtained before the proposed adjustment is made.

Alur.

10. The estimated receipts of this Municipality for 1892-93 amount to Rs. 1,036 against Rs. 964, the actuals of 1890-91. The estimate is fair and calls for no remark.

Total.....	1,555	782	996

35. *II. Head Office.*—The allowance proposed to be given to the Taluk Gumasta is sanctioned.

36. *IV. Conservancy.*—The addition of a sweeper on Rs. 4, and the proposed increase of one rupee to the pay of each of the existing 4 sweepers account for the increase in the estimate, which is allowed.

37. *VIII. Public Works.*—Owing to the insufficiency of funds, the provision made for drains, *viz.*, Rs. 500, will be struck out and the estimate reduced to Rs. 100. If the estimated balance be more than Rs. 338, a supplemental budget should be submitted for the item disallowed.

38. The provision under XI, Miscellaneous calls for no remark.

ARSIKERE.

39. The income of this Municipality, as estimated by the Board for 1892-93, amounts to Rs. 1,777 against Rs. 716, the actuals of 1890-91.

Details of Receipts.	Actuals of 1890-91.	Estimate for 1891-92.
II. Tax on houses	108	685
VII. Mohatarfa	179	629
X. Miscellaneous	429	463
Total.....	716	1,777

40. *II. Tax on houses and VII. Mohatarfa.*—There is a large increase under these heads, owing, it is said, to the entire receipts from these sources and the tax on Railway buildings being included in the estimate, while the actuals included only moieties. The President is requested to submit a detailed statement showing the actuals and the estimates and the increase under each head, and, pending further explanations, the estimates will stand.

41. Adding to the receipts (1,777), the estimated opening balance of Rs. 429, the sum available for expenditure during 1892-93 is Rs. 2,206, of which Rs. 1,926 are proposed to be expended, leaving a balance of Rs. 280 at the end of the year, which is less than 25 per cent of the receipts by Rs. 164.

42. *II. Head Office.*—The provision made for the allowance to be given to the Gumasta attending to the correspondence connected with this Municipality is sanctioned.

43. *IV. Conservancy.*—The increase proposed to be given to the sweepers and the entertainment of a peon on Rs. 6 per mensem are approved.

44. *VII. Lighting.*—The provision newly made on account of lighting will be disallowed, as the fixed charges exclusive of Public Works are in excess of the ordinary receipts.

45. *VIII. Public Works.*—The provision made for the marginally noted works is sanctioned.

46. *X. Education.*—The increase of Rs. 43 provided under this head, on account of school furniture, is sanctioned.

47. The other items call for no remark except that the correct total of the estimate for 1892-93 under XI, Miscellaneous is Rs. 97 and not Rs. 320 as erroneously entered in the Budget Statement No. I.

CHANNARAYPATNA.

48. The estimated income of this Municipality for 1892-93, which amounts to Rs. 1,007 against Rs. 1,092, the actuals of 1890-91, is passed. There is no balance in favor of the Municipality and the sum available for expenditure during 1892-93 is only Rs. 1,007. The proposed charges, which exceed this amount by Rs. 333 as noted in the margin, have, therefore, to be curtailed by Rs 585 to meet the deficit and to maintain the usual balance.

49. In lieu of the allowance heretofore granted to the Village Establishments for Octroi collections, a sum of Rs. 36 is provided for payment to the Taluk Gumasta. For want of funds, the item will be reduced to Rs. 10, the amount sanctioned in 1891-92, on account of commission.

50. *VIII. Public Works.*—The sum of Rs. 200 provided for making additions to the bandy-stand will be struck out and the estimate for repairing roads in the towns reduced to Rs. 300.

51. *IX. Charitable Grants.*—The sum of Rs. 60, which has to be contributed towards the pay of the Midwife, is passed. The provision for purchase of furniture for the Dispensary is struck out.

52. The other items call for no remark, but the Deputy Commissioner should propose further reductions, if the actual balance on 1st April 1892 is less than Rs. 354.

ARKALGUD.

53. The receipts of this Municipality, which are estimated at Rs. 1,240 against Rs. 1,371, the actuals of 1890-91, is approved.

58. Including the opening balance of Rs. 357, the sum available for expenditure during 1892-93 is Rs. 1,933 and the proposed expenditure, which exceeds this amount by Rs. 1,874, has to be considerably reduced. The *marginally noted increases are disallowed and the provision for works will be curtailed from Rs. 2,275 to Rs. 300, as shown below :—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 24th March 1892.

READ :—

Dockets dated 5th, 19th and 21st December 1891, Nos. 38, 50 and 52, respectively, and letters, dated 19th and 25th February 1892, Nos. 75 and 82, respectively, from the Deputy Commissioner of the Kadur District, submitting the Budget Estimates of the several Municipalities of the Kadur District for the year 1892-93.

No. 15125-36—L. 1614, DATED BANGALORE, 24TH MARCH 1892.

CHIKMAGALUR.

ORDER THEREON.—The income of this Municipality for 1892-93 is estimated at Rs. 15,647 against Rs. 14,683, the actuals of 1890-91, and Rs. 50,400, the estimate for 1891-92.

Items.	Details of Receipts.	Actuals.	Estimate for—

XI	Payments for Municipal Services rendered to individuals ..	2	3	..
	Total	14,683	14,400 +36,000	15,647

2. *II. Tax on houses and VII. Mohatarfa.*—Increased receipts are expected under these heads in consequence of the revision now being made to take effect from 1892-93. The estimates are passed.

3. *X. Miscellaneous.*—The estimate for 1891-92 included Rs. 36,000 under "(*b*) Loans" on account of the water-supply project, hence the large decrease in the estimate for 1892-93. The estimate under "(*c*) Cattle pounds" does not include the amount needed for feeding charges of the impounded cattle, which ought to be taken into account in estimating both receipts and expenditure in accordance with Government Proceedings, dated 24th August 1891, No. 6227-39—L. 429. The requisite information should be furnished with a view to the estimates being raised in all the Municipalities in the District. The estimate of Rs. 400 entered under "(*m*) Contributions" includes the maintenance allowance of the District Fund roads within the Municipal limits; but the amount of contribution payable for these roads is not specified. The omission should be supplied.

4. The other items call for no special remarks.

5. The estimated balance in favor of the Municipality on 1st April 1892 is given as Rs. 7,121, which does not appear to have been correctly calculated. Adding to the actual balance on 1st April 1891 the estimated receipts for 1891-92 and deducting therefrom the sanctioned expenditure, the balance amounts to Rs. 4,798, as shown in the statement appended to Government Proceedings, dated 23rd January 1892, No. 11629-33—L. 1102. The balances of other Municipalities shown in that statement will also be adopted.

6. Adding to the estimated receipts (Rs. 15,647), the estimated balance Rs. 4,798, the sum available for expenditure during 1892-93 is Rs. 20,445, of which Rs. 15,677 are proposed to be expended, leaving a balance of Rs. 4,768 at the end of the year.

7. *II. Head Office.*—In accordance with Government Proceedings, dated 11th June 1891, No. 2,996-3003—L. 224, the proportionate allowance the Municipality has to contribute is Rs. 191. Adding to this Rs. 10 required for furniture, the amount which has to be entered in the Budget is Rs. 201. The contributions payable by all the Municipalities amount to Rs. 336 and the distribution ought to be made as shown below:—

		Rs.

8. *III. Collection.*—The increase under this head, which is on account of the proposed entertainment of two additional Kolkars on Rs. 4 each per mensem for the Head or Central Katte and the Katte on the Sakrapatna road, is sanctioned.

9. *V. Police.*—The Municipality having been relieved of Police charges in Government Proceedings, dated 18th June 1891, No. 3328-9—L. 234, no estimate is entered under this head.

10. *VIII. Public Works.*—The provision made under the head, for the undermentioned works is sanctioned:—

		Rs.

	Total Rs.....	7,000*

* Exclusive of Rs. 390 for supervision establishment.

11. *XI. Miscellaneous.*—A sum of Rs. *2,440 will be entered under the head "(*b*) Repayment of loans" on account of the instalment payable by the Municipality under Government Proceedings, dated 21st November 1890, No. 9367-9—192-L. 46, towards the loan of Rs. 36,000. The estimate will be raised accordingly. The other items call for no special notice.

24. *VIII. Public Works.*—The provision under this head, which is for works noted below, is passed:—

	Rs.
Repairing roads	200
Do drains	200
Total.....	400

25. *X. Education.*—A sum of Rs. 24 newly provided on account of the furniture of the English school in the town accounts for the increase in the estimate, which is sanctioned.

26. The other items are passed.

KADUR.

27. The estimated income of this Municipality under all heads amounts to Rs. 1,607 against Rs. 1,829, the actuals of 1890-91 as noted in the margin. The estimate, which does not call for any special remarks, is approved.

29. *Head Office.*—A sum of Rs. 20 will be entered under this head in lieu of Rs. 22 proposed by the President.

30. *IV. Conservancy.*—There is a small reduction of expenditure proposed under this head owing to a reduction in the pay of sweepers and the hire of cart. The estimate is sanctioned.

31. *XI. Miscellaneous.*—No details have been furnished for a lump sum provision of Rs. 50 "for gardens" entered under "(*h*) Other items." Another sum of Rs. 50 is included under the same head to meet unforseen expenses. Both these items, the necessity for which has not been explained, will be struck out and the estimate reduced from Rs. 194 to Rs. 94.

32. The other items are passed.

YEDAHALLI.

33. The income of this Municipality for 1892-93 is estimated at Rs. 980 against Rs. 673, the actuals of 1890-91.

36. The new provision under "X. Education" is made in accordance with the Education Secretary's docket dated 27th October 1891, No. 4532—121, on account of the English classes of the Kanarese School in the town. As funds are wanting, the formation of the English classes must be postponed to another year. The estimate will accordingly be reduced to Rs. 24. Pending the final orders of Government, which will be passed on submission of the Deputy Commissioner's proposals for reducing the items of expenditure in view to meet the deficit and to maintain the usual balance of one-fourth of the receipts, the Comptroller is authorized to pass the usual charges.

SRINGERI.

42. The income of this Municipality is estimated at Rs. 1,631 against Rs. 1,302 the actuals of 1890-91.

I. Octori	...1,021	1,062
II. Tax on houses...	140	320
VII. Mohatarfa ...	111	230
X. Miscellaneous ...	30	19
	1,302	1,631

43. *II. Tax on houses and VII. Mohatarfa.*—The cause of the increase under each of the items has not been explained. The actuals of 1890-91 were only Rs. 140 and 111 and the probable collections of 1891-92 were Rs. 262 and 188 respectively. There is therefore no reason to expect larger amounts than the probable receipts. Pending explanation, the estimates will be allowed to stand.

44. Including the opening balance of Rs. 654, the sum available for expenditure during 1892-93 is Rs. 2,285, of which the estimated expenditure amounts to Rs. 1,964 as shown below:—

		Actuals.	Estimates.

45. *II. Head Office.*—In lieu of Rs. 17 proposed under this head, Rs. 20 which has to be contributed by this Municipality during 1892-93 will be inserted in the Budget.

46. *XII. Contribution.*—In accordance with what has been stated in the concluding para of Government Proceedings dated 31st December 1891, No. 10654—929, the amount that has to be entered under this head is Rs. 815 and not Rs. 510 as provided in the budget. The former figure will be adopted.

47. Owing to the insufficiency of funds, the provision of Rs. 80 made under "VII. Lighting" on account of the purchase of new lamp-posts and lanterns and of Rs. 150 made under "VIII. Public Works" for constructing roads and dust-bins will be disallowed and the following items retained:—

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 2nd March 1892.

CAMP No. 1150—53, DATED MYSORE, 2ND MARCH 1892.

ORDER.—In view of the period which has elapsed since the compilation of the Gazetteer of Mysore, and of the numerous and important changes which have taken place during that period alike in the administration of the country in its industrial development, in communications and in the progress of the population, the Government of Mysore consider that the time has arrived when it is imperative that a new edition should be prepared embodying a full account of the country up to the present date. And in carrying out this resolution, it has been decided to entrust the work of compilation to Mr. L. Rice, C. I. E., the original Compiler of the Gazetteer.

The Government approve of Mr. Rice's proposal that there should be one volume of permanent information such as the history, ethnology, physical features, &c., which would not require much future alteration, and another volume of information requiring to be written up periodically relating to the statistics of population, industry, revenue, &c., Mr. Rice is requested to draw up as early as possible a programme of the way in which he would recommend that the work of preparing the new edition of the Gazetteer should be carried out. On receipt of his recommendation, a moderate establishment for the Clerical and Press work involved, will be sanctioned.

2. In order that the Archæological work may not be delayed by the Gazetteer work above referred to, and that both may be completed by the expiry of the term which has been fixed for Mr. Rice's service, namely 31st March 1893, the Government are of opinion that he should have suitable help from a qualified Assistant as well in the publication of the results of the Archæological Survey, as in the preparation of the new edition of the Mysore Gazetteer. The Government select for the post of such Assistant Mr. V. N. Narasimhaiengar, now employed as Census Superintendent. He will be requested to enter upon his duties as Mr. Rice's Assistant as early as possible, but without prejudice to his Census work which, it is believed, is now so nearly completed, as to permit of his giving to Archæological and Gazetteer work the greater part of his time during the next two months, and the whole of it afterwards.

3. The Archæological Survey has been already completed in 56 out of the 66 Taluks. The remaining 10 Taluks can, it is believed, be all surveyed during the next field season. As regards the publication of the results, the volumes for the Mysore, Hassan and Kadur Districts are already in the Press, and with Mr. Narasimhaiengar, as his Assistant, and with the permission already given to print the volumes in Presses outside the Province if necessary, it is hoped that Mr. Rice will be able to complete all the remaining volumes before 31st March 1893.

4. Another useful work on which Mr. Rice has been engaged for sometime past is, the collection of rare Kanarese manuscripts for the Oriental Library at Mysore. Mr. P. Chentsal Rao, C. I. E., has kindly undertaken to do the needful for getting up the Sanskrit portion of the Library The Kanarese portion has been under Mr. Rice, who has already obtained on loan a large number of manu-

scripts which are all being copied by an establishment placed under him for the purpose. This work should continue as heretofore, the cost of the copying establishment being, for budget purposes, shown under "Oriental Library" subordinate to the head "Educational Department," and all copies when ready and any original manuscripts which may be purchased being transferred from time to time to the Oriental Library now in the course of being formed at Mysore. The Government are particularly desirous that the Kanarese portion of the Library should be ready as quickly as possible.

5. In special recognition of Mr. Rice's services, His Highness the Maharaja has been pleased to direct that Mr. Rice's salary be increased from Rs. 1,350 to Rs. 1,500 per mensem with effect from 1st February 1892.

READ AGAIN THE FOLLOWING PAPERS :—

PROCEEDINGS OF GOVERNMENT No. 12841-2—1504, DATED 11TH FEBRUARY 1892.

Letter No. 684 of the 7th January 1892, from the Director of Statistics and Agriculture, soliciting early sanction to the scheme submitted by him, with his letters Nos. 85 and 10, dated respectively 4th June 1890 and 11th April 1891, for the entertainment of Apprentice Gardeners to be trained by the European Head Gardener who has already taken charge of his duties in the Lal-Bagh.

ORDER THEREON.—The Government are pleased to sanction the proposals made by the Director of Statistics and Agriculture for establishing a Gardeners' class in the Lal-Bagh for the training up of a body of good "Malis" or Native Gardeners, consisting of young men of the ordinary gardener class who may in course of time be expected to become nursery gardeners on their own account, and be able to impart a superior education and training to their children.

2. To begin with, 6 scholarships tenable for 3 years at the rates proposed by Mr. Cameron and shown in the margin will be given to deserving candidates, the necessary provision therefor being made in the Budget of the Government Botanical Gardens at Bangalore.

1st year, 4 Rupees each per mensem, $6 \times 4 \times 12 = 288$ Rupees per annum.

2nd year, 5 Rupees each per mensem, $6 \times 5 \times 12 = 360$ Rupees per annum.

3rd year, 6 Rupees each per mensem, $6 \times 6 \times 12 = 432$ Rupees per annum.

3. The Director of Statistics and Agriculture is requested to obtain from Mr. Cameron and submit for the information of the Government a curriculum of the subjects proposed to be taught to the students and the instructions to be laid down for the guidance of the Head Gardener and his pupils.

Proceedings No. 658—60 of the 28th November 1891, directing Mr. J. Cook, Principal of the Central College, Bangalore, and his Assistant Mr. Venkatesaiengar, to proceed to Calcutta and to make themselves acquainted with the working of the Meteorological Observatory there.

READ ALSO :—

From the Director of Statistics and Agriculture, To the Chief Secretary to the Government of Mysore, No. 751, dated 15th February 1892.

With reference to Government Proceedings No. 658—60 of the 28th November last, I have the honor to forward herewith Mr. Cook's report of his visit to Calcutta in connection with the establishment of Meteorological Observatories in Mysore, for information and orders of Government.

2. The Meteorological shed at Bangalore has been for some time ready. The instruments required for 2nd class Observatory having now been received, the Bangalore Observatory may be opened, say, from the 1st March 1892, Mr. Venkatesaiengar, Science Assistant, Central College, being placed in charge of it till the 1st class Observatory is ready. Mr. Venkatesaiengar would also have to undertake the training of men for the other 2nd class Observatories and in fact take charge of all the 2nd class Observatories. As regards the persons who should be thus appointed, attention is requested to para 14 of Mr. Cook's report.

3. I have yet to learn that the sheds ordered at Mysore, Arsikere and Harihar have been constructed.

4. I am writing to Mr. Cook to be good enough to place himself in communication with Messrs. Pedler and Little in order to obtain complete plans and estimates of all the buildings, rooms, dark or otherwise, turrets, rooms for observer, building for sunshine recorder, appertaining to the Government Observatory at Alipore. I have also authorized Mr. Cook to offer to pay for the services (if necessary) of a competent Surveyor to prepare the said plans and estimates.

5. Lastly, I beg that I may be authorized to order through Mr. Cook, the instruments necessary for a 1st class Observatory as per para 9 of Mr. Cook's report, at a cost of £ 400. Or they may be ordered direct of Mr. J. J. Hicks by the Mysore Government.

REPORT.

1 In accordance with Dewan's order No. 658—60, dated Mysore, 28th November 1891, I proceeded to Calcutta with my Science Assistant Mr. Venkatesaiengar, to study the working of the Government of India Meteorological Observatory, in view to the establishment of one or more First class Observatories in the Mysore State.

2 We left Madras by the P. and O. S. S. Satlej which was advertised to sail on the 25th December but did not actually sail till Saturday the 26th; and we reached Calcutta on the afternoon of Tuesday, 29th December.

3 Next day, Wednesday 30th December, I visited the Government of India Meteorological Office, 5 Russell Street, and there made the acquaintance of Professor Pedler, Meteorological Reporter to the Government of Bengal, and of Professor Little, Assistant Meteorological Reporter to the Government of India. Both of these gentlemen showed me every kindness and readiness to give all information as to the working of the Office and the Department generally. Mr. Little drove me out to the Government Observatory at Alipore, and kindly went over the whole of the buildings, showing me all the apparatus, its arrangement and working.

4 They have at Alipore a complete set of the ordinary instruments such as are in use at a Second class Observatory, and also a complete set of self recording apparatus such as a First class Observatory should be provided with. They have in addition various pieces of apparatus required for the testing of the thermometers, barometers and other instruments which are supplied to observing stations or for testing any Meteorological instruments that may be sent them by private individuals for the purpose of being tested.

5 Through the kindness of Messrs Lazarus and Co., Bentinck Street, my assistant secured a house near the Alipore Observatory and this was a great convenience to him.

6 Next day (Thursday 31st December) I went out again to Alipore, taking Mr. Venkatesaiengar with me to introduce him to the Chief Observer there, and to go over the various rooms with him and examine the various instruments. We arranged on that day that Mr Venkatesaiengar would attend the Observatory regularly to get instruction and practice in the reading of the various instruments, the recording of the readings and the general practical work of an Observatory. Accordingly Mr. Venkatesaiengar attended regularly thereafter, and the Chief Observer (Mr. Baboo Brojo Mohun Ruckhit) told me that he showed great aptitude in picking up the information and practical hints.

7 I paid a number of visits subsequently both to the Alipore Observatory as well as to the Meteorological Office at 5 Russell Street so as to make myself acquainted with the arrangements and working of the various instruments.

8 In the absence from Calcutta of Mr. Elliot, I conferred with Mr. Pedler and Mr. Little as to the instruments which we in Mysore should procure for a First class Observatory. They confirmed, what I had supposed to be likely, that the Mysore Government should get their instruments for this Observatory directly from England, as it would only cause unnecessary expense and delay to get them through the Government of India, Meteorological Department.

9 The following is the list of apparatus which Messrs. Pedler and Little agreed that we should procure for the First class Observatory in Mysore. They are, it may be remarked, exactly like those in constant use at the Alipore Observatory; and they agreed that J. J. Hicks. 8—10, Hatton Garden, London, E. C., was as good a Maker as any to order them from. I accordingly give the references and prices as per his Catalogue :—

1.	Standard Mercury Barometer, with scale graduated for altitude of 3,000 feet. (Hicks New Catalogue, Fig 7)	£	21
2.	Observing Cathetometer (Hicks Fig 11)	£	20
3.	Self-recording Mercurial Barograph (Hicks Fig 52)	£	68
4.	Self-recording Thermograph and Hygrometer (Hicks Fig 174) ...	£	82
5.	Beckley's self-recording Pluviograph Hicks	£	36
6	Beckley's self-recording Anemograph Hicks	£	70
7.	Solar Radiation Thermometer (Hicks, No. 229)	£	1—10
8.	Universal Sunshine Recorder	£	10—10
	1 year's supply of papers for do	£	1—15
9.	Apparatus for testing Aneroids Hicks No.	£	12— 0
10.	Set of Standard Maximum and Minimum 14 inch Thermometers and Mason's Hygrometer (Hicks Fig 111)	£	3—15
11.	Regnault's Hygrometer (Hicks 167)	£	3—10
12.	Daniell's Hygrometer (Do 168)	£	2—15

13. Terrestrial Minimum Thermometer with stand for the grass 17*s.* 6*d.* With carriage and packing charges, the total amount may be put at £ 400 for instruments.

10 Of these the most difficult to set up and to manipulate will be Nos. 3, 4, 5, 6 and 8; and I accordingly paid special attention to the disposition and arrangements of these at Alipore. The *Barograph* and *Thermograph* were placed each in a separate dark room, as the registration is done photographically by the light of a kerosine lamp; and there was a third dark room adjoining for the daily development of the photographic records I am quite familiar with the photographic work and required no instruction in that.

The *Anemograph* and *Pluviograph* record mechanically. They are placed at Alipore on the tops of two separate small turrets of the building—each about 50 feet from the ground. The exposed portions of the instruments are on the flat roofs of the turrets (with merely a light iron railing round) and the recording mechanism of each is in a small room of the turret just below—the mechanical motion being transmitted down by suitable metallic rods or tubes. The towers have to be so high at Alipore in order that the action of the instruments may not be interfered with by neighbouring trees or buildings. The turrets are carefully protected by lighting conductors.

The recording-sheets for these instruments—which are ruled for hours and quarter hours—have to be removed and replaced daily. They are duly filed after reduction and entry in the records of the Observatory.

The *Sunshine Recorder*. was on the roof of a separate building, where they have some astronomical instruments such as a transit telescope for daily observation of the time. But it is not necessary that it should be so remote from the other instruments; all that is needed is unimpeded exposure towards the Sun's daily path It has to be accurately set with its axis in the meridian of the place and at an altitude equal to the latitude. The duration and intensity of the sunshine are recorded every day on a strip of card (divided into hours and quarters) which is placed diametrically along the focal locus of a spherical glass lens. These strips are removed, recorded, filed and replaced daily.

11 In consultation with Mr. Pedler, at 5 Russell Street, I arranged that the following instruments should be supplied to each of the 4 Second class Observatories to be established in Mysore, *viz*:—

1 One Fortin's Barometor

2 One dry Bulbs Thermometer

3. One wet bulb do

4 One maximum do

5. One dry minimum do

6. One wet do do

7 One Rain Gauge with measure

8. One anemometer (Robinson's Cups)

9. One wind vane

10. One Reading glass

Mr. Pedler showed me also a barometer and thermometer cage such as they generall supply to protect these instruments. As however they are rather bulky and of simp construction, I suggested and Mr. Pedler agreed that it would cost less for us to mak them up in Mysore than to carry them from Calcutta Thus only one of each of thes has been sent as a sample.

12 By the 7th January, I found that I had seen and learnt all that was to be learn with reference to the instruments at Alipore, and on that day I paid my last visit to th Observatory as well as to the Meteorological Office, 5 Russell Street. Here Mr. Pedle showed me as much of the Meteorological apparatus as was ready—some of the instru ments had still to be compared with the standards at Alipore and their corrections deter mined—and I arranged that all should be ready and despatched with my assistant, wh would wait for the first direct steamer to Madras the S. S. Clan Macgregor, advertised t sail about the 18th January, As it would have been a useless waste of my time to wai on 10 days in Calcutta for the steamer, I returned to Bangalore by train; leaving How rah on the evening of the 8th January and arriving at Bangalore on the evening of th 13th January.

13 Mr. Venkatesaiengar continued to attend the Alipore Observatory and paid som visits also to the Meteorological Office at 5 Russell Street; and learnt as much as is neces sary for the recording of observations. He left Calcutta as previously arranged by the S. S. Clan Macgregor on Monday 18th January, arrived in Madras on Saturday 23rd and Bangalore on Sunday 24th. He brought all the Instruments and Register Forms with him as per list subjoined. As instructed by me he brought the four barometers with him as extra luggage from Madras to better insure safety; three other large cases were sent on by goods train from Madras. All have now arrived here in good order; and are placed meantime in the Central College until orders be sent as to their final disposal.

14 In conclusion, I beg to say that I found that all the Meteorological Officers in Calcutta were Officers of the Educational Department. Mr. Elliot was formerly Professor of Physics in the Presidency College, Mr. Pedler and Mr. Little are Professors of Chemistry and Mathematics respectively in the Presidency College; and Mr. Ruckhit belongs to the Educational Department. It would be desirable therefore that the Mysore Government should appoint as the observers at its four Second class Observatories Graduates who have passed in Physical Science, of which Meteorology is a branch; and I should imagine that the Science Assistants in the Government Colleges or Schools at the four stations would be the most suitable for the posts. These should be sent for two or three weeks to the Central College to get instructions in the use of the apparatus and the recording of the observations and the Telegraphic Code, and they might take their instruments with them on their return

The First class Observatory will of course require a special building and a Chief Observer to devote his whole time to it and to the Meteorological statistics of the State. On its establishment the Second class Observatory would as a matter of course be incorporated with it as is the case at Alipore. A very suitable site for the First class Observatory would be the rock on the other side of the road almost opposite the Central College.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd March 1892.

No. 14969-73—1586, dated Bangalore, 23rd March 1892.

Order thereon.—The Government have perused with much interest Mr. Cook's report of his visit to Calcutta for the purpose of studying the working of the Government of India Meteorological Observatory.

2. The establishment of a 1st class Observatory at Bangalore has to be deferred till the construction of a suitable building for the purpose. The building should be of the pattern approved of by the Government of India, Meteorological Department and the Public Works Department is requested to put it in hand as soon as possible after the receipt of the plans and estimates which the Director of Agriculture and Statistics has called for through Mr Cook. Mr. Ricketts and Mr. Cook are requested in the meantime to select a suitable site for the building in communication with the Secretary, Public Works Department. The first class Observatory should be in convenient proximity to the Central College, as the Government intend to entrust to Mr. Cook the general supervision of its management and the tabulation of the results obtained. A thoroughly qualified Chief Observer will be appointed and he should be under Mr. Cook's general orders and guidance.

3. The instruments required for the first class Observatory as per list in para 9 of Mr. Cook's report may be ordered, as proposed, direct from England from Messrs. J. J. Hicks, or other first class most advanced manufacturers. The sum of £ 400 required for them will be placed by the Comptroller at the disposal of Mr. Cook, who is in a few months proceeding to England on leave.

4. For the proposed four 2nd class Observatories, the instruments required have all been brought from the Calcutta Head Office. The Director of Statistics and Agriculture is requested to arrange for opening these Observatories as quickly as possible.

5. Mr. Cook thinks that the Science Assistants of Government Schools would make most competent Observers, and there is much weight in this opinion. In Mysore and Bangalore, they can be appointed to these posts, but at Arsikere and Harihar (where there are no High Schools) some others have to be appointed.

6. If the buildings at the last named places have not already been constructed, it is worthy of consideration whether the Observatory should not be placed at Hassan instead of at Arsikere, and at Chitaldroog instead of at Harihar. Both Hassan and Chitaldroog are Head-Quarters of Districts, and would well represent the Meteorology of the south-western and northern parts of the State. Chitaldroog is not a Telegraph Station, but it is proposed to move the Government of India through the Resident to establish one there. The Director of Agriculture and Statistics is requested to report at an early date, whether Hassan and Chitaldroog will not be better in many ways than Arsikere and Harihar. If, however, the last named places have to be selected for the present owing to buildings being ready there, the Hospital Assistants of these stations should be appointed Observers in communication with the Senior Surgeon.

7. Pending the decision of the question regarding the location of the Observatories required for the Hassan and Chitaldroog Districts, Mr. Ricketts is requested at once to arrange with Mr. Cook.—

1stly, for starting the Bangalore Observatory with Venkatesaiengar as Observer, and

2ndly, getting the Science Assistant from Mysore through the Educational Department (during the next summer recess) and training him in the details of working an Observatory under Venkatesaiengar. He should then go back to Mysore and open the Mysore Observatory as quickly as possible. This Observatory, it is hoped, is near the new College building. If it has been put up elsewhere, room for it can easily be found in the new building in communication with the Principal.

8. The Director of Agriculture and Statistics is requested also to report his and Mr. Cook's opinions as to what allowance may reasonably be paid to an Observer at a 2nd class Observatory, if he be a Science Assistant Master, or if he be an Hospital Assistant.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 5th March 1892.

READ:—

Letter No. 90, dated 29th February 1892, from Mr. B. G. Krishnaiengar, Assistant Commissioner on Special Duty, requesting that a further sum of Rs. 40,000 promised for advances for Irrigation wells in the Chitaldroog District in Proceedings No. D. 70, dated 4th January 1892, may now be placed at his disposal as he is about to proceed to that District at once.

No. D. 219, DATED CAMP MYSORE, 5TH MARCH 1892.

ORDER THEREON.—The additional grant of Rs. 40,000 now applied for is sanctioned. Thus, with the first grant of Rs. 40,000 sanctioned in Proceedings No. 9798-83—Cir. 157, dated 12th December 1891, makes up a total of Rs. 80,000 for Irrigation wells in the Chitaldroog District.

Letter No 3132—344, dated 25th February 1892, from the Inspector General of Police, forwarding lists of Police Stations in the Tumkur and Mysore Districts, at which drinking water wells are much needed and requesting that funds be placed at the disposal of the Deputy Commissioners of those Districts for the construction of such wells.

Letter No. 3173—351, dated the 29th February 1892, from the same, requesting that the Deputy Commissioner of Kolar be placed in funds for providing drinking water wells at certain Police Stations in the Kolar District.

No. D. 222, DATED CAMP MYSORE, 5TH MARCH 1892.

ORDER THEREON.—It is observed from the lists received with the letters above cited, that the situation of the wells has been so selected that they will not only serve the purposes of the Police Stations concerned but also of inhabited villages near them or, being on the road-side, will supply the wants of travellers. Sums as noted on the margin are accordingly placed at the disposal of the Deputy Commissioners of Tumkur, Mysore and Kolar from the General Revenue. The attention of these Deputy Commissioners is invited to the instructions contained in Proceedings No. D. 164, dated 16th February 1892, regarding the construction of such wells.

No. D. 224, dated Camp Mysore, 6th March 1892.

Order.—During the continuance of the present season of drought, Deputy Commissioners of Districts are authorized, wherever they consider it necessary to do so, to delegate temporarily the current duties of their offices to the Treasury Assistant Commissioners of their respective Districts, so as to give themselves more time for the initiation and supervision of Relief measures. The Government expect the Deputy Commissioners to travel as much as possible in the affected parts of their respective Districts, as their personal superintendence is essential for the success of the measures which have been adopted.

2. The Amildars likewise will be the Superintendents of Relief operations in their respective Taluks. A Deputy Amildar will, where necessary, be appointed for the current Revenue and Magisterial duties of the Taluk. The time for the appointment of such a Deputy Amildar in the case of any Taluk has not yet arrived, but it is necessary at once to warn every Amildar of the contemplated arrangement. The Deputy Commissioner will instruct each Amildar to the above effect and employ him directly on all Relief works in his Taluk. When hereafter a Deputy Amildar is appointed for the charge of the current duties of the Taluk, the Amildar will be enabled to devote his whole time to Relief measures and there would be no change in the agency held directly responsible for their efficient management.

Letter No. 883, dated 20th February 1892, from the Deputy Commissioner, Tumkur District, reporting that the cost of Amani cultivation in the bed of the Tumkur tank has up to date amounted to Rs. 345—12—0, and that a further sum of Rs 154—4—0 may be required to complete the cultivation undertaken.

No. D. 229, DATED CAMP MYSORE, 6TH MARCH 1892.

ORDER THEREON.—The expenditure of Rs. 500 for Amani cultivation in the bed of the Tumkur tank is sanctioned. The cost should be met from the amount sanctioned for Amani cultivation in Proceedings No. D. 187, dated 20th February 1892.

Letter No. 527, dated 1st March 1892, from the Senior Surgeon and Sanitary Commissioner in Mysore, reporting that some cases of vomiting and diarrhœa have occurred in the Town of Periyapatna, Hunsur Taluk, owing to the insufficiency and impurity of the present supply of drinking water.

No. D. 230, DATED CAMP MYSORE, 6TH MARCH 1892.

ORDER THEREON.—The Dewan learns that upon a report from the Amildar of Hunsur, the Deputy Commissioner has already ordered the construction of new wells for improving the water-supply of Periyapatna. This, it is hoped, will have the desired effect, and the Deputy Commissioner should, if necessary, take other necessary steps and satisfy himself that a sufficient supply of pure drinking water has been provided at once for the inhabitants of that town.

To—The Officer in charge of the Amrut Mahal Department.
The Deputy Commissioners of Districts.

No. D. 232, DATED CAMP MYSORE, 6TH MARCH 1892.

ORDER.—To meet the present exigencies of the public service, a number of extra officers are required for executive duty under the Deputy Commissioners of Districts where special Village Relief Works, operations connected with advances for irrigation wells, advances to weavers, &c., are in progress.

2. The Government will appoint a few such officers, and the others required have to be borrowed from other Departments which can, with the least inconvenience, spare their services in a special season like the present. Under such circumstances, application was made to the Inspector General of Forests for the loan of such Forest officers as he could immediately spare. Mr. Ricketts reports that he can spare the services of the following Forest officers:—

1. Mr. Bapu Rao, Assistant Conservator.
2. Mr. Srinivas Rao, Sub-Assistant Conservator.
3. Mr. C. Appaiya, B. A., Forest Probationer.
4. Mr. M. G. Rama Rao, B. A., do
5. Mr. Hira Singh, B. A., do

3. Of the above mentioned Forest officers, the following will at once report themselves for duty to the Deputy Commissioners of the Districts noted against their names:—

Mr. Bapu Rao, Bangalore District.
Mr. Srinivas Rao, Chitaldroog District.
Mr. Appaiya, Tumkur District.
Mr. Rama Rao, Kolar District.

4. The Deputy Commissioners will give full employment to these officers in connection with Village Relief Works, &c., assigning definite localities which they should inspect. A report should be submitted to this office at once, specifying the work thus assigned to each.

5. Mr. Bapu Rao and Mr. Srinivas Rao may, in addition to other work as above, be employed on work connected with advances for Irrigation wells.

6. The Forest officers now placed under the Deputy Commissioners will continue to draw their present Forest salaries and allowances, doing however, the Revenue and Executive work of Probationary Assistant Commissioners.

7. The Superintendent of Revenue Survey will be requested to report what officers he will be able to lend to the Deputy Commissioners at the close of the present working season, say, on or about 1st July next.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 11th March 1892.

READ:—

Letter No. 3420—805, dated 29th February 1892, from the Deputy Commissioner, Kolar District.

With reference to your letter No. D. 169, dated the 18th instant, regarding the scheme for the relief of Weavers in this District, I have the honor to state that there being no merchants here willing to advance money to indigent Weavers, the advances have to be granted by Government, and as such advances will be made on the security of the looms or houses or both (as the case may be) of the parties concerned, the Government money will be safe and recovered in due time.

2. The cloths turned out by the Weavers will be purchased through the medium of respectable merchants who have consented to dispose of them for Government for cost price, receiving a small commission varying from Annas 8 to Rupee one per cent for their trouble, and the Weavers themselves, from whom the purchases are made, will be bound down by a mutchalika to buy back the articles, on return of a good season, for the prices paid by Government therefor, if they remain unsold. This latter precaution has been considered necessary, not only as an additional guarantee for the resale of the articles at cost price, but also to act as a check against the owners demanding exorbitant prices for their cloths, though the same will be fixed with the help of one or two Municipal Commissioners having experience in this line of business.

3. The merchants, through whom the purchases are to be effected, will be allowed the option of having the custody, till resale, of the cloths they undertake to sell for Government, provided they furnish tangible security to the extent of the value of such cloths, and the original owners will also be afforded every facility to arrange for the disposal of the goods while in the custody of Government or the commission merchants.

4. It may thus be seen that the arrangements made are in essence the same as those in Bangalore.

No. D. 235, DATED BANGALORE, 11TH MARCH 1892.

ORDER THEREON.—The procedure recommended in the above for granting relief to indigent Weavers in the town of Kolar, is approved, on the understanding that the Deputy Commissioner will satisfy himself from time to time that the advances given at no time exceed the value of the cloths retained as security.

Diary (of which an Abstract is given below) of Mr. H. V. Nanjundaiya, Sub-Judge on special duty, for the week ending 20th February 1892, received with docket No. 3368—796 dated 29th idem.

ABSTRACT.

1. Wells in 14 villages were inspected by the Special Officer, besides those inspected by the Amildar and the Tank Inspector.

2. Seventeen loans were granted during the week in the Sidlaghatta Taluk, of which 7 were for the construction of as many new kapile wells, 8 for the improvement of 13 old kapile wells, and 2 for the construction of 5 new yatam wells. The total amount sanctioned during the week was Rs. 2,900, of which Rs. 1,225 were paid on account of the 1st instalment. The period allowed for repayment ranged from 5 to 15 years.

3. The special officer brings to notice that, in a number of cases, the well sought to be improved was in Government kharab land out-side the limits of the raiyat's holding, that in some cases the raiyat seemed to have encroached upon the well not originally his, and that in others the Survey Department seemed to have wrongly numbered the well as a separate kharab

number, and he observes that though in the majority of such cases, the raiyat might have acquired a prescriptive right to the use of the water in the well, yet it was not considered safe to advance money in any of them, as the security of a well situated in land not in the applicant's holding could not be deemed sufficient. The Deputy Commissioner has called upon the Amildar to report the number of Government wells included in private property without authority.

4. One of the Hoblis of the Taluk (Basettihalli) remained uninspected. As however Rs. 3,000 had already been granted in the Taluk, the Amildar was asked to inspect and report only a few more cases where loans were urgently needed for new wells.

5. The special officer next proceeded to the Bowringpet Taluk after ascertaining that Mr. Doraswami Iyer, who had been granting loans in the Kolar Taluk, would take up that taluk completely.

No. D. 236, DATED BANGALORE, 11TH MARCH 1892.

ORDER THEREON.—The Deputy Commissioner should take proper steps to ensure uniformity of system in the grant of advances for irrigation wells which are being given by several officers during the exigences of the present season. The periodical report sent by the special officer should embrace the operations of the entire District and contain also the Deputy Commissioner's remarks where called for.

2. The above Rule should be followed in other Districts also.

Under-Secretary.

No. D. 237, DATED BANGALORE, 11TH MARCH 1892.

ORDER THEREON.—The establishment, temporarily for 6 months, of 2 Bamboo Depôts at the places named in the above, is sanctioned as a relief measure.

2. A sum of Rs. 1,000 will be placed at the disposal of the Deputy Commissioner, Kolar District, from the Forest Budget, and the charges incurred adjusted in the Forest Working Charges bill.

3. It is hoped that no expenditure will actually be incurred without a corresponding result, for it is feared that the people for whose relief these Depôts are intended may not avail themselves of them to the extent anticipated or proportionate to the contemplated expenditure.

Report (of which an Abstract is given below) on the condition of the Hassan District for the week ending 20th February 1892, received from the Deputy Commissioner of Hassan.

ABSTRACT.

1. CROPS HARVESTED.—The dry crops were all harvested in the Hassan, Arsikere and Channarayapatna Taluks. Ragi and paddy were being thrashed in the Arkalgud Taluk. In the Arsikere Taluk, Bengal-gram in wet fields was ready to be cut.
2. STANDING CROPS.—Paddy in the Manjarabad Taluk, Bengal-gram and sugar-cane in the Belur Taluk, and sugar-cane, paddy, onions and garlic under wells in some parts of the Channarayapatna Taluk were in good condition. Haralu in the Holé-Narsipur Taluk might yield about a 4 anna crop.
3. PRICES.—Prices had slightly fallen in the Arkalgud and Holé-Narsipur Taluks, and were stationary in the other Taluks.
4. FODDER.—Sufficient in Hassan, Manjarabad, Belur and Arkalgud Taluks. Available for 2 or 3 months in the Holé-Narsipur Taluk. Difficulty experienced in the Channarayapatna Taluk, where some of the raiyats were selling away their cattle in santés or weekly markets.
5. WATER-SUPPLY.—Not sufficient in parts of the Hassan, Arsikere, Arkalgud and Holé-Narsipur Taluks.
6. GENERAL CONDITION.—People find sufficient work. In some parts of the Holé-Narsipur Taluk, the working classes were desirous to have large works started near their villages. Small-pox prevailed in the Hassan and Belur Taluks.

Returns (of which an Abstract is given below) of the progress of Relief Works started, and of drinking water wells sanctioned, in the Chitaldroog District, for the fortnight ending 31st January 1892, received with docket No. 560—532, dated 26th February 1892, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

RELIEF WORKS.—Seven works were in progress at the commencement of the fortnight, all in the Hiriyur Taluk. 5 more were started during the fortnight, *viz.*, 1 in the Jagalur Taluk, 2 in the Davangere Taluk and 2 in the Molakalmuru Taluk. The number of coolies on these works not reported. Amildars ordered to furnish this information in future returns. The amount spent on these works during the fortnight, (excluding the sum of Rs. 34—12—8, spent previously on the 7 works in the Hiriyur Taluk) was Rs. 118—9—6. The largest amount spent on any one work was Rs. 24 (Malgondalli tank, Davangere Taluk), and the smallest Rs. 2—12—0 (Devasandra tank, Molakalmuru Taluk). The wages were for each adult male 2 annas, for each adult female and for each child 1 anna 4 pies. Coolies on all the works complained of insufficiency of the wages, but it is explained that the rates were fixed with due regard to the prevailing prices of ragi or jola in strict accordance with relief principles. The works were all carried on on the Amani system and were in the charge of Patels aided by Shanbhogs. The Patels were managing the works satisfactorily.

II. DRINKING WATER WELLS.—Sixteen wells were ordered to be deepened at an estimated cost of Rs. 3,749, and 24 to be newly constructed at an estimated cost of Rs. 6,890 All remained under construction at the end of the fortnight.

No. D. 251, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—The returns submitted are incomplete as they do not show the number of coolies employed on the works. The Deputy Commissioner is requested to report at an early date, for insertion in the return No. 1, the number of coolies on each work on the last day of the fortnight.

2. As regards the question of wages, the Deputy Commissioner is referred to the orders issued in Proceedings No. 178, dated 19th February 1892.

3. The Government are glad to note that the Patels have given satisfaction in the management of the works. It is hoped the Shekdars and Amildars inspected the works as directed in the Dewan's Memorandum No. D. 26, dated 12th December 1891.

4. It is not known what number (if any) of wells were sanctioned prior to the period for which this return is submitted. The Deputy Commissioner is requested to submit a statement showing the number and cost of such wells, if any.

5. It is noted that the estimated cost of deepening some of the wells is very high; for instance, the cost of deepening a well in the Holalkere Taluk was Rs. 524, while the cost of constructing a new one in the same Taluk was Rs. 420.

Returns (of which an Abstract is given below) of the progress of Relief Works started and of drinking water wells sanctioned, in the Chitaldroog District, for the fortnight ending 15th February 1892, received with docket No. 560—532, dated 26th February 1892, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

I. RELIEF WORKS.—In addition to the 12 works referred to in the return for the previous fortnight, 8 works were started during the fortnight under review, *viz.*, 1 in the Davangere Taluk and 7 in the Challakere Taluk. But on 6 out of the 7 works in progress in the Hiriyur Taluk, no coolies came to work during the fortnight, and no amount was therefore spent. The number of coolies employed on the last day of the fortnight is not reported. The total amount spent during the fortnight was Rs. 309—14—8, which, with the sums spent in previous fortnights, makes up a total of Rs. 463—4—10. The largest amount spent on any one work during the fortnight was Rs. 61—7—0 (Avargere tank, Davangere Taluk) and the smallest amount Rs. 3—0—8 (Marikunte tank, Challakere Taluk). The rates of wages were the same as in the previous fortnight, and there was again the complaint of insufficiency. The new works started were also placed in the charge of Patels, and carried on on the Amani system. The Patels were managing the works satisfactorily.

II. DRINKING WATER WELLS.—The deepening of 9 wells at an estimated cost of Rs. 1,069, and the construction of 6 new wells at an estimated cost of Rs. 1,634 were sanctioned during the fortnight, in addition to the 40 wells referred to in the return for the previous fortnight. The deepening of one well at an actual cost of Rs. 200 was completed during the fortnight, and 54 wells remained under construction at the end of the fortnight.

NO. D. 252, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—The attention of the Deputy Commissioner is drawn to the remarks made in Proceedings No. D. 251, dated 17th March 1892.

2. The cost of deepening old wells was in some cases nearly equal to, if not more than, the cost of constructing new wells. It is noted that, in the course of one month, only one out of 25 old wells the deepening of which was sanctioned, was fully deepened. The progress cannot be considered satisfactory. The deepening or sinking of these wells should be pushed on with vigor if they are to be of any use in this season of drought.

Diary (of which an Abstract is given below) of Mr. B. G, Krishnaiengar, Assistant Commissioner, on Special duty, for the fortnight ending 22nd February 1892, received with docket No. 893, dated 23rd idem, from the Deputy Commissioner, Tumkur District.

ABSTRACT.

Mr. Krishnaienga , after staying at Bangalore from the 7th to the 11th February, visited the Taluks of Tumkur, Kunigal and Gubbi.

He notes the instructions he received personally from the Dewan regarding Gerse wells and wells under large tanks, namely that though it was not generally desirable to grant loans for them, yet in exceptional cases loans might be granted when the value of the lands was not less than the amount of loan, and the well was necessary for the upkeep of arecanut gardens, &c.

Eleven loans aggregating Rs. 2,920 were sanctioned in the Tumkur Taluk

In the Kunigal Taluk, there were only 9 applications in spite of the repeated attempts of the Amildar to induce people to avail themselves of the advantages afforded by the rules. Only 4 borings had been made and these too were not successful. The applicants were told to deepen them further.

The Amildar of Kunigal explained that the soil in that Taluk was not suited for irrigation wells, that raiyats preferred dry cultivation to wet cultivation, and that except under the Amrutur tank, wet lands had no value, whereas dry lands were worth Rs. 100 to 300 per acre.

In the Gubbi Taluk, 7 loans amounting to Rs 1,850 were sanctioned. Here too there was very little demand for irrigation wells. The loans sanctioned were for the support of gardens, existing or proposed.

A large number of garden holders asked for loans for removing silt from the wells in their gardens, which were mostly large pits or Hondas not faced with stone. No loans could be given under the rules for removing silt, but the peculiar circumstances of arecanut gardeners who were under the necessity to employ labor as the silt was an accumulation of years, but were unable to do so in this season as the arecanut crop was poor and its value reduced, deserved special consideration. The applicants would repay the loans in 4 or 5 years and pay interest at the rate of 4 or 5 per cent.

The Deputy Commissioner states that loans equal to three-fourths of the value of the gardens to be pledged may be sanctioned.

Mr. Krishnaiengar has noted the satisfactory progress of the Nidavalalu relief work, the need for relief works at Udder Hoskere, Idakanhalli and Satenhalli, and for a drinking water well at Muganayakanhalli, and the request of the inhabitants of Tyagatur for the repair of their tank as a relief work. The Deputy Commissioner states that the relief work at Somalapur is within 2½ miles from Udder Hoskere and Idakanhalli, that he has ordered the Satenhalli tank work to be started, that he is in communication with the Amildar regarding a drinking water well for Muganayakanhalli and will do the needful, that the restoration of the Tyagatur tank was, after some correspondence, abandoned by the Chief Engineer, and the lands under the tank were being assessed at dry rates, and that Tyagatur is within 3 miles from the relief work at Somalapur.

No. D. 254, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—**Mr. Krishnaiengar has not realized the gist of the Dewan's remarks to him in the matter of Gerse wells. The Dewan considers it inexpedient that advances should be given for Gerse wells "in exceptional cases when the value of the lands is not less than the advance and the well is necessary for the upkeep of the arecanut gardens, &c."**

2. Mere Gerse wells are temporary constructions for which no advance should be given, but the conversion of a Gerse well into a *pakka* well, that is to say, the replacement of the Gerse facing, so liable to rapid decay by permanent stone-facing, is a work for which advances should be given. This kind of work is one of permanent utility, provided of course the spring promises to be permanent also, and is one which should be encouraged. An immediate report should be submitted as to whether any advances have been given for mere Gerse wells, and if so, their number, amount and other particulars.

3. The proposal to give advances for removing silt from, and deepening, water-holes for the benefit of gardens will, like the grant of loans for mere Gerse wells for the same purpose, demoralize the garden owners and make them look to Government for help in simple matters which are well within their own means. It is quite unnecessary, and indeed undesirable, for Government to help garden owners in the way proposed. In a season of widespread and long drought, it would be a proper measure of relief to help garden owners to save their gardens, but the circumstances do not call for any such measure at present. This was pointed out to Mr. Krishnaiengar by the Dewan in the conversation to which he refers.

4. Advances to garden owners to *improve* their gardens cannot come under the Irrigation Well Rules, but may come under the Land Improvement Rules if tangible improvement will be the direct result of the expenditure of the advance. There is a wide difference between "improvement" and "mere maintenance" to which the Deputy Commissioner's special attention is drawn.

Diary (of which an Abstract is given below) of Mr. H. V Nanjundaiya, Sub-Judge on Special duty, for the week ending the 5th March 1892, received with docket No. 3553—844, dated 11th idem, from the Deputy Commissioner, Kolar District.

ABSTRACT.

The Special Officer inspected wells in 12 villages in the Bowringpet Taluk during the week in question.

2. The following statement shows the particulars of loans granted during the week by the several officers in the Kolar District :—

Taluks in which Loans were granted.	Officers by whom granted.	No. of Loans granted.	Description of Wells.					Amount of Loans sanctioned.	Amount paid on account of 1st instalment.	Period allowed for repayment.
			New Kapile wells.	Old Kapile wells.	New Yeta wells.	Old Yeta wells.	Total.			
Bowringpet ...	Sub-Judge, Special duty ...	16	7	3	6	...	16	2,440	955	5 to 20 years.
Kolar ...	Treasury Assistant Commissioner ...	5	...	...	3	2	5	750	375	7 to 12 years.
	Total	21	7	3	9	2	21	3,190	1,330	

3. The Special Officer complains of the non-receipt of lists of existing wells called for by him so long ago as 19th December 1891, to enable him to see where new wells were urgently required in this season, and he suggests Government calling for quinquennial returns of wells and other sources of water-supply in each village in the accompanying forms taken from pages 94—96, Hopes' Manual of Accounts, 3rd edition. The Deputy Commissioner observes that the suggestion is a good one and may be adopted.

4. With reference to the Deputy Commissioner's remarks on the last diary in regard to the Special Officer's direction to Taluk officers to inspect certain wells, the Special Officer explains that the work of inspection was merely divided in order to economise time and not trouble as he believed he had to go to other Taluks soon, and that as other officers are now engaged in other Taluks he is doing the whole inspection himself. The Deputy Commissioner states that he made the remarks referred to as Amildars had onerous and multifarious duties to perform.

5. The Special Officer brings to notice the difficulty for drinking water in the village of Havehalu. The Deputy Commissioner has called for an estimate for a "*Wadé*" well.

No. D. 255, DATED BANGALORE, 18TH MARCH 1892.

ORDER THEREON.—The Diary will be recorded.

2. The suggestion of the Special Officer (referred to in para 3 of the Abstract above) about obtaining quinquennial returns of wells is a good one, but before passing final orders on the subject, the Dewan will be glad to peruse Hopes' Manual of Accounts referred to by the Special Officer. Mr. Nanjundaiya is requested to send that book to this office for reference.

3. The Special Officer's remarks referred to in paras 4 and 5 of the Abstract above, are noted.

The following report on the condition of the Mysore District for the fortnight ending the 29th February 1892, received with No. 1095, dated 10th March 1892, from the Deputy Commissioner of Mysore:—

REPORT.

STATE OF CROPS.—*Standing Crops*—Sugar-cane, mulberry and paddy under some tanks are in good condition; black and green gram have been sown under channels. Bengal-gram and cholam in tank beds of the French Rocks Sub-Division Taluks are in good condition, those in the Nanjangud Taluk are reported to be withering and those sown in Bandikere tank bed in the Chamrajnagar Taluk were washed away by the rains of the 16th instant.

SUPPLY OF FOOD GRAINS AND FODDER.—Markets are sufficiently supplied. Some of the tanks in the District named in the margin received a small quantity of water from the rains during the fortnight, and wells have been sanctioned for places where scarcity of water is felt.

T. Narsipur.
Gundlupet.
Chamrajnagar
Nagamangla.

FODDER.—Getting scarce. Cattle have been allowed to graze in Amrut Mahal kavals and State Forests.

PRICES.—The prices of ragi, cholam and horse-gram have slightly fallen.

DEMAND FOR LABOR.—Slack, and works of Public Works Department in progress have not attracted as many coolies as they could employ. In Purigal and Halagur Hoblis of Malvalli Taluk, a few tanks have been taken up as Village Relief Works. Relief Works have been ordered to be commenced for the drier portions of the Gundlupet, Chamrajnagar and Nanjangud Taluks to meet any casual demand for labor.

GENERAL CONDITION OF THE DISTRICT.—Good, except Ganjam where cholera prevails. During the fortnight there were 19 attacks and 10 deaths. Every endeavour to keep the town clean and to prevent the spread of the disease has been made.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 18th March 1892.

ABSTRACT.

1 STATE OF CROPS.—Kadle was harvested in parts of the Nagamangala Taluk, the out-turn being 6 annas. The standing crops of sugar-cane, paddy and mulberry are in good condition Kadle, dhaniya and jola sown in beds of tanks are thriving; tilling of lands for manurial crop in the Seringapatam Taluk below channels, going on.

2. SUPPLY OF FOOD GRAINS —Markets well supplied in all Taluks by imports and local stock

3. SUPPLY OF WATER.—Wells have been supplied in all Taluks where difficulty for water was reported to exist. The improvement of existing wells and Hondas was also attended to.

4 FODDER.—The local stock, augmented by purchases from channel villages, sufficient in all Taluks. Date leaves used in parts of Nagamangala. Three Amrut Mahal kavals thrown open in the Krishnarajpete Taluk.

5. PRICES —There was a slight fall in the prices of both rice and ragi in the Seringapatam and Nagamangala Taluks and in the price of ragi in the Malvalli Taluk.

6. DEMAND FOR LABOR.—Still slack in all the Taluks.

7 GENERAL CONDITION.—Fair. In Purigal and Halagur Hoblis of the Malvalli Taluk, a few tanks have been taken up as Village Relief Works.

The following report on the condition of the Tumkur District for the fortnight ending the 29th February 1892, received with docket No. 930, dated 8th March 1892, from the Deputy Commissioner of Tumkur —

1. HARVEST.—The dry crops and the Kartik paddy fully harvested. Out-turn about 4 to 6 annas.

2. STANDING CROPS.—Vaisakha paddy under wells in fair condition, and those under tanks not doing well Sugar-cane under tanks and jolam and Bengal-gram in tank beds generally failing, though jola in some of the tank beds in the Tumkur Taluk is reported to be in fair condition.

3. FOOD GRAINS.—Markets well supplied. Prices stationary.

4. FODDER.—Gradually becoming scarce.

5. WATER.—Water scarcity beginning to be felt. Many wells in various parts of the District are being sunk by Government.

6. DEMAND FOR LABOR.—Demand for labor is not yet very great.

7. GENERAL CONDITION.—There is grain in the District. The raiyat class are pretty comfortable and hopeful. Only the landless feel the distress. Relief Works have been started for their benefit. I have worked them out precisely on the lines indicated by Government and found that the system inculcated by Government is very popular, very easy to work out and extremely satisfactory to the people.

ABSTRACT.

1. HARVEST.—Has been completed excepting jolam, which is still being harvested in a few places.

2 STANDING CROPS.—Those in tank beds are declining in most places, but are in good condition in some. The general condition of the Vaisakha paddy is good.

3. SUPPLY OF FOOD GRAINS.—Markets continue to be supplied in abundance. Prices stationary.

4. FODDER.—Procurable with difficulty. Leaf fodder largely used.

5. GENERAL CONDITION.—Cooly classes are well off. Employment on private works procurable extensively. There is no demand for labor on Government Relief Works.

Letter No. 934, dated 9th March 1892, from the Deputy Commissioner, Tumkur District, reporting that the wages paid to coolies on Relief Works in the Kunigal Taluk are 4 annas per man and 2 annas per woman per day, and that, when work is taken on the task system, the coolies are paid one rupee for 8 cubic yards of earthwork, which is calculated to be equivalent to 4 annas per man and 2 annas per woman per day.

No. D. 258, DATED BANGALORE, 18TH MARCH 1892.

ORDER THEREON.—The wages paid in the Kunigal Taluk, as reported in the above, are too high. The Deputy Commissioner's attention is drawn to the wages paid in the Chitaldroog and Kolar Districts (*vide* Proceedings Nos. D. 168 and 178, dated 16th and 18th February 1892, respectively). It appears to the Dewan that the very high wages given, and not exceptional drought or distress, account for the large numbers flocking to the works started in the Kunigal Taluk. The daily wages (where such are paid and not where the task system is in force) should therefore be reduced so as to be uniform with those given in other Districts, but the change should be made gradually. The tasks should be light and easy and well within the capacity of the ordinary villager, and *not* such as may be suitable for professional laborers such as Waddars.

ABSTRACT.

The Special Officer inspected wells in 8 villages in the Bowringpet Taluk. He directed th Sheristadar of the Taluk to inspect wells in 4 villages. With reference to this the Deputy Com missioner observes that, if the inspection of the wells is to be done by the Amildar and hi subordinates, there is hardly anything for the Special Officer to do.

2. The statement furnished by the Special Officer includes the loans granted by the Treasur and the General Assistant Commissioners and the Deputy Commissioner as shown below :—

Taluk in which Loan were granted.	Officers by whom granted.	No. of Loans granted.	Description of Wells.					Amount of the Loan sanctioned.	Amount to be paid on account of the instalment.	Period allowed for repayment.

The Special Officer brings to notice the insanitary state of Urigam and the difficulty experienced there for drinking water and observes that the inhabitants, who are well-to-do, should provide themselves with drinking water and that the Gold Mining Companies should provide healthy drinking water for their coolies. The Deputy Commissioner states that the companies have taken up the question.

The Special Officer also brings to notice the request of the inhabitants of Urigam and other villages for the repair of Gokattes. The Deputy Commissioner notes that there are many wells in that locality, and that they have probably run dry now.

No. D. 259, DATED BANGALORE, 18TH MARCH 1892.

ORDER THEREON.—Much disparity is noticed in the terms for repayment as sanctioned by the various officers. The Government are of opinion that the work done by Mr. Nanjundaiya during the week is not as large in quantity as a Special Officer with no other duty should be able readily to accomplish by active travelling and diligent enquiry.

Report (of which an Abstract is given below) on the condition of the Chitaldroog District for the fortnight ending the 29th February 1892, received with docket Camp No. 44, dated 5th March 1892, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

1. RAIN-FALL.—Forty cents at Hosdurga and 20 cents at Holalkere on the 17th February. But the rain was untimely and was good neither for the standing crops nor for future agricultural operations.

2. HARVEST.—Bengal-gram and white jola were harvested generally in all the Taluks; also sugar-cane in the Chitaldroog and Davangere Taluks: and cotton, castor seed and chillies in the Jagalur Taluk. The out-turn of the crops harvested during the fortnight was estimated at from 4 to 8 annas in the Chitaldroog Taluk, 1 to 6 annas in the Davangere and Holalkere Taluks, 2 to 4 annas in the Jagalur Taluk and 1 to 4 annas in the Hiriyur, Challakere and Molkalmuru Taluks.

3. STANDING CROPS.—Those under tanks, wells and streams were in a good condition. White jola was withering everywhere except in Saguvali kattes and tank beds. The other dry crops (Bengal-gram, cotton, &c.,) were also withering except in the Chitaldroog and Holalkere Taluks, where they were in a fair condition.

4 SUPPLY OF FOOD GRAINS.—Generally sufficient. Ragi and jola were exported from the Jagalur, Holalkere and Davangere Taluks.

5. PRICES.—There was a fall in the price of ragi at Chitaldroog, Challakere, Davangere, Holalkere and Hosdurga, and it was most appreciable at Holalkere, where the price went down from 22 to 28 seers a rupee. In other places, there was no material change.

6. FODDER.—Very scanty in the Taluks of Hiriyur, Challakere and Molkalmuru and the Sokke Hobli and parts of the Bilchod and Kasaba Hoblis of the Jagalur Taluk. Date and Kamara leaves used, the straw of the crops harvested being reserved for the Kapile bullocks and the better sort of ploughing bullocks.

7. WATER SUPPLY.—Generally sufficient except in parts of the Hiriyur Taluk.

8. DEMAND FOR LABOR.—There is no general demand yet. Harvest work still available in the black soil tracts. The construction of irrigation wells and Saguvali kattes, for which loans have been granted, gives employment to a large number of coolies.

9. RELIEF MEASURES.—Five more Relief Works started, details concerning which would be found in the Fortnightly Progress Report. Rs. 242-4-0 worth of cloths were purchased from the weavers at Molkalmuru.

10. GENERAL CONDITION OF THE PEOPLE.—Continues to be good. Cholera had broken out in some of the villages of the Davangere Taluk. Steps taken to prevent its spreading.

MEMORANDUM.

With reference to the Proceedings of Government Nos. D. 224 and 232, dated the 6th instant, the following arrangements are made regarding the duties to be performed by the several Assistant Commissioners attached to this District:—

1. Mr. Venkata Rao, Treasury Assistant Commissioner, to do the current duties of the Deputy Commissioner's Office, submitting to the Deputy Commissioner only such papers as require his special orders.

2. Mr. Syed Amir Hasan, General Assistant Commissioner, and Messrs B. Srinivasa Rao and B Ramaswamaiengar, Extra Assistant Commissioners, to be in charge of the Taluks noted against their names in the margin, and to perform the duties specified below:—

Mr. Syed Amir Hasan.—The Taluks of Davangere, Jagalur and the Bharmasagar and Turanur Hoblis of the Chitaldroog Taluk, which adjoin the above two Taluks.

Mr. B. Ramaswamaiengar.—The Taluks of Hiriyur and Holalkere and the Kasaba and Guntanur Hoblis of the Chitaldroog Taluk, which adjoin the above two Taluks.

Mr. B. Srinivasa Rao.—The Taluks of Challakere and Molkalmuru.

(1) To inspect all Village Relief Works and drinking water wells in progress in the taluks in their charge, at least once every month.

(2) To inspect as many Irrigation wells and Saguvali kattes as possible for which loans have been granted in the taluks in their charge, and to see that the work done to each well or katte is promptly measured up, and that steps are taken for making further advances to the applicants without delay.

(3) To see that the work of making advances to distressed weavers is properly carried on by the Amildars.

(4) To investigate applications for loans for Saguvali kattes when the amount of the loan applied for exceeds Rs. 200, and to submit such applications for the orders of the Deputy Commissioner.

(5) To investigate applications for Irrigation wells and submit the same for the orders of the Deputy Commissioner after Mr. B. G. Krishnaiengar has left this District.

(6) To suggest measures of relief in places where they may be found necessary

(7) To submit weekly diaries to the Deputy Commissioner reporting briefly the work done in connection with the matters above enumerated.

READ AGAIN THE FOLLOWING PAPERS:—

From the Under-Secretary to the Dewan, To the Inspector General of Police in Mysore, No. D. 233, dated Bangalore, 11th March 1892.

Information has been received that a dacoity of a serious nature has recently been committed in a remote frontier village in the Bagepalli Taluk, and it is probable that during the continuance of the present season of high prices, similar offences will be attempted in other border taluks. It appears therefore necessary to take special precautions on our Northern and Eastern frontier until a change occurs in the prospects of the season. It is of course impossible to guard the whole frontier, but a judicious distribution of armed Police-men in commanding situations on the frontier must have a deterrent effect upon such depredations. I am therefore directed to request your attention to the subject and a report of action already taken or about to be taken for the prevention of daring crimes in frontier taluks.

2. I am also to inquire if the British Police is co-operating with ours in the detection of the particular dacoity referred to above, or whether a reference to the Residency is necessary on the subject.

From the Inspector General of Police in Mysore, To the Chief Secretary to the Government of Mysore, No. 3350—367, dated Bangalore, 16th March 1892.

I have the honor to acknowledge receipt of your Office No. D. 233 of the 11th instant, and to report as follows.

2. The Shimoga Special Reserve Force was called out for frontier duty sometime ago and is now engaged in patrolling the Sorab, Shikarpur and Honnali frontier.

3. The Head-quarter Police School in Bangalore was closed on the 15th January last, as it was deemed inadvisable to withdraw men from taluks in the present season and the School Inspector, who is well acquainted with the Chitaldroog frontier, was deputed with a small force for frontier duty in that District.

4. In connection with the recent dacoity in Pesalparti, Bagepalli Taluk, I instructed the Deputy Commissioner, Kolar, to push on 20 of the local men to the frontier. He reports having done so. The Superintendent of Police, Kolar, who is now scouring the frontier will see to the distribution of these men. I have despatched 21 Special Reserve Constables from Bangalore to do duty in Kolar Town in place of those sent to the frontier. I have also forwarded 20 guns with ammunition for the use of frontier Police.

5. The Deputy Commissioner, Kolar, writes that the Police Superintendent, Kolar, has duly arranged for the co-operation of the officers of the adjoining British Districts in tracing the offenders concerned in the Pesalparti dacoity and preventing further crimes on the frontier.

Letter No. 943, dated the 12th March 1892, from the Deputy Commissioner, Tumkur District.

I have the honor to report that I have inspected all the Relief Works in the Kasaba Hobli of the Tumkur Taluk. Considering that the works were taken in hand only a month ago, I think that the quantity of work done is great. Three tanks, *viz.*, those at Bhimasandra, Adlapur and Honnenahalli will be finished by the end of this month. The quality of the work is also good. The cost of the work is not unreasonable when compared with that of the works in the vicinity in charge of the Public Works Department. For instance, in our Adlapur Tank, the rate is 10 cubic yards per rupee, while in the adjoining Mallasandra Tank of the Public Works Department, it is 7 cubic yards per rupee. Taking on an average 2 annas per cubic yard, 6 annas worth of more work is done on the former than on the latter for every rupee. This is all the result of the policy inculcated by the Government of getting all the Relief Works done through the agency of the Village Patels. Further, the pits excavated are invariably larger than the fixed dimensions and the coolies earn from 3 to 4 annas per day per man and 2 annas per day per woman.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd March 1892.

2. I can get the stone and masonry works executed to all the Relief Tanks, if an Assistant Engineer or an Apprentice Engineer, or at least an experienced Supervisor is kindly given me. I pray for early orders in the matter. Meanwhile I will be doing stone and masonry works to two of the above tanks, *viz.*, Adlapur and Honnenahalli. If the stone and masonry work is not done immediately after the earthwork is finished, the latter work may get spoilt.

3. I have arranged with the raiyats to turf the rear slopes of these tanks soon after it rains. They have very willingly promised to do it. Their willingness proceeds from the fact that the restoration of their tanks is entrusted to their Patels and that the work is being done for their benefit.

4. The Shekdar of the Tumkur Hobli is of the 3rd Class, getting only 10 Rs. He has been obliged to maintain a pony to enable him to inspect the works in his charge constantly. He is a Vakkaliga by name Puttaya. As he has been doing his inspection work well, I recommend him for an allowance of Rs. 2-8-0 per mensem from the 1st February 1892, as per Clause E of para 6 of the Government Order No. D. 26, dated 12th December 1891.

No. D. 267, DATED BANGALORE, 23RD MARCH 1892.

ORDER THEREON.—The Government are glad to see that the Deputy Commissioner takes such a hopeful view of the policy as regards Relief Works, as is described in para 1 of the letter above read.

2. The proposal that stone and masonry work to tanks may be carried out by the Revenue authorities does not seem necessary as yet.

3. The question of granting horse allowances to Shekdars is under consideration.

Reports (of which an Abstract is given below) on the condition of the Shimoga District and the Sagar Sub-Division for the fortnight ending 29th February 1892, received with docket No. 969—920, dated 4th March 1892, and Memo, dated 12th March 1892, respectively, from the Deputy Commissioner, Shimoga.

ABSTRACT.

STATE OF CROPS.—All the crops in the Tirthahalli Taluk, sugar-cane and ragi in the Nagar Taluk, ragi and paddy in the Sorab Taluk and sugar cane in the Honnali Taluk had been harvested. Sugar-cane was being harvested in the Shimoga and Sorab Taluks, ragi in some parts of the Sagar Taluk and Bengal-gram in the Kumsi Sub-Taluk. The standing crops, Bengal-gram, green gram and jola in the Shimoga Taluk, sugar-cane and kar paddy in the Channagiri Taluk, paddy in the Sagar Taluk and avare, kadle, &c., sown in paddy fields in parts of the Sorab Taluk were in a fair condition. In the Shikarpur Taluk, the condition of crops was the same as that reported in previous weeks, *viz.*, paddy estimated at 1 to 4 annas in 4 Maganis and 4 to 8 annas in 6 Maganis, dry crops at from 4 to 12 annas in all the Maganis except Belandur, and sugar-cane at 8 annas. In the Channagiri Taluk, the dry crops, castor seeds, tobacco and cotton were withering. In the Nagar Taluk, kar paddy was being sown.

SUPPLY OF FOOD GRAINS.—Abundant in the Taluks of the Sagar Sub-Division and sufficient or fair in the other Taluks.

PRICES.—That of rice ranged from 8 seers in the Shikarpur Taluk to 18 seers in the Kumsi Sub-Taluk. It was stationary in the Channagiri, Shikarpur and Tirthahalli Taluks, going down in the Shimoga and Sorab Taluks and rising in the Honnali, Sagar and Nagar Taluks. That of ragi ranged from 16 to 25½ seers. It was stationary in the Shimoga and Sorab Taluks and went down in all others. That of jola ranged from 15 to 24 seers a rupee. It went down in the Taluks of Channagiri, Honnali and Shikarpur. The prices of ragi and jóla were most favorable in the Channagiri Taluk, and the Amildar of that Taluk is stated to have reported that there was no cause for apprehension.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd March 1892.

FODDER SUPPLY.—Sufficient in the Taluks of Sorab, Sagar and Tirthahalli, and fair in the Taluks of Nagar, Shimoga and Honnali. In the Channagiri Taluk, the supply is sufficient to last from 2 to 6 months, and in the Shikarpur Taluk for 3 or 4 months. A small number of cattle is said to have been brought to the Taluks of the Sub-Division from the Maidan Taluks.

WATER SUPPLY.—Generally sufficient except in parts of the Shimoga, Channagiri, Honnali and Shikarpur Taluks.

GENERAL CONDITION.—Fair. People find employment. The Sub-Division Officer states that no relief works are required for the next 2 or 3 months.

Cholera was prevailing in the Shikarpur Taluk and parts of the Sorab Taluk, and fever in parts of the Sagar Taluk.

No. D. 268, DATED BANGALORE, 23RD MARCH 1892.

ORDER THEREON.—Recorded. It is noted with satisfaction that in the Channagiri Taluk, where in a former return it was reported that the supply of food grains was not sufficient, the prices are very favorable and there is no cause for anxiety.

The following report on the condition of the Kolar District for the fortnight ending the 29th February 1892, received with No. 3525—836, dated 9th March 1892, from the Deputy Commissioner of Kolar :—

1. RAIN-FALL.—Twelve cents at Kolar and 30 cents at Sidlaghatta on the 29th February 1892

2. STATE OF CROPS.—Crops generally withering for want of water. Jola and paddy crops under wells are thriving well. Bengal-gram and jola cultivated in the beds of tanks are withering in some places for want of sufficient moisture, and are in others in a good condition.

   Ragi is being thrashed, and sugar-cane mills are at work

3. SUPPLY OF FOOD GRAINS.—Markets generally well supplied

4. WATER-SUPPLY —Difficulty in this respect more or less general. Wells are dug to meet the want wherever practicable.

5. FODDER SUPPLY.—Has become scanty. Leaves of trees, aloe stumps and prepared prickly-pear are used as fodder for cattle, while goats are fed on bantakalli (a species of prickly-pear) in parts of Srinivaspur Sub-Taluk.

6. PRICES.—Steady.

7. DEMAND FOR LABOR.—Coolies still find employment on private works such as the collection of Amarayi produce, manufacturing of jaggory, &c.

   Relief works are in progress in affected parts

   Totis, Talavars, and Nirgantis with Holeyars and Madigars are employed in the Amani collection of Tangadi bark.

8. GENERAL CONDITION.—No change in prospects during the fortnight.

The following report of the Officer in charge of the Chikballapur Sub-Division on the condition of the Sub-Division for the same period, received with the above .—

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd March 1892.

CROPS.—There has been no change in the condition of the Sub-Division during the fortnight. Sugar-cane crushing is all but over. Sugar-cane is being planted. The dry crops have been or are being thrashed. The jola crops under wells with good springs are thriving. Jola and Bengal-gram sown in tank beds have not come to much. Bengal-gram has thriven better than jola which, where it has not withered, will only afford fodder for cattle.

2 SUPPLY OF FOOD GRAINS AND PRICES.—The markets are fairly well supplied. There is no complaint anywhere of deficiency of supply. The prices are stationary and have even improved in some places. The improvement, which is due to the influx of new grain, is not expected to last long.

3. WATER-SUPPLY.—Water-supply is getting more and more scanty. In some villages, people have to go to a distance for water. Wherever wells can be sunk, they have been sanctioned. In most villages of the Bagepalli Taluk, owing to the stony nature of the soil, wells cannot be sunk.

4. FODDER.—Fodder is diminishing. Stall fed cattle are all right. Village cattle which depend on natural fodder are suffering.

5. DEMAND FOR LABOR.—People as yet do not seem to resort to our works as largely as might be expected. In the different works of the Bagepalli Taluk, including the Gudibanda Range, about 200 persons are employed per day on the Relief Works. The precise number will be intimated when the Taluk fortnightly reports are received. The Railway and other large Public Works are not resorted to. The Executive Engineer has asked for the help of the Amildars of Chikballapur and Goribidnur for coolies for carrying on the large tank work of Srinivasasagar.

6. GENERAL.—The condition of the people does not appear to be bad. Men, women and children seem to be well fed. Though there is anxiety, there is no stir among the population. There is more difficulty than usual in collecting the khists.

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Government of Mysore, No. 943, dated 11th March 1892.

With reference to Government Order Camp No. D. 49 of the 23rd December 1891, sanctioning Rs. 300 for sinking a fresh water well at Bethlur in the Tumkur Taluk, I have the honor to report that the well was completed to-day. I went and saw it. It is 47 feet deep, 4 feet long and 3 feet and 3 inches wide. It is revetted with stones throughout. There is 13 feet of good potable water in it. It is a matter of great convenience to the villagers, who are extremely pleased with it. They had no water there, the only mud well of the village having dried up.

No. D. 273, DATED BANGALORE, 25TH MARCH 1892.

Diary (of which an abstract is given below) of Mr. H. V. Nanjundaiya, Sub-Judge on Special duty, for the week ending 12th March 1892, received with docket No. 3625—862, dated 16th idem, from the Deputy Commissioner, Kolar District.

ABSTRACT.

Wells in 11 villages in the Bowringpet Taluk were inspected by the Special Officer during the week.

The number and amount of loans sanctioned during the week were as follows :—

Taluk.	By whom granted.	No. of Loans.	Description of Wells.					Amount sanctioned.	Amount paid as 1st instalment.	Period allowed for
			New kapile.	Old kapile.	New yatam	Old yatam.	Total.

Total.....	...	18	3	1	10	4	18	2,725	1,020	...

The Special Officer notes that up to the 12th March 1892 a sum of Rs. 30,405 had been sanctioned by him, and Rs. 4,920 by other officers, in the Kolar District, and that he would require Rs. 3,000 more for the Bowringpet Taluk and Rs. 5,000 for each of the taluks of Srinivaspur, Chintamani and Bagepalli, and he asks that the requisite amount be placed at his disposal. The Deputy Commissioner notes that he has applied for a further grant of Rs. 30,000.

The Special Officer having noticed that there was great scarcity of drinking water at Muduguli, the Deputy Commissioner has called for early submission of an estimate for deepening the well there.

No work was being done at the Toppanhalli Relief Work as many of the coolies had gone for the Kamasandra fair. A Brahmin who was one of the coolies on that work, employed in levelling the earth thrown on the bund, complained of the Patel having lately declined to employ him, and the Patel explained that the man would not regularly attend to work.

No. D. 275, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—The sum of Rs. 30,000, applied for by the Deputy Commissioner was sanctioned in Proceedings No. D. 248, dated 17th March 1892. The Deputy Commissioner should so allot the grant as to enable the Special Officer to dispose of all deserving applications in the taluks to which he is going and to obviate as far as possible the necessity for his going to those taluks a second time.

The Deputy Commissioner should inquire into the case of the individual whom the Patel in charge of the Toppanhalli Relief Work refused to employ. That a man does not attend regularly is no ground for not employing him on days on which he comes to work. Nothing short of incorrigible idleness can justify refusal to afford employment. The spirit of the instructions conveyed in the Dewan's Memo No. D. 27, dated 13th December 1891 should be impressed on this and other Patels.

The closing of a Relief Work in the absence of some or many of the coolies seems to be objectionable. The Relief Works ought to be kept open on all days and such of the old coolies as are present, as well as new applicants should be given employment.

No. D. 276, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—With the letter above cited, the Deputy Commissioner, Kadur District, submits a list of Village Relief works of an estimated cost of Rs. 4,870 for the Chikmagalur, Kadur and Tarikere Taluks of his District. He says that these works are not immediately required as sufficient labor is not available even for the several Public Works Department works now in progress, but that they may be wanted in the event of the next rains failing.

With the exception of the two well works named on the margin, which may be executed by the Deputy Commissioner from the allotment from District Funds at his disposal, the programme of Village Relief works of an estimated cost of Rs. 4,470 is sanctioned. A sum of Rs. 2,000 will at once be placed at the Deputy Commissioner's disposal for starting any of the works in the programme when the need therefor actually arises.

Returns (of which an Abstract is given below) of the progress of Relief Works and Drinking Water wells in the Tumkur District for the fortnight ending 14th February 1892, received with docket No. 948, dated 15th March 1892, from the Deputy Commissioner of Tumkur.

ABSTRACT

I. VILLAGE RELIEF WORKS.—Twenty-eight tank works estimated to cost Rs. 19,603 were started, and up to the end of the fortnight a sum of Rs. 2,642—11—9 was spent upon them The number of coolies at work on one of them (Hoskere Chikkere, Maddagiri Taluk) has not been reported, but it was probably small as the amount spent on that work was only Rs. 10—10—0. The number of coolies on the remaining 27 works at the end of the fortnight was 1,333 and they were distributed as follows :—

Taluk.	No. of Works.	No. of Coolies.				Amount spent.		
		Men.	Women.	Children.	Total.			
Tumkur	10	175	97	10	282	633	13	0
Chiknayakanhalli ...	3	92	42	...	134	163	14	0
Pavagada	2	33	30	...	63	191	14	2
Kunigal	8	436	116	...	552	1,459	8	6
Turuvekere (Sub-Taluk) ..	4	126	172	2	302	183	0	1
Maddagiri	1	...	...	...	...	10	10	0
	28	864	457	12	1,333	2,642	11	9

The number of works at which the coolies exceeded 50 in number, was nine, of which 5 had between 50 and 100 coolies, 3, all in the Kunigal Taluk, between 100 and 200, and 1, namely Dasihalli, Turuvekere Sub-Taluk, over 200.

The coolies that attended the 27 works belonged to nearly 99 different villages, each work thus serving 3·5 villages The villages were generally within 3 miles from the respective works, excepting four, which were situated at a distance of 4 miles from them.

The return gives no information regarding the arrangements made for the execution of the Hoskere Chikkere work referred to, and it is not stated whether the 3 works in the Chiknayakanhalli Taluk were carried on on the Amani system or the contract system. The other works were all on the Amani system. Three works (namely Byalkere in the Chiknayakanhalli Taluk, Agsarkatte, Pavagada Taluk and Balankatte at Tumkur) were in the charge of a Shekdar, a Shanbhog and a Head Cooly, respectively. The others were in charge of Patels, acting singly or in conjunction with others.

The task system is said to have been followed and it is stated that a male cooly earned from 3 to 4 annas per day and a female cooly 2 annas per day. Wages were sufficient.

The Deputy Commissioner notes that the inspection of the works was satisfactory.

II. AMANI CULTIVATION.—This was done in the beds of the Tumkur Tank and of 2 others in the Tumkur Taluk. A sum of Rs. 298—14—0 was spent on the former, and Rs. 17—6—0 on the latter. The rates of wages paid were 4 annas for each male and 2 annas for each female or child.

III. DRINKING WATER WELLS.—The construction of 22 new wells at an aggregate estimated cost of Rs. 4,490 and the deepening of 16 old wells at an aggregate estimated cost of Rs. 899, were sanctioned. Of those, one new well in the Tumkur Taluk,

was completed at a cost of Rs. 100 and 29 wells old and new were under construction. Eight wells out of the number sanctioned had not yet been taken on hand. The distribution of the wells was as follows:—

	New Wells.		Old Wells.	
	No.	Cost.	No.	Cost.
Tumkur Town	2	1,435	...	...
Do Taluk	4	253	2	85
Chiknayakanhalli Taluk	11	819	2	154

Total.. ..	22	4,490	16	899

No. D. 278, dated Bangalore, 25th March 1892.

Order thereon.—The Deputy Commissioner should have satisfied himself that the return submitted to this office was complete and accurate. The omissions noted above should be supplied as early as practicable.

2. Every endeavour should be made to complete the Drinking Water wells sanctioned by the Deputy Commissioner at an early date.

The following report on the condition of the Hassan District for the fortnight ending 15th March 1892, received from the Deputy Commissioner of Hassan:—

Crops harvested.—Ragi and togare, in the Belur Taluk, Bengal-gram in Arsikere Taluk, ragi and paddy in Arkalgud Taluk are being stored. In Arkalgud Taluk, the out-turn of paddy and ragi would be about 14 annas and horse-gram from 4 to 6 annas.

Standing Crops.—Paddy in Manjarabad Taluk, paddy, sugar-cane, onions and garlic in Channarayapatna, Bengal-gram in Arsikere and Grama Sub-Taluk, kar-paddy in Holé-Narsipur Taluk are reported to be thriving well. Bengal-gram crop in Channarayapatna Taluk partially failed. The kar-paddy in Holé-Narsipur Taluk is estimated at 8 anna crop.

Food Grains.—The markets in the District are well and fairly supplied and the Taluks are well stocked with grains.

The prices of grains are as follow:—

Rice from 8 to 10 seers	per rupee.
Ragi from 20 to 24 seers	do
Horse-gram from 12 to 14 seers	do

Large quantities of rice from Alur Santé are being exported to other Taluks of the Province and elsewhere.

FODDER FOR CATTLE.—Is available except in parts of Arsikere, Channarayapatna and Holé-Narsipur. In Arsikere Taluk, date leaves are being used. Green grass is generally scarce.

WATER SUPPLY.—There is no difficulty for water and where there is, arrangements are made for sinking wells. In Hiresave and Shravana Belagola Hoblis, there was a shower of rain which brought water to the Kattes from 2 to 4 weeks' supply.

CONDITION OF CATTLE.—Generally good, but *kal-jora, bai-jora* and marrain prevail in parts of Hassan, Arsikere and Belur Taluks.

GENERAL CONDITION OF THE PEOPLE.—Good. But small-pox prevails generally and particularly in Hassan, Belur and Arsikere Taluks.

RELIEF OPERATIONS.—Necessity for opening Relief Works has not yet arisen. Laborers are holding off from going in large numbers to D. P. W. works now in hand.

The following report on the condition of the Kadur District for the fortnight ending the 15th March 1892, received from the Deputy Commissioner of Kadur :—

STATE OF CROPS.—The few standing crops, *viz*, jola, sugar-cane and cotton in the Maidan, and coffee, arecanut and kyade paddy in the Malnad, are generally in a fair condition. The standing crops in Maidan are in need of water.

2. SUPPLY OF FOOD GRAINS.—Markets were fairly supplied with rice and ragi. The sources of supply are said to be sufficient to meet the general demand till next May.

3. SUPPLY OF WATER.—Good in Malnad, but very scanty in the Maidan where much difficulty is beginning to be experienced. Well works sanctioned from District Funds are in progress and sanction is applied for more.

4. FODDER FOR CATTLE.—Generally good in Malnad but scanty in the Maidan. A few of the Maidan herds have been sent to the Malnad. The fodder in the Government Kavals now thrown open to the public is very scanty. Jola stalks being imported into Kadur Taluk from Ajjampur.

5. Rise and fall of food grains —

Grain.	Present Fortnight. Seers per rupee.		Past Fortnight. Seers per rupee.

Ragi	... 16 to 24	...	... 13 to 20
Gram	... 12 to 14	...	... 12 to 15

Prices slightly better.

6. DEMAND FOR LABOR.—There is no demand for relief; in fact coolies are leaving coffee plantations and arecanut gardens under the impression that they can get Relief Works nearer their homes, and want of labor is a general complaint amongst the Planters just now. The Amildars are ordered to discourage the coolies from leaving the Malnad as much as possible.

7. CONDITION OF THE DISTRICT.—Generally good. Small-pox is prevalent in parts of Chikmagalur and Mudgere Taluks as also cattle disease in the latter.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 25th March 1892.

READ:—

Returns (of which an Abstract is given below) of the progress of Drinking water wells sanctioned up to 15th February 1892, and of Relief Works started up to the 30th January 1892, in the Kolar District, received with dockets Nos. 3543—842 and 3637—867, dated the 10th and 17th March 1892, respectively, from the Deputy Commissioner of Kolar.

ABSTRACT.

1. VILLAGE RELIEF WORKS.—The following table shows the number of works started, the estimated cost thereof, the amount spent on them up to 30th January 1892 and the number of coolies working on them:—

	Number of Works.	Estimated Cost.	Amount spent.			Number of Coolies.			
						Men.	Women.	Children.	Total.
			Rs.	A.	P.				
Kolar Taluk	2	2,000	414	12	1	102	56	15	173
Chintamani Taluk	9	3,680	921	5	9	143	132	7	282
Srinivaspur Sub-Taluk	4	1,650	472	6	5	91	54	5	150

Total	32	17,255	3,462	2	5	618	531	53	1,202

The works were all carried on on the Amani system and were in charge of Village Patels.

The wages paid were annas 2½ or 2¼ for a male cooly, annas 1½ for a female cooly and 1 anna for each child.

The Deputy Commissioner observes that the management and supervision of the works are efficient, and that the wages paid are at present considered sufficient.

2. COLLECTION OF TANGADI BARK AND REMOVAL OF PRICKLY PEAR.—No outlay was incurred on these during the period in question.

3. DRINKING WATER WELLS.—The number of these sanctioned up to the 15th February 1892 was as follows:—

	New wells.	Estimated Amount.			Deepening old wells.	Estimated Amount.		
		Rs.	A.	P.				
Kolar Taluk	3	800	8	0	5	883	0	0
Bowringpet do	5	833	0	0	0	0	0	0
Chintamani do	3	993	0	0	0	0	0	0
Srinivaspur Sub-Taluk	1	40	0	0	1	110	0	0
Mulbagal Taluk	5	885	0	0	2	400	0	0
Chikballapur do	1	142	0	0	1	25	0	0

Malur do	2	810	0	0	2	187	0	0
Total ...	22	4,817	8	0	11	1,595	0	0

Out of the 33 wells sanctioned, the deepening of one in the Kolar Taluk at a cost of Rs. 68-6-0 was completed. All the rest remained under construction.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 25th March 1892.

No. D. 281, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—The returns submitted are not for one and the same period, the statement for Relief Works being up to 30th January and that for Drinking water wells up to 15th February 1892.

2. The names of the villages to which the coolies belong are not stated in respect of the works in the Chintamani and Bagepalli Taluks. The coolies who came to the remaining 16 works belonged to 63 different villages, which shows that each of these works served on an average 4 villages. The distance of the villages noted against the Viratimmanahalli Tank, Srinivaspur Sub-Taluk, from that tank work is not stated. The other villages were at very short distances from the respective works, only 2 being at a distance of 2 miles. Future returns should be submitted complete without any omission.

3. The Government note with satisfaction that the management of Relief Works by Patels has been satisfactory in the Kolar District.

4. The Drinking water wells sanctioned by the Deputy Commissioner should be completed as soon as possible.

Under-Secretary.

READ THE FOLLOWING PAPERS:—

From the Deputy Commissioner, Shimoga District, to the Chief Secretary To the Dewan of Mysore, No. 1015—965, dated 18th March 1892.

Has the honor to forward herewith for the information of Government copy of Sagar Sub-Division Officer's letter No. 132, dated 15th instant, and to state that the undersigned concurs generally in the views of the Sub-Division Officer.

From the Sub-Division Officer, Sagar, To the Deputy Commissioner, Shimoga District, No. 132, dated 15th March 1892.

I have the honor to state that in my recent tour of inspection in the Sorab Taluk, I inspected almost all the villages of the Maidan portion of the Anavatti and Jade Hoblis. I also visited some villages of the Shikarpur Taluk, bordering on the former Hobli.

2. The prospects of the season, excepting in a few villages bordering on the Hangal and Koda Taluks of the Dharwar District, are very favorable. They have had almost full crops both in dry and wet lands, the least estimate being twelve annas. The same may be said as regards the villages of the Shikarpur Taluk bordering on Anavatti Hobli.

3. Some twenty villages of the Hiré-Chowti, Anavatti and Tavanandi Maganis of the Sorab Taluk and two or three of the Shikarpur Taluk bordering on Hirekerur have suffered to some extent. The wet crops in these villages being on an average three annas, and dry a little more than four annas. These villages are situated almost in one group to the north and north-east of Anavatti adjoining the villages of the Dharwar District. Even in some of these villages, taking individually, the dry crop was good and it may be estimated at 10 annas.

4. The supply of drinking water both for human beings and cattle is good. Of course, it is not so abundant as in a good year, but yet there is no reason to complain on the subject. In these parts, the drinking water is stored in "Hondas." Every village has a "Honda" or two, and these contain from three to six months' supply. In villages in which these reservoirs get dry, there will arise real difficulty, but the probabilities are against such a contingency.

5. The pasture in the village jungles is plentiful. In the event of its failure the adjoining jungle tracts of the Malnad villages will afford ample relief to the cattle of this small tract.

6. The prices of food-grain are not very high. Rice which is the staple food-grain is now sold from 8 to 10 seers per rupee, the price in an average year being 14 to 16. Javari and ragi are sold from 17 to 19 per rupee. From a careful local enquiry, I learnt that there is at least two years' supply, in store, in the country.

7. Although this tract is called Maidan, it is not so thickly populated as an average Hobli of Maidan Taluks in Tumkur or Chitaldroog District. There are very few laboring classes. The labor is so scarce as to induce the raiyats, to always import it from outside. Owing to scarcity in the adjoining Dharwar District, an unusually large number of laboring classes have immigrated into these parts, which raiyats consider a great advantage to themselves. The Maidan laborers who have temporarily settled here find ample work and their employers find cheap labor Thus the advantages are mutual. In ordinary times, the wages of an adult field

laborer are annas four and a seer of rice with condiments. Now owing to influx of laborers, the labor is much cheaper. These facts clearly show that our people are not in need of relief. For the most part, the so called landless classes of the Malnad in general are in reality the tenants, and however severe the scarcity might be, their land-lords afford them every possible relief. In the famine of 1876-78, I was informed that no relief works were found necessary. The Assistant Engineer in charge of the Range informed me that he finds it very difficult to get labor for the ordinary public works in progress in these parts.

8. The general opinion is that if next south-west monsoon were to prove a failure, we might be involved in a severe form of distress or famine and relief works may then be found necessary. There are numerous minor tanks throughout the country, and relief works might be opened in different centres. I shall be watching the prospect of season and take needful action when there is an occasion for it. For the present, however, nothing is needed and if there are any in need of work, they will find in sufficient quantity if they resort to ordinary public works which are in progress in the vicinity of the Hoblis.

The following report on the condition of the Bangalore District for the fortnight ending 15th March 1892, received with docket No. 30, dated 16th idem, from the Deputy Commissioner of Bangalore

Report.

Rain-fall.—A very partial and scanty shower of rain reported as follows, during the fortnight :—

Bangalore Taluk	...	...	10 cents on the 1st March
Kankanhalli Taluk	...	..	10 do do
Anekal do	...	...	4 do do

State of Agriculture and Crop.—Sugar-cane being sown in a few parts of Closepet, Devanhalli and Anekal Taluks where a little water is still available. The cane is still being milled in parts of Anekal, Devanhalli, Closepet, Kankanhalli and Dodballapur Taluks. Bengal-gram in two tank beds in Closepet reported to have come to bearing; they withered elsewhere.

Water-supply.—Water in all the wells is rapidly going down. Some are fast drying up But new ones are being sunk. Distress for water is felt throughout. Very little water left in the Hirikere, Budigere and Gudavanhalli tanks, Devanhalli Taluk; Gubbadi, Lingaiyanakere and Tataguppe tanks, Kankanhalli Taluk; Hesaraghatta and Hongasandra tanks, Nelamangala Taluk; and Makanhalli tank, Dodballapur Taluk.

Public Health.—Generally good. Small-pox and fever prevail to some extent in Magadi and Devanhalli Taluks.

Fodder and Condition of Cattle.—Cattle are generally emaciated for want of fodder. "Dodroga" is stated to prevail in parts of Anekal Taluk. Out-look bad.

Food Grains.—Markets well supplied. Prices favorable owing probably to the Revenue collections being enforced which tends to bring greater supply of grains to markets.

REPORT.

STANDING CROPS.—Sugar-cane and Mulberry are being harvested to a limited extent and the cane has withered away to a great extent in Closepet Taluk.

Water melons in the beds of Honganur and Waddarhalli tanks and kadle in the bed of Garnkahalli tank are being harvested.

PRICES OF FOOD GRAINS.—Rice sold at 8 seers a rupee at Channapatna, and the prices elsewhere are stationary.

WATER SUPPLY.—The scarcity is much felt. Drinking water wells are being sunk.

FODDER.—Scarce. Cattle fed on date leaves in the Kankanhalli Taluk, and in Magadi, they are taken to jungles for pasture.

PUBLIC HEALTH.—Small-pox and fever prevalent in Magadi.

DEMAND FOR LABOR.—There is a stock of ragi with the villagers. No demand for labor. Coolies are employed on works started by the Public Works Department.

Letter No. 1091, dated 9th March 1892, from the Deputy Commissioner, Mysore District.

No. D. 285, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—With the foregoing letter, the Deputy Commissioner of Mysore submits a programme of Village Relief Works for the Taluks comprised within the French Rocks Sub-Division, which is the only affected tract in his District at present. He promises to submit a similar programme for the other Taluks in the District at an early date.

2. The programme now submitted provides works for the French Rocks Sub-Division, of an aggregate estimated cost of Rs. 88,675, including earthwork and stone and masonry work. The work to be done on village tanks in the present season is chiefly earthwork, as persons with no knowledge of professional labor of any kind have to be employed on them. The lists submitted by the Deputy Commissioner do not give the estimated cost of the earthwork for most of the works in the programme except in the case of the Malvalli and Krishnarajpet Taluks, and even there the cost of earthwork on the Murkanhalli and other tanks have not been given. This information should be supplied at once.

3. The Dewan is satisfied that the works have been carefully selected with due regard to their utility and their distance from the villages which they are intended to serve. The programme is accordingly sanctioned, but the estimated cost of it will be specified when the Deputy Commissioner gives the cost of earthwork as ordered above.

4. A sum of Rs. 10,000 will be at once placed at the disposal of the Deputy Commissioner of Mysore for opening such works as may be immediately required for village tank works within the limits of the French Rocks Sub-Division.

5. A good number of works are in progress in the Sub-Division under the agency of the Public Works Department. The Deputy Commissioner should be careful not to open Village Relief Works in places in the vicinity of which works under the Public Works Department are in progress.

[* NOTE.—These figures are entered in this office as showing the daily average attendance, the number in attendance on the last day of the fortnight not having been given.]

On 4 of the works of the Chintamani Taluk and on 2 of the Srinivaspur Sub-Taluk, on which sums varying from Rs. 4 to Rs. 211 had been spent in the previous fortnights, no coolies attended to work during the fortnight under review, and hence no outlay.

On 6 of the works in the Malur Taluk and on 3 in the Gudibanda Sub-Taluk, no coolies came to work on the last day of the fortnight, though the sums spent on them showed that they were under progress during the fortnight. On 2 other works of the Malur Taluk, there was but one cooly on the last day and on another only 3 coolies.

On the Bangavadi Chikkere, Kolar Taluk (which had been started in the previous fortnight) 11 coolies were at work at the end of the fortnight under report, but there was no outlay during the fortnight.

The works were mostly in charge of Patels and were all carried on on the Amani system. There was no change in the rates of wages. These were considered sufficient. The management and the supervision of the works were satisfactory.

I. COLLECTION OF TANGADI BARK.—A sum of Rs. 33—8—5 was spent on this in the Kolar and Chintamani Taluks and the Gudibanda Sub-Taluk during the fortnight under report. The wages paid were 3 annas per maund of green bark and 6 annas per maund of dry bark.

Diary (of which an Abstract is given below) of Mr. B. G. Krishnaiengar, Assistant Commissioner, on Special duty, for the fortnight ending 12th March 1892, received with docket No. 603—571, dated 17th idem, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

1. After staying at Bangalore from the 23rd to 27th February, Mr. Krishnaiengar visited parts of the Tiptur Taluk, the Huliyar and Hosdurga Sub-Taluks and the Holalkere and Davangere Taluks.

2. He explained the Irrigation well rules to the Patels and raiyats of several Hoblis of the Tiptur Taluk, and also to the raiyats of the Huliyar Sub-Taluk. The former were previously not well acquainted with the rules, but after hearing the same explained, some of them evinced a wish to take advantage of the rules. The Acting Amildar was asked to interest himself in the matter and have applications ready by the time Mr. Krishnaiengar came there in the early part of April. In the Huliyar Sub-Taluk no applications were made for loans for wells, but some asked for loans for Saguvali kattés and the Deputy Amildar promised to enquire into their cases.

3. In the Hosdurga Sub-Taluk the borings were not successful excepting two, and the applicants said they would prefer to avail themselves of the scheme next year as they were not able to cart stones this year. Saguvali kattés having been applied for, Mr. Krishnaiengar inspected those at Honnenhalli, and informed the Deputy Commissioner. The latter officer states that he has granted some of the applications and referred others for further investigation to the Deputy Amildar.

4. Loans for Irrigation Wells were sanctioned during the fortnight in the Holalkere and Davangere Taluks as follows :—

	Number of Wells.	Amount sanctioned.	Amount advanced as 1st Instalment.		
		Rs.	Rs.	A.	P.
Holalkere...	14	3,950	1,062	8	0
Davangere	15	3,350	1,900	0	0
Total...	29	7,300	2,962	8	0

5. The following sums were advanced on account of 2nd instalment:—

Hiriyur Taluk	..	...	Rs. 275
Davangere Taluk	...	...	„ 250.

6. Mr. Krishnaiengar notes that in 6 villages of the Hiriyur Taluk, 87 men and 115 women were working daily on the well works.

7 He states that the condition of men and plough cattle in the Taluks through which he passed is good, that even the smaller cattle, except in parts of Davangere, are not altogether bad, that there is a sufficient water-supply, the new Irrigation Wells having removed the difficulty in many parts, that there is no demand for relief works in any of these taluks as the few that need work get it on Saguvali kattés and wells, that though many relief works are kept open, people have not taken advantage of the same, that everywhere there is ample supply of food grains, and that those who have no stock of their own are freely helped by their more favored friends and relations, who have not as yet lost confidence in them and expect to be repayed on the return of better seasons He adds that this state of things might continue till the end of April.

8. There was difficulty for drinking water at Mattigatta which is a halting place, midway between Honnavalli and Huliyar. A good well sunk there would be of use to the villagers and travellers

ORDER THEREON.—Recorded.

2. The attention of the Deputy Commissioner of Tumkur is drawn to the remarks made regarding the difficulty for drinking water at Mattigatta.

3. The condition of the people, as it appears from Mr. Krishnaiengar's diary (*vide* para 7 of the abstract above), is satisfactory.

ABSTRACT.

I. VILLAGE RELIEF WORKS.—The returns are *nil*. Only the Honnali and Channagiri Taluks contain affected tracts. Sanction for the required number of works was obtained and orders given to start them when necessity arose. There was no demand for employment on them. Local coolies did not resort to even the Public Works Department works started in the Channagiri Taluk. The Overseer wished to import labor but was not allowed to do so.

II. DRINKING WATER WELLS.—The number sanctioned was:—

	No. to be deepened.		New wells.
Honnali Taluk ...	2	(Hondas) ...	11
Channagiri Taluk ..	2	...	1

All were under progress. In the former Rs. 75 out of an estimated amount of Rs. 3,900, and in the latter Rs. 293—6—0 out of an estimated amount of Rs. 650, had been spent.

No. D. 293, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—Statement No. 1 need not be submitted unless any Relief Works have been actually started by employment of laborers.

2. Wells under construction should not be shown in the column "Completed" in Statement No. 2. The progress in the construction of drinking water wells, as shown in the above, is not satisfactory. The provision of Drinking Water wells in tracts suffering from want of them is a matter of paramount importance, and should not be considered in the light of relief works, to be undertaken only when there is a demand by the people for labor. These Drinking Water wells should be constructed as fast as possible under any circumstances at the cost of Government.

Returns (of which an Abstract is given below) of the progress of Relief Works and Drinking Water wells in the Tumkur District, for the fortnight ending 20th February 1892, received with letter No. 960, dated 20th March 1892, from the Deputy Commissioner of Tumkur.

ABSTRACT.

I. VILLAGE RELIEF WORKS.—1. The following table shows the number of works under progress during the fortnight, the number of coolies on them and the amount spent as compared with the figures for the previous fortnight:—

Number.	Taluks.	Number of Works.		Number of Coolies.				Total Number of coolies in the previous fortnight.	Outlay.

2. Eighteen new works were started during the fortnight, but 3 old ones, namely, 1 in the Tumkur Town, 1 in the Maddagiri Taluk and one in the Turuvekere Sub-Taluk, are omitted in the accounts.

3. On 2 works in the Gubbi Taluk on which Rs. 200 odd were spent during the fortnight, no coolies were working on the last day of the fortnight. The number of works which had over 50 coolies on the last day of the fortnight was 6, of which 4 had between 50 and 100, and 2 a little over 100. The Dasihalli Tank work, which in the previous fortnight had over 200 coolies, had only 25 at the end of the fortnight under review.

4. The distance of the villages from which the coolies came did not exceed 3 miles in any case. The number of such villages was 102. The coolies on most of the works newly started were local.

5. All the works were carried on on the Amani system, except one in the Chiknayakanhalli Taluk (Dugadahalli Tank), concerning which no information is given on this point.

6. The works were all in the charge of Patels, acting either singly or jointly with others, excepting 5; of these latter, 4 were in charge of Shanbhogs.

7. The wages were the same as in the previous fortnight. They were sufficient. The work done was satisfactory.

II. AMANI CULTIVATION OF TANK BEDS.—No outlay on this during the fortnight.

III. DRINKING WATER WELLS.—The following table shows the number sanctioned and the number remaining to be excavated:—

Taluks.	Under construction at the end of previous fortnight.		Sanctioned but not taken on hand at the end of previous fortnight.		Sanctioned during the fortnight under review.		Total Number to be excavated this fortnight.	Number completed.		Remaining under construction.		Not taken on hand.

No. D. 294, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—It is not clear why the three Relief Works shown in para 2 of the abstract above are omitted in the returns. If they were not closed and their omission was due to the fact of no laborers having come to work on them, their names should have been shown in the statement, to complete the list of works actually started and kept open for relief purposes. In the case of such works, the Deputy Commissioner should satisfy himself that there was nothing wanting in the arrangements made for their proper execution.

2. The omission of all information under the head "Whether the work is done on the Amani or the Contract system," as regards the Dugadahalli tank, Chiknayakanhalli Taluk, creates a doubt that the work was perhaps given out on the Contract system. If so, the fact should have been stated in the return and the particulars of the contract should have been reported.

3. The 13 wells which remained under construction in the Huliyar and Turuvekere Sub-Taluks at the end of the fortnight ending 15th February, have not been shown either as completed during the fortnight under review or as remaining under construction at the end of it. The total number of works completed during the fortnight, including those undertaken in previous fortnights, should be shown in column 2 of the Statement No. 2, and similarly the total number remaining under construction, including those begun in previous fortnights should be shown in column 3, so that the return of one fortnight read with those of previous fortnights might show the progress made in regard to the total number sanctioned from the beginning of this season.

4. A correct return in the light of the above remarks should be submitted at once.

Statement (of which an Abstract is given below) of the loans granted for Saguvali Kattés in the Chitaldroog District during the fortnight ending the 15th March 1892, received with docket No 633—598, dated 19th idem, from the Deputy Commissioner of Chitaldroog.

ABSTRACT

The number and amount of loans sanctioned and amount of cheques issued were as follows —

No	Taluk.	Number of Loans.	Amount thereof.	Amount of Cheques issued.
1	Chitaldroog	55	4,425	3,445
2	Davangere	37	2,840	2,090
3	Jagalur	24	1,870	1,295
4	Holalkere...	9	630	530
	Total.....	125	9,785	7,360

Including the sums of Rs. 4,475 and 2,925 sanctioned and paid up to the end of February 1892, the total amount of loans sanctioned was Rs. 14,260 and the total amount of cheques issued Rs 10,285

No. D. 295, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—The progress made in the grant of loans for Saguvali Kattés in the Chitaldroog District is satisfactory. More loans should be given as fast as possible so that the new and improved Saguvali Kattés may be in a fit condition to retain water during the next rains.

2. The Deputy Commissioner should report at once what arrangements he has made for ascertaining the actual progress made in the repair of old Saguvali Kattés or the construction of new ones for which loans have been granted. The Deputy Commissioner should also permit every Assistant Commissioner under him, and especially the Extra Assistant Commissioner newly appointed, to grant loans for Saguvali Kattés in the Taluks visited by them on other duty.

The number of coolies mentioned against the Taluks of Bowringpet, and Bagepalli and the Sub-Taluks of Srinivaspur and Gudibanda is the daily average for the fortnight compiled from weekly reports received, and not the actual number on the last day of the fortnight. The Taluk officers concerned did not submit the returns in the form prescribed in spite of reminders sent. They have been strictly warned against recurrence of such delays.

The works were mostly in charge of Patels. The wages paid were the same as those reported in the previous Return, except that a head cooly was paid at the rate of 3 annas a day. They were considered sufficient. The management and supervision of the works were efficient.

Diary (of which an Abstract is given below) of the Sub-Judge on Special duty in the Kolar District, for the week ended 13th February 1892, received with docket No. 3226—778, dated 19th idem, from the Deputy Commissioner, Kolar District.

ABSTRACT.

Wells were inspected in about 24 villages and 18 loans were sanctioned, *viz.*, 13 in Goribidnur Taluk, 4 in Chikballapur Taluk and 1 in Gudibanda Sub-Taluk. The loans were in 13 cases for the construction of new kapile wells, and in 5 cases for the restoration or improvement of old kapile wells. The total amount sanctioned during the week was Rs. 4,050, of which Rs. 1,310 were paid as first instalment. The period allowed for repayment ranged from 8 to 15 years.

2. Nearly Rs. 5,000 had been granted in the Goribidnur Taluk before receipt of copy of the Deputy Commissioner's remark on last week's diary, that Rs. 10,000 was too much to be advanced in that Taluk. Many cases still remained in the 2 dry hoblis of Dod Maykanpalya and Nagargere, but endeavour was made to lessen the amount as much as possible and the work in that Taluk was closed with a total of Rs 7,000.

3. Mr. Nanjundaiya observes that the Tank Inspector should be able to supervise the work done by recipients of loans, and that the Amildar also should pay more attention to this work than he has hitherto been able to do.

4. He notes also that though 95 applications had been presented in the Sidlaghatta Taluk, yet the trial wells, &c., had not been inspected either by the Amildar or by the Sheristadar.

No. D. 297, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—Recorded.

2. The attention of the Deputy Commissioner is drawn to the matters referred to in paras 3 and 4 of the abstract above.

MUZARAYI.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 14th March 1892.

MUZARAYI.

No. M. 562—3, DATED BANGALORE, 14TH MARCH 1892.

ORDER.—On the 17th June 1884, Mr. Rice, the Educational Secretary, brought to the notice of the Dewan the difficulty felt by some of the Sanskrit students prosecuting their studies in the Sanskrit College at Bangalore, in obtaining food owing to their indigent circumstances and recommended that they might be provided with food and accommodation at the Government Anna Chattram at Bangalore. The Dewan ordered that the matter might be referred to the City Municipality for disposal, as the Chattram was in their management. Thereupon, the Municipal Board at their meeting held on the 29th July 1884 passed a resolution to the effect that, a few students, not exceeding ten in number who were in need might be allowed to be fed in the Chattram. But no effect appears to have been yet given to this resolution. A Muzarayi grant of Rs. 800 per annum is allowed to the Chattram in addition to an annual grant of Rs. 763—5—0 from the Municipal funds. Many poor student who are not the permanent residents of Bangalore, prosecute their studies in the Sanskrit College, and it is represented that they who till now depended upon the bounty of a few well-to-do persons at the place experience much difficulty in obtaining food owing to the present season of scarcity.

2. In these circumstances, Government desire that the Deputy Commissioner, Bangalore District, will make arrangements to provide 15 deserving students of the College, with food daily in the Government Anna Chattram at Bangalore, out of the Muzarayi annual grant of Rs. 800 until further orders.

3. The President of the Sanskrit College will be requested to forward to the Deputy Commissioner of Bangalore, a list showing the names of 15 poor students deserving of encouragement.

Secretary.

READ:—

The following Memorandum, dated 19th March 1892, from the Superintendent of Muzarayi :—

"I inspected the temple at Sivaganga on the 16th instant, and find that its affairs are hopelessly mis-managed. The Priest of the Sivaganga Matt, who is in charge of the temple and its property, is unable to control the temple servants; neither is he able to collect the revenue of the Inam villages forming the temple endowments. The result is, the worship is not properly conducted and large amount of arrears remain uncollected in the Inam villages. The Priest who is but 20 years old admitted before me (*vide* English translation of his deposition hereto attached) confessing his inability to manage the temple and its endowments and showed great anxiety to be relieved of the charge. He further stated that his position as an ascetic does not admit of this work being performed by him regularly. I give him full credit for this frank confession. In the interests of the temple, I would recommend that the Priest be immediately relieved of the temple charge and the management of the temple and its Inam villages be entrusted to the Amildar of Nelamangala Taluk within whose jurisdiction the temple is situated."

2. I take this opportunity to bring to the notice of the Dewan that the village of Sivaganga and its surroundings are in a very insanitary condition and the main street of the village has been much encroached upon by private parties. This village is much resorted to by people from different parts of the country on account of the important temple and the sacred Hill situated therein. An important festival known as Honnâ Devi Parashe is to come off shortly when thousands of people will congregate at the place. Hence there is urgent need for improving the sanitation of the place. To carry out the necessary sanitary works, an amount of not less than Rs. 500 will be

required. I would therefore request that the Dewan will be pleased to issue orders to the District authorities to put the work in hand at once and carry it out as a Relief work during the present season as early as possible."

[TRANSLATION OF DEPOSITION OF SRISUBRAMHANYA ABHINAVA SACHIDANANDA BHARATISWAMI OF SIVAGANGA MATT TAKEN IN PRESENCE OF THE MUZARAYI SUPERINTENDENT AT SIVAGANGA MATT ON THE 16TH MARCH 1892.]

I have asked for a loan from Government. I want Rs. 30,000. I was installed as Guru of the Matt on Saturday the 1st increase of Moon of Ashadha, Vyaya year. I completed my twentieth year on 4th increase of Moon of Pushya of the year Khara. The Matt property which was for some years under Government management, was restored to my predecessor in 1885. So I am informed. When I was installed as Guru, I was 18 years old.

[Here follows the description and details of debts.]

* * * *

There are some bad characters at this place, both of Sivachar and Brahmin caste. They get up false documents and send me notices. I am in great dread to reside at this place (meaning Sivaganga). It is my wish that arrangements should be made to keep me either at Mysore or at Bangalore for 4 or 5 years in view to enable me to make good progress in education, and also Matt's expenditure should be reduced.

I request that the foregoing facts may be brought to the notice of the Dewan Bahadur, and his orders obtained. The present management of the Matt and temple Inam villages is not in satisfactory condition, and there is therefore a large sum in arrears. We find it difficult to manage these villages. We therefore pray that Government may undertake the management and improve the condition of the Matt. These wishes should be made known to the Dewan Bahadur.

(Sd) Sri Subramhanya Abhinava Sachidananda Bharatiswami.

With regard to the temples on the Sivaganga Hill, of which we hold charge, I am unable to exercise any supervision, being an ascetic or sanyasi. The archik and other service holders of the temple do not perform their work properly. We are unable to punish them. The Archika does not know even his sandhyavandana, and the mantra pushpa Brahmins do not know mantrams at all. They do not even regularly attend the temples. It is mentioned in the Tasdik Patti that Brahmins rendering temple service should get annually 23 pagodas. In lieu thereof, they are now unauthorizedly enjoying the Gangapura village which fetches an income of Rs. 200. They do not pay even the local cess of this village. This village should be resumed for the temple and the amount of Tasdik should be paid to them in cash as laid down in the Tasdik Patti.

No. M. 582, DATED BANGALORE, 19TH MARCH 1892.

ORDER THEREON.—The temple of Gangadharésvaraswami on the Sivaganga Hill in the Nelamangala Taluk is now under the management of the Guru of the Sivaganga Matt in the said village. The temple was restored to the management of the Guru a few years ago and he now requests that Government may for the present at least resume its management.

2. Under such circumstances, Government direct that the temple and Inam villages, &c., attached thereto be placed under the management of the Amildar of the Nelamangala Taluk.

3. The Deputy Commissioner is requested to arrange accordingly.

4. A copy of para 2 of the Muzarayi Superintendent's Memo read above will be forwarded to the Deputy Commissioner, Bangalore District, in a separate communication.

Secretary.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 30th March 1892.

READ :—

Note dated 25th February 1892, by the Chief Engineer and Secretary, Public Works Department, representing the stagnation of promotion in the Engineer Establishment and proposing to remedy the same.

No. 1652-63—254-65, DATED BANGALORE, 30TH MARCH 1892.

ORDER.—Government having duly considered the strong representations made by the Chief Engineer regarding the position and prospects of the Engineers, have decided to adopt the proposals brought forward.

2. From the 1st April next, the following re-distribution of the Executive Establishment will have effect in supersession of the scale sanctioned in order No. 2430-2440—459-469, dated Bangalore, 30th May 1888 :—

2	Executive Engineers,	1st Grade.
2	Do	2nd do
2	Do	3rd do
3	Do	4th do

3. The Chief Engineer will submit his recommendations as to the officers who should receive the 2 steps that thus become available.

4. Further, each Executive Engineer will receive an increment of Rs. 50 per mensem after every 3 years of approved service in the grade in which he stands. This rule will apply to officers holding temporary charge of Divisions, but not permanently graded as Executive Engineers.

5. The scale of Assistant Engineers will remain unaltered, but those of the 1st Grade will receive an increment of Rs. 50 per mensem after every three years of approved service in that grade, and the travelling allowances of this class will be the same as drawn in British India and which obtained prior to Rendition.

6. Supervisors, 1st Grade, will also receive an increment of Rs. 50 per mensem after 5 years' approved service in their grade.

By Order,

C. BOWEN, COLONEL, R. E.,
Secretary to the Govt. of Mysore.
Public Works Department.

To—All Executive Engineers of Divisions in Mysore.
The Examiner, Public Works Accounts, Mysore.
